MacArthur The American Experience:

MacArthur Reconsidered James Ellman, 2023-07-01 James Ellman digs deep connects the dots and concludes that General Douglas MacArthur was decidedly not a military genius One of America's most controversial generals Douglas MacArthur's rise through the U S Army's ranks was meteoric However he did not lead large formations of men in combat until he assumed command of forces in the Philippines in 1941 When war commenced with the bombing of Pearl Harbor MacArthur's performance on the battlefield was a failure he underestimated the Japanese and his poorly trained forces were outmaneuvered and outfought by a much smaller invading force However in what became a repeating hallmark of his career he successfully portrayed his actions to much of the American people as brilliant and heroic regardless of victory or defeat After fleeing to Australia MacArthur famously announced I will return and followed through on a quest to retake Manila regardless of its impact on Allied global strategy or its cost in American Australian and Filipino blood In his subsequent role as America's shogun in Tokyo MacArthur was again surprised by an enemy he underestimated The Korean War yielded his greatest victory at Inchon but also his greatest defeat along the Yalu River Unwilling to accept anything but complete victory he openly defied President Truman MacArthur fatally undermined chances for an early peace planned to seed a great swath of enemy territory with radioactive cobalt and attempted to widen a conflict which threatened to become a third world war Raging against his subsequent firing he only truly faded away after he was publicly criticized by a panoply of America's greatest WWII generals Today MacArthur still polarizes Many biographies agree he was a great and patriotic leader marred by a few failures Ellman argues the opposite MacArthur was a lackluster battlefield commander who suffered stunning defeats while undermining the command structure of our military

The First Heroes Craig Nelson, 2003-09-30 Immediately after Japan's attack on Pearl Harbor President Franklin D Roosevelt sought to restore the honor of the United States with a dramatic act of vengeance a retaliatory bombing raid on Tokyo On April 18 1942 eighty brave young men led by the famous daredevil Jimmy Doolittle took off from a navy carrier in the mid Pacific on what everyone regarded as a suicide mission but instead became a resounding American victory and helped turn the tide of the war The First Heroes is the story of that mission Meticulously researched and based on interviews with twenty of the surviving Tokyo Raiders this is a true account that almost defies belief a tremendous human drama of great personal courage and a powerful reminder that ordinary people when faced with extraordinary circumstances can rise to the challenge of history

Humanities, 1999 Douglas MacArthur Stephanie Sammartino McPherson, 2004-12-01 Examines the life and career of Douglas MacArthur including his childhood education and military experience

The American Military and the Far East Joe C. Dixon, 1981 **Collected Writings of Gordon Daniels** Gordon Daniels, 2004-03-01 Originally a student of Meiji Japan Gordon Daniels is widely known for his work on the Pacific War and the Occupation of Japan with particular regard to the world of communications in film and propaganda as well as Japanese sport He has also been closely involved with the post war era of

international relations and Japan as well as studies in Japanese history and historiography In the 1980s he made significant contributions in reporting on the scope and development of Japanese Studies in Britain His most recent work has been as joint editor and contributor with Chushichi Tsuzuki of *Social and Cultural Perspectives* the fifth of the five volume series on the history of Anglo Japanese Relations Palgrave 2002 *American Military History: The United States Army in a global era, 1917-2003* Center of Military History, 2005 CMH Pub 30 22 2 Army Historical Series Richard W Stewart General Editor Contains an historical survey of the organization and accomplishments of the United States Army from the eve of World War 1 to the war against terrorism still under way Designed to inculcate in young officers and soldiers an awareness of our nation's military past and to demonstrate to them that the study of military history is an essential ingredient in leadership development Intended primarily for use in the American Military History course in the Reserve Officers Training Corps program in civilian colleges and universities **The American military and the Far East proceedings of the Ninth**

Military History Symposium United States Air Force Academy 1-3 October 1980 , *In Blood, Flowers Bloom* Samantha Bresnahan, 2025-04-15 An intergenerational story of war forgiveness and memory told through stolen and returned battlefield souvenirs How do we remember war How do we forgive In Blood Flowers Bloom illuminates one of the last untold stories of World War II the common act of soldiers sailors and Marines taking their enemy's possessions after victory This is the story of a single Japanese battle flag found among the belongings of a long passed American WWII veteran originally belonging to a Japanese soldier In telling the story of this flag and its journey from battle in the Philippines to a shed in upstate New York award winning writer Samantha Bresnahan reveals the way in which objects represent generations of trauma imperialism and memory Weaving through time In Blood Flowers Bloom tells the overlapping stories of two families that flag and a decades long quest here we meet American Iwo Jima veteran Marty Connor Japanese imperial Naval captain turned Buddhist monk Tsunezo Wachi and Masataka Shiokawa the resilient son of a Japanese soldier killed in battle at Okinawa These three men could have lived and died as enemies that was their historical prerogative Instead they banded together as uneasy allies and then eventual friends in their shared mission to return artifacts taken by American GIs to their rightful owners giving Japanese families a new opportunity for closure and healing the wounds inflicted by loss of loved ones both physically and spiritually **Empire's Mistress, Starring Isabel Rosario Cooper** Vernadette Vicuña

Gonzalez, 2021-02-05 In *Empire's Mistress* Vernadette Vicuña follows the life of Filipina vaudeville and film actress Isabel Rosario Cooper who was the mistress of General Douglas MacArthur If mentioned at all their relationship exists only as a salacious footnote in MacArthur's biography a failed love affair between a venerated war hero and a young woman of Filipino and American heritage Following Cooper from the Philippines to Washington D C to Hollywood where she died penniless Gonzalez frames her not as a tragic heroine but as someone caught within the violent histories of U S imperialism In this way Gonzalez uses Cooper's life as a means to explore the contours of empire as experienced on the scale of personal

relationships Along the way Gonzalez fills in the archival gaps of Cooper's life with speculative fictional interludes that both unsettle the authority of official archives and dislodge the established one-dimensional characterizations of her By presenting Cooper as a complex historical subject who lived at the crossroads of American colonialism in the Philippines Gonzalez demonstrates how intimacy and love are woven into the infrastructure of empire **MacArthur's Japanese Constitution**

Kyoko Inoue,1991-02 The Japanese constitution as revised by General MacArthur in 1946 while generally regarded to be an outstanding basis for a liberal democracy is at the same time widely considered to be in its Japanese form an document which is alien and incompatible with Japanese culture Using both linguistics and historical data Kyoto Inoue argues that despite the inclusion of alien concepts and ideas this constitution is nonetheless fundamentally a Japanese document that can stand on its own This is an important book This is the most significant work on postwar Japanese constitutional history to appear in the West It is highly instructive about the century long process of cultural conflict in the evolution of government and society in modern Japan Thomas W Burkman Monumenta Nipponica *U.S. Security Interests* ,1985 [American Military History, Volume II](#) ,2010 From the Publisher This latest edition of an official U S Government military history classic provides an authoritative historical survey of the organization and accomplishments of the United States Army This scholarly yet readable book is designed to inculcate an awareness of our nation's military past and to demonstrate that the study of military history is an essential ingredient in leadership development It is also an essential addition to any personal military history library

Intelligence Failures and Decent Intervals Esquire P. G. Kivett,P. G. Kivett,2006 *Intelligence Failures and Decent Intervals* provides a look at the truth behind military and diplomatic blunders to which intelligence failure labels have been attached that are intended to hide leadership failures responsible for the blunders From the 1950 Chinese Communist intervention in the Korean War to the 1968 Tet Offensive in Vietnam and the so called surprise attack that began the 1973 Yom Kippur War in the Middle East the book exposes instance after instance in which this egregious practice has occurred The detriment thus reaped by the practice inures to the erosion of the Intelligence Community's effectiveness and ultimately that of our national security The book also offers support in the official position of the U S Army's Center of Military History for the author's suspicion that the Vietnam War was lost as a result of widespread leadership failures related to the discipline of Signals Intelligence *Early U.S. Navy Carrier Raids, February-April 1942* David Lee Russell,2019-10-08 After the

Japanese attack on Pearl Harbor America's fast carrier task forces with their aircraft squadrons and powerful support warships went on the offensive Under orders from Fleet Admiral Ernest J King the newly appointed Admiral Chester W Nimitz as the Commander in Chief of the Pacific Fleet took the fight to the Japanese using island raids to slow their advance in the Pacific Beginning in February 1942 a series of task force raids led by the carriers USS Enterprise USS Yorktown USS Lexington and USS Hornet were launched beginning in the Marshall Islands and Gilbert Islands An attempted raid on Rabaul was followed by successful attacks on Wake Island and Marcus Island The Lae Salamaua Raid countered Japanese invasions

on New Guinea The most dramatic was the unorthodox Tokyo Doolittle Raid where 16 carrier launched B 25 medium bombers demonstrated that the Japanese mainland was open to U S air attacks The raids had a limited effect on halting the Japanese advance but kept the enemy away from Hawaii the U S West coast and the Panama Canal and kept open lines of communications to Australia

The Pacific War William B. Hopkins, 2010-11-04 This important comprehensive study of WWII in the Pacific examines the high level decision making and strategy that led to victory Roanoke Times Once the stories have been told of battles won and lost most of what happens in a war remains a mystery So it has been with accounts of World War II in the Pacific a complex conflict whose nature is often obscured by simple chronological narratives In *The Pacific War* William B Hopkins a Marine Corps veteran of the Pacific war and respected military history author opens the story of the Pacific campaign to a broader and deeper view Hopkins investigates the strategies politics and personalities that shaped the fighting His regional approach to this complex war conducted on land sea and air offers an insightful perspective on how this multifaceted conflict unfolded As expansive as the immense reaches of the Pacific and as focused as the most intensive pinpoint attack on a strategic island Hopkins account offers a fresh way of understanding the hows and more significantly the whys of the Pacific War

The Marines of Montford Point Melton A. McLaurin, 2009-11-05 With an executive order from President Franklin Roosevelt in 1941 the United States Marine Corps the last all white branch of the U S military was forced to begin recruiting and enlisting African Americans The first black recruits received basic training at the segregated Camp Montford Point adjacent to Camp Lejeune near Jacksonville North Carolina Between 1942 and 1949 when the base was closed as a result of President Truman s 1948 order fully desegregating all military forces more than 20 000 men trained at Montford Point most of them going on to serve in the Pacific Theatre in World War II as members of support units This book in conjunction with the documentary film of the same name tells the story of these Marines for the first time Drawing from interviews with 60 veterans *The Marines of Montford Point* relates the experiences of these pioneers in their own words From their stories we learn about their reasons for enlisting their arrival at Montford Point and the training they received there their lives in a segregated military and in the Jim Crow South their experiences of combat and service in World War II Korea and Vietnam and their legacy The Marines speak with flashes of anger and humor sometimes with sorrow sometimes with great wisdom and always with a pride fostered by incredible accomplishment in the face of adversity This book serves to recognize and to honor the men who desegregated the Marine Corps and loyally served their country in three major wars

Brothers at War Sheila Miyoshi Jager, 2013-06-24 The most balanced and comprehensive account of the Korean War The Economist Sixty years after North Korean troops crossed the 38th parallel into South Korea the Korean War has not yet ended Sheila Miyoshi Jager presents the first comprehensive history of this misunderstood war one that risks involving the world s superpowers again Her sweeping narrative ranges from the middle of the Second World War when Korean independence was fiercely debated between Roosevelt Stalin and Churchill to the present day as North

Korea with China's aid stockpiles nuclear weapons while starving its people At the center of this conflict is an ongoing struggle between North and South Korea for the mantle of Korean legitimacy a brother's war which continues to fuel tensions on the Korean peninsula and the region Drawing from newly available diplomatic archives in China South Korea and the former Soviet Union Jager analyzes top level military strategy She brings to life the bitter struggles of the postwar period and shows how the conflict between the two Koreas has continued to evolve to the present with important and tragic consequences for the region and the world Her portraits of the many fascinating characters that populate this history Truman MacArthur Kim Il Sung Mao Stalin and Park Chung Hee reveal the complexities of the Korean War and the repercussions this conflict has had on lives of many individuals statesmen soldiers and ordinary people including the millions of hungry North Koreans for whom daily existence continues to be a nightmarish struggle The most accessible up to date and balanced account yet written illustrated with dozens of astonishing photographs and maps *Brothers at War* will become the definitive chronicle of the struggle's origins and aftermath and its global impact for years to come **Parameters** ,1995

War and Press Freedom Jeffery A. Smith,1999-02-25 *War and Press Freedom* The Problem of Prerogative Power is a groundbreaking and provocative study of one of the most perplexing civil liberties issues in American history What authority does or should the government have to control press coverage and commentary in wartime First Amendment scholar Jeffery A Smith shows convincingly that no such extraordinary power exists under the Constitution and that officials have had to rely on claiming the existence of an autocratic higher law of survival Smith carefully surveys the development of statutory restrictions and military regulations for the news media from the ratification of the Bill of Rights in 1791 through the Gulf War of 1991 He concludes that the armed forces can justify refusal to divulge a narrow range of defense secrets but that imposing other restrictions is unwise unnecessary and unconstitutional In any event as electronic communication becomes almost impossible to constrain soldiers and journalists must learn how to respect each other's obligations in a democratic system
