Mocktime Publication

Maulana Abul Kalam Azad And The Nation:

Maulana Abul Kalam Azad and the Nation Padmasha, 1998 **Maulana Abul Kalam Azad**, 2018 Modern India & Indian National Movement YCT EXPERT TEAM, 2021 22 ALL IAS PCS Modern India Indian National Movement General Studies **Constitutional Development & National Movemen in India** Aggarwal R.C./Bhatnagar Mahesh, 2005 Part I

Constitutional Development Of India Part Ii National Movement Part Iii Modern Indian Constitution **Museums, Transculturality, and the Nation-State** Susanne Leeb, Nina Samuel, 2022-03-07 While the nation state gave rise to the advent of museums its influence in times of transculturality and post decolonial studies appears to have vanished But is this really the case With case studies from various geo and sociopolitical contexts from around the globe the contributors investigate which roles the nation state continues to play in museums collections and heritage They answer the question to which degree the nation state still determines practices of collection and circulation and its amount of power to shape contemporary narratives The volume thus examines the contradictions at play when the necessary claim for transculturality meets the institutions of the nation state With contributions by Stanislas Spero Adotevi Sebastia n Eduardo D vila Natasha Ginwala Monica Hanna Rajkamal Kahlon Suzana Milevska Mirjam Shatanawi Kavita Singh Ruth Stamm Andrea Witcomb

National Symbols in Modern Iran Menahem Merhavy, 2019-12-03 Now more than ever the role of icons and monuments in shaping a national identity is a subject of vital importance to scholars of both nationalism and memory studies While the nation state undoubtedly has a powerful influence on a society s cultural memory it cannot necessarily control the ways in which icons are perceived Once created national symbols and perceptions of them take on a life of their own Taking an innovative approach to the study of Iranian nationalism Merhavy examines the way symbols from Iran s past have played an important role in the struggles between political religious and ideological movements over legitimacy in the last five decades Using a rich variety of primary sources he traces the process by which these symbols have been appropriated rejected and reinterpreted by the Pahlavi state the Islamic opposition and finally the Islamic Republic In doing so this volume contributes to our understanding of cultural symbols that survive political upheavals dramatic and significant as they may be It also contributes to the growing body of literature that challenges the state centered perspective of much research on modern Iran by exposing the ever growing importance of civil society in the Iranian public sphere from the second half of the twentieth century onward **Nation and Family** Narendra Subramanian, 2014-04-09 The distinct personal laws that govern the major religious groups are a major aspect of Indian multiculturalism and secularism and support specific gendered rights in family life Nation and Family is the most comprehensive study to date of the public discourses processes of social mobilization legislation and case law that formed India s three major personal law systems which govern Hindus Muslims and Christians It for the first time systematically compares Indian experiences to those in a wide range of other countries that inherited personal laws specific to religious group sect or ethnic group The book shows why India s postcolonial policy makers

changed the personal laws they inherited less than the rulers of Turkey and Tunisia but far more than those of Algeria Syria and Lebanon and increased women s rights for the most part contrary to the trend in Pakistan Iran Sudan and Nigeria since the 1970s Subramanian demonstrates that discourses of community and features of state society relations shape the course of personal law Ruling elites discourses about the nation its cultural groups and its traditions interact with the state society relations that regimes inherit and the projects of regimes to change their relations with society These interactions influence the pattern of multiculturalism the place of religion in public policy and public life and the forms of regulation of family life The book shows how the greater engagement of political elites with initiatives among the Hindu majority and the predominant place they gave Hindu motifs in discourses about the nation shaped Indian multiculturalism and secularism contrary to current understandings In exploring the significant role of communitarian discourses in shaping state society relations and public policy it takes state in society approaches to comparative politics political sociology and legal studies in new directions

Converts Do Not Make a Nation M. G. Chitkara,1998 *Nation-state and Minority Rights in India* Tanweer Fazal,2014-08-01 The blood laden birth pangs of the Indian nation state undoubtedly had a bearing on the contentious issue of group rights for cultural minorities Indeed the trajectory of the concept minority rights evolved amidst multiple conceptualizations political posturing and violent mobilizations and outbursts Accommodating minority groups posed a predicament for the fledgling nation state of post colonial India This book compares and contrasts Muslim and Sikh communities in pre and post Partition India Mapping the evolving discourse on minority rights the author looks at the overlaps between the Constitutional and the majoritarian discourse being articulated in the public sphere and poses questions about the guaranteeing of minority rights The book suggests that through historical ruptures and breaks communities oscillate between being minorities and nations Combining archival material with ethnographic fieldwork it studies the identity groups and their vexed relationship to the ideas of nation and nationalism It captures meanings attributed to otherwise politically loaded concepts such as nation nation state and minority rights in the everyday world of Muslims and Sikhs and thus tries to make sense of the patterns of accommodation adaptation and contestation in the life world Successfully confronting and illuminating the challenge of reconciling representation and equality both for groups and within groups this exploration of South Asian nationalisms and communal relations will be of interest to academics in the field of South Asian Studies in particular Sociology and Politics
