Luther's Works Martin Luther,1968 **Luther's Works - Volume 29** Martin Luther,1968-05-10 Luther's Works The American Edition published by Concordia and Fortress Press between 1955 and 1986 comprises fifty five volumes These are a selection representing only about a third of Luther's works in the Latin and German of the standard Weimar Edition not including the German Bible These two lectures were given about a decade apart The first in point of time the Hebrews lectures were delivered in the Theses year 1517 Luther was finishing his lectures on Hebrews when he was summoned to Heidelberg to attend a convention of the German Augustinians order in April 1518 Presumably the Augustinians were to settle the controversy precipitated by Luther in the Ninety five Theses but instead of receiving a rebuke Luther gained a new following at Heidelberg especially among the younger theologians The lectures on Titus and Philemon were given ten years later when controversy and polemics had become a necessary part of Luther's daily routine Then too Luther's commentary shows him to be most deeply concerned about imitating his favorite apostle in preaching effectively and relevantly

The Place of Judas Iscariot in Christology Anthony Cane,2017-07-05 Exploring the significance of Judas Iscariot for Christian theology and the difficult issues surrounding Judas Anthony Cane shows that focusing on the tension between providential and tragic interpretations of Judas in the New Testament and in subsequent writing about Judas is the key to understanding his significance Building on the work of Karl Barth and Donald MacKinnon Cane's argument sheds light not simply on the way Judas is understood but on the way Jesus and the whole economy of salvation are understood This book also highlights implications for the way in which issues relating to anti-Semitism and evil and suffering are most effectively explored **The Reformation and the Irrepressible Word of God** Scott M. Manetsch,2019-05-28 The Protestant

Reformers were transformed by their encounters with Scripture Bringing together the reflections of church historians and theologians delivered at Trinity Evangelical Divinity School these essays consider historical hermeneutical theological and practical issues regarding the Bible revealing that the irrepressible Word of God continues to transform hearts and minds

A Guide to a Year's Readings in Luther's Works George Kraus,1983 The Crux of Theology Allen G. Jorgenson,Kristen E. Kvam,2022-05-20 The title of this book plays upon the central place a theology of the cross holds in Lutheran theologies especially lucid in Luther's Heidelberg Disputation 1518 The 500th anniversary of this document coincided with the 70th anniversary of the Declaration of Human Rights by the United Nations wherein the preamble points to a global aspiration of a common good shaped by freedom justice and peace This book is located at the intersection of these two themes asserting that the cross has material content in being the means by which Christ in suffering solidarity with individuals communities

and the cosmos advances freedom justice and peace Employing a variety of methods and exploring a broad range of geographic locales the contributors illumine the misuse of Reformation themes and offer a corrective in service of a common good that is publicly accountable and theologically sound The book thereby explores how contemporary Lutheran theology has utility both for analyzing injustice and for advancing justice in local as well as global contexts Orthodoxy & Western Culture Jaroslav Pelikan,2005 Jaroslav Pelikan the foremost church historian of the twentieth century is honored by this collection of essays written by his colleagues and former students in honor of his 80th birthday celebration Pelikan himself contributed an autobiographical sketch and the final lecture The Spirit Driven Church Terje Hegertun,2017-06-28 Must the church be either charismatic or sacramental In this book Terje Hegertun argues that she has the privilege of being both The Day of Pentecost formed her identity and shaped her conviction of being lifted on the arms of grace and pushed forward by the power from on high In the midst of her vulnerability and failure the worldwide faith community is a composition of the Spirit One of the greatest gifts the church may offer the world is simply to be church a charismatic sacramental fellowship a dwelling place of God s Spirit A church nurtured by graceful charismatic and sacramental gifts fosters a mature congregational spirituality distinguished by hospitable relations Thus the Spirit of God plays the main role of being the comprehensive principle of Christian unity across denominational lines The Torn Veil Daniel M. Gurtner,2006-12-21 In this 2006 text Daniel M Gurtner examines the meaning of the rending of the veil at the death of Jesus in Matthew 27 51a by considering the functions of the veil in the Old Testament and its symbolism in Second Temple and Rabbinic Judaism Gurtner incorporates these elements into a compositional exegesis of the rending text in Matthew He concludes that the rending of the veil is an apocalyptic assertion like the opening of heaven revealing in part end time images drawn from Ezekiel 37 Moreover when the veil is torn Matthew depicts the cessation of its function articulating the atoning role of Christ s death which gives access to God not simply in the sense of entering the Holy of Holies as in Hebrews but in trademark Matthean Emmanuel Christology God with us This underscores the significance of Jesus atoning death in the first gospel **The Divine Voice** Stephen H. Webb,2012-01-20 Webb offers a carefully and creatively wrought phenomenology of sound showing its relation to the proclamation of God s Word His keen insights on the primordial nature of sound speech and hearing will force theologians to examine once again what it means to be a hearer of the Word Webb masterfully displays the intrinsic relationship between dynamic listening and speech how intent hearing and confident proclamation are intimately conjoined He has the rare gift of combining acute theological insight with a mellifluous readable style The nature of God s own Word here becomes clearer vibrant and tensile life giving in tone and texture Whether examining Jesus as the voice of the Father the role of voice in innertrinitarian relations or the relationship between voice and gender Webb offers the kind of thought provoking and highly creative reflections rarely found elsewhere He has a creative and incisive theological mind Thomas Guarino Seton Hall University Being appreciative of Webb s earlier work on hyperbolic language in theology and preaching I

welcomed The Divine Voice How risky to toss a spoken word into a room of silent readers and expect it to be heard I was reprimanded instructed and moved by the sound of this book Were I still in the seminary classroom The Divine Voice would be required reading before one word was said about how to preach Fred B Craddock The Craddock Center The Divine Voice is a book of academic theology worthy of the Psalmist who sang Day after day the word goes forth night after night the story is told Soundless the speech voiceless the talk yet the story is echoed throughout the world Ps 19 2 3 Stephen Webb is an acoustemological theologian for whom speech can be prayerful as silence and silence as instructive as proclamation When the sounds heard by faith reach Webb s ever insightful and creative mind only synesthesia could result and the result is a gift for us all Peter Ochs University of Virginia

The Christian Faith Michael Horton, 2011-01-04 Theology the study of God is a concern for every believer not just theologians or those in ministry It s the goal of good theology to humble us before the triune God of majesty as we come to understand him better This is a book of and about good theology Award winning author theologian and professor Michael Horton wrote The Christian Faith as a book of systematic theology and doctrine that can be preached experienced and lived as well as understood clarified and articulated It s written for a growing cast of pilgrims in ministry and laity who are interested in learning about Christ as a way of living as a Christian Who understand that knowing doctrine and walking in practical Christianity are not competing interests The Christian Faith is divided into six parts five of which each focus on an aspect of God while the first part sets up an understanding and appreciation for the task of theology itself addressing topics like The source of theology where the idea of theology comes from and what its limits are The origin of the canon how the modern Bible came about and why we can trust it The character of theology is the nature of theology practical theoretical or can it be both In a manner equally as welcoming to professors pastors students and armchair theologians Horton has organized this volume in a readable fashion that includes a variety of learning features A brief synopsis of biblical passages that inform certain doctrines Surveys of past and current theologies with contemporary emphasis on exegetical philosophical practical and theological questions Substantial interaction with various Christian movements within the Protestant Catholic and Orthodoxy traditions as well as the hermeneutical issues raised by postmodernity Charts sidebars questions for discussion and an extensive bibliography divided into different entry levels and topics At the heart of this book is a deep love for and curiosity about God Its basic argument is that a personal relationship with God goes hand in hand with the pursuit of theology It isn t possible to know God without studying him

Death until Resurrection Joseph Saligoe, 2020-03-11 What really happens to the soul when people die This groundbreaking book may appeal both to Luther experts and to those who know little about the Reformer It demonstrates that Luther constantly taught over the last twenty four years of his life that death is like an unconscious sleep It also shows why this matters today for Christians Death until Resurrection is a great first step in understanding God s plan for renewal of the creation that can alleviate our common fears about death Seeing what exactly the scriptural writers meant regarding death as interpreted by

one of the most prominent church leaders ever also provides the benefit of helping us better understand core doctrines such as our resurrection the nature of hell and eternal life through salvation This book offers that which very few writers on Luther have done an explanation that can unravel his apparent contradictions and the Luther paradox on the nature of death and the soul using Luther's own words scattered throughout his voluminous writings Learn which group of widely acclaimed authors or experts on Luther was correct about what Luther believed about death Lohse and George or Althaus and Thiselton

Scripture: A Very Theological Proposal Angus Paddison, 2009-10-10 To identify the biblical texts as Scripture is to make a series of specific claims about this text that it is drawn into the activity of the triune God of Israel that its ultimate destination is the worshipping church and that it has a ministry in shaping Christian thinking and acting Scripture A Very Theological Proposal advances that the resources for reading Scripture understanding its claims and acting upon them will be found by looking to the church's life and doctrines Reading Scripture with a host of theologians Paddison proposes a hermeneutic appropriate to reading Scripture both as divine address and the book of the church The book positions itself by resisting accounts in which Scripture's relationship to God and its life within the church are understood competitively as if the more we attend to one the less we are attending to the other Chapters further explore a doctrine of Scripture and the relationship of ethics doctrine and preaching to Scripture A final chapter asks can or should Scripture be read in the university
