Lust Christian Vandergroot,2018-05-18 Is sexuality so sacred that

God has destroyed entire civilizations that were immoral Sexual perverse practices are everywhere The world lies in sin and in this day and age it may be even harder than ever to escape from it Or is it Sexual conduct and the sanctity of marriage have always been in God s interest and they should be one of our highest priorities as well Society is based on families which are based on marriages and a portion of a successful marriage is based on the sexual relationship between a husband and wife But what about pornography What about homosexuality Or what to say about nudists Is lust really a deadly sin And if so what makes it so serious Moreover how do we avoid temptation and where are the boundaries Lust has caused so much grief so much heartbreak and so many broken homes We cannot underestimate the consequences of infidelity or rushing into a passion without self control Not only do our actions have an impact on ourselves but also on many others around us In this book the author doesn t beat around the bush when he condemns sexually inappropriate behavior false theories or erroneous assumptions At the same time the words emanate a certain understanding to those who struggle with addictions or boundaries He lays it all out clearly and emphatically also focusing on topics such as The difference between lust and love and how to distinguish one from the other Confusing messages and deceitful myths about sexuality debunked including but not limited to nudists gay marriage abortion masturbation pornography or simply sexual fantasies How the devil uses false ideas to mislead us and cause misery A peek into the dark industry of human slavery and the atrocities that happen behind the scenes of porn production Scriptural references to encouragement warnings and stories both from the Old and the New Testament How King David s horrible sin backfired on him big time causing major guilt and losses he didn t consider at the time he committed adultery and murder Entire empires and cities swept away and destroyed because of immoral sins either by nature or by some other people conquering them Why events that happened in Pompeii and the German Love Parade are classic examples of how God tells his people to cease and desist all immoral activities God s perspective on sex and families and how we can interpret the scripture not to commit adultery in our hearts As you read through the examples and the immensity of sexual immorality and its consequences you will see things from a different light Not only can it help you foresee the blessings of chastity and fidelity but in a way you will come to understand the emphasis God places on the means he provided for husbands and wives to unify and enjoy marriage and to bring children into this world The seriousness of this topic will be impressed on your soul as you read through shocking stories ironic consequences and logical yet spiritual theories you will feel are true Don t miss out on these amazing insights and start reading now Click on Add to cart or buy with 1 click

The Seven Deadly Sins David A. Salomon, 2019-03-22 This volume looks at the history of the idea of sin as it has influenced and shaped Western culture Emphasis is placed on an inter and cross disciplinary approach The word sin has come to transcend the theological and enter the common parlance in both media and society This book is an examination of that idea It discusses how the concept of sin evolved through the Middle Ages and into the modern era From religion to politics and from the bedroom to the boardroom a more complete understanding of the history of sin will assist the modern reader in a wide variety of fields This book builds on the work of Gregory the Great to explain each of the so called seven deadly sins pride lust anger gluttony avarice envy and sloth Each chapter provides a close look at the origins and history of that individual sin concluding with a section on contemporary applications of the idea and a case study The central argument is that the concept of sin has been integral to the development of Western society including not only political and religious history but also in extensive aspects of popular culture in the twenty first century The broader but significant issue of intention versus action permeates the study
