Lying Silence:

Lying and Truthfulness Stewart Clem,2023-01-05 In this book Stewart Clem develops an account of truthfulness that is grounded in the Thomistic virtue of veracitas Unlike most contemporary Christian ethicists who narrowly focus on the permissibility of lying he turns to the virtue of truthfulness and illuminates its close relationship to the virtue of justice This approach generates a more precise taxonomy of speech acts and shows how they are grounded in specific virtues and vices Clem s study also contributes to the contemporary literature on Aquinas who is often classified alongside Augustine and Kant as holding a rigorist position on lying Meticulously researched this volume clarifies what set Aquinas s view apart in his own day and how it is relevant to our own Clem demonstrates that Aquinas s account provides a genuine alternative to rigorist and consequentialist approaches His analysis also reveals the perennial relevance of Aquinas s thought by bringing it to bear on contemporary social and ethical issues

Horizontal Learning in the High Middle Ages Micol Long,Tjamke Snijders,Steven Vanderputten,2025-10-01 The history of medieval learning has traditionally been studied as a vertical transmission of knowledge from a master to one or several disciples Horizontal Learning in the High Middle Ages Peer to Peer Knowledge Transfer in Religious Communities centres on the ways in which cohabiting peers learned and taught one another in a dialectical process how they acquired knowledge and skills but also how they developed concepts beliefs and adapted their behaviour to suit the group everything that could mold a person into an efficient member of the community This process of horizontal learning emerges as an important aspect of the medieval learning experience Progressing beyond the view that high medieval religious communities were closed homogeneous and fairly stable social groups the essays in this volume understand communities as the product of a continuous process of education and integration of new members The authors explore how group members learned from one another and what this teaches us about learning within the context of a high medieval community

Minor Characters Joyce Johnson, 1999-07-01 Named one of the 50 best memoirs of the past 50 years by The New York Times Winner of the National Book Critics Circle Award Among the great American literary memoirs of the past century a riveting portrait of an era Johnson captures this period with deep clarity and moving insight Dwight Garner The New York Times In 1954 Joyce Johnson's Barnard professor told his class that most women could never have the kinds of experiences that would be worth writing about Attitudes like that were not at all unusual at a time when good women didn't leave home or have sex before they married even those who broke the rules could merely expect to be minor characters in the dramas played by men But secret rebels like Joyce and her classmate Elise Cowen refused to accept things as they were As a teenager Johnson stole down to Greenwich Village to sing folksongs in Washington Square She was 21 and had started her first novel when Allen Ginsberg introduced her to Jack Kerouac nine months later she was with Kerouac when the publication of *On the Road* made him famous overnight Joyce had longed to go on the road with him instead she got a front seat at a cultural revolution under attack from all sides made new friends like Hettie and LeRoi Jones and found herself fighting to keep the shy charismatic tormented Kerouac from destroying himself It was a woman's adventure and a fast education in life What Johnson and other Beat Generation women would discover were the risks the heartache and the heady excitement of trying to live as freely as the rebels they loved **The Rule of Life**, 1766 *One Man's Love For One Woman* Mt.
