## Miss Rhythm:

**Miss Rhythm** Ruth Brown, Andrew Yule, 1996 Singer Ruth Brown Miss Rhythm shares candid recollections of the early days of R&B the racism she encountered on the road and her chart topping success despite seemingly impossible odds 65 photos **Drama**, 1927 *The Kindergarten-Primary Magazine* Bertha Johnston, E. Lyell Earle, 1912 *The Last Sultan* Robert Greenfield, 2012-11-06 As the founder and head of Atlantic Records Ahmet Ertegun signed and/or recorded many of the greatest musical artists of all time from Ray Charles to Kid Rock Working alongside his older brother Nesuhi one of the preeminent jazz producers of all time and the legendary Jerry Wexler Ertegun transformed Atlantic Records from a small independent record label into a hugely profitable multinational corporation In successive generations he also served as a mentor to record business tyros like Phil Spector David Geffen and Lyor Cohen Brilliant cultured and irreverent Ertegun was as renowned for his incredible sense of personal style and nonstop A list social life as his work in the studio Blessed with impeccable taste and brilliant business acumen he brought rock n roll into the mainstream while creating the music that became the sound track for the lives of multiple generations From publisher description **What a Difference a Day Makes** Steve Bergsman, 2023-10-30 In *What a Difference a Day Makes Women Who Conquered 1950s Music* Steve Bergsman highlights the Black female artists of the 1950s a time that predated the chart topping girl groups of the early 1960s Many of the singers of this era became wildly famous and respected and even made it into the Rock n Roll Hall of Fame However there were many others such as Margie Day Helen Humes Nellie Lutcher Jewel King and Savannah Churchill who made one or two great records in the 1950s and then disappeared from the scene The era featured former jazz and blues singers who first came to prominence in the 1940s and others who pioneered early forms of rock n roll In a companion volume Bergsman has written the history of white women singers of the same era Although song styles were parallel the careers of Black and white female singers of the period ran in very different directions as the decade progressed The songs of African American vocalists like Dinah Washington and Etta James were segregated to the R B charts or covered by pop singers in the early and mid 1950s but burst into prominence in the last part of the decade and well into the 1960s White singers on the other hand excelled in the early 1950s but saw their careers decline with the advent of rock music In this volume Bergsman takes an encyclopedic look at both the renowned and the sadly faded stars of the 1950s placing them and their music back in the spotlight **Anticipation and the control of voluntary action** Dorit Wenke, Rico Fischer, A major hallmark in the adaptive control of voluntary action is the ability to anticipate short and long term future events Anticipation in its various forms is an important prerequisite for higher order cognitive abilities such as planning reasoning and the pursuit of both immediate goals and long term goals that may even stand in opposition to immediate desires and needs e.g. to invest in pension funds Therefore it is not surprising that diverse and rather independent research lines have evolved all somehow targeting various anticipatory capacities that are involved in the control of voluntary action and thus contribute to the

uniqueness of human goal directed behavior For example prediction of the incentive value of action outcomes drives goal directed instrumental behavior e g Dickinson Rushworth Prinz 1990 Furthermore the degree of match between intended anticipated and actual action effects has been proposed to be a major determinant of motor programming and online action corrections Jeannerod 1981 motor learning e g Wolpert Diedrichsen e g Abell Happ Los Nobre Coull 2010 and to anticipate conflict e g Correa Rao Nobre 2009 Voluntary action is influenced by the anticipation and prediction of mental effort in task processing e g Song Schwarz 2008 In addition the anticipation of long term future social consequences e g expected aloneness has been shown to affect cognitive mechanisms involved in logic and reasoning e g Baumeister Twenge Nuss 2002 Last but not least learning of statistical contingencies e g conflict frequency leads to the anticipation and prediction of context specific executive control requirements e g Crump Gong Milliken 2006 Dreisbach Haider 2006 The aim of the present Research Topic is to provide a platform that offers the possibility of cross fertilization and enhanced visibility among to date rather segregated research lines

meaning creating potential Whereas its connecting force is often accentuated in the aesthetic political and commercial usage of the term the divisive aspect of rhythm is at least as important This volume wants to rid rhythm of its harmless nearly esoteric reputation as a cosmic unifier by understanding it in the light of the contemporary medial turn In the present collection of essays we have encouraged approaches that combine political aesthetic musical and theoretical dimensions of rhythm Jan Hein Hoogstad is Assistant Professor in Comparative Literature and Cultural Analysis at the University of Amsterdam the Netherlands Birgitte Stougaard Pedersen is Associate Professor in the Section for Aesthetics and Culture Department of Aesthetics and Communication Aarhus University Denmark
