## **Lunch Line:**

**Class Lives** Chuck Collins, Jennifer Ladd, Maynard Seider, Felice Yeskel, 2014-12-18 *Class Lives* is an anthology of narratives dramatizing the lived experience of class in America. It includes forty original essays from authors who represent a range of classes, genders, races, ethnicities, ages, and occupations across the United States. Born into poverty, working class, the middle class, and the owning class, and every place in between, the contributors describe their class journeys in narrative form, recounting one or two key stories that illustrate their growing awareness of class and their place changing or stable within the class system. The stories in *Class Lives* are both gripping and moving. One contributor grows up in hunger and as an adult becomes an advocate for the poor and homeless. Another acknowledges the truth that her working class father's achievements afforded her and the rest of the family access to people with power. A gifted child from a working class home soon understands that intelligence is a commodity but finds his background incompatible with his aspirations and so attempts to divide his life into separate worlds. Together, these essays form a powerful narrative about the experience of class and the importance of learning about classism, class cultures, and the intersections of class, race, and gender. *Class Lives* will be a helpful resource for students, teachers, sociologists, diversity trainers, activists, and a general audience. It will leave readers with an appreciation of the poignancy and power of class and the journeys that Americans grapple with on a daily basis.

Design thinking fosters innovation, creativity, and even empathy—essential learning for students. Targeted by the biggest meanest fifth grader Shelby Bell along with her two toadies Sierra Bell and Michaela Greevy Maddie is abused, terrorized and robbed of her lunch money every day. As the new kid Maddie is everyone's punching bag. Everyone except for Emmy and Lizzie Bayless fraternal twins who can't be convinced that they are not identical. Principal Bell, Shelby and Sierra's grandfather refuses to stop the bullying, having gone so far as to fire any teacher daring to stand up to his monstrous granddaughters, leaving Maddie's parents with no choice but to call in outside help. The Fae, unbeknownst to Maddie, her great great grandfather performed a tremendous deed for the Fae over a century ago, a debt that can never be fully repaid. Sharing his name, the Fae believe that Maddie is the Namesake, a foretold hero of the Draar werewolf allies of the Fae, and they know that they must do anything to help her. Unfortunately the Fae are once again under threat of constant attack by the Moordenaari, a cabal of evil wizards and Thralls, their possessed human servants. King Matthias can't afford to lose any of his best knights. He can only spare Brigglesby, a surly lout of a Fae who absolutely doesn't want the job. Forced into an oath, Brigglesby returns to Oakley with Maddie bound to help his new charge find the strength she needs to handle her bully problem. What Brigglesby discovers, however, is that Maddie's bullies aren't the worst thing going on in Oakley. Good and evil men and monsters are focused on the little town, and Maddie Cole is right in the center of it all.
