Defiance Charles W. Eagles,2009-11-15 When James Meredith enrolled as the first African American student at the University of Mississippi in 1962 the resulting riots produced more casualties than any other clash of the civil rights era Eagles shows that the violence resulted from the university s and the state s long defiance of the civil rights movement and federal law Ultimately the price of such behavior the price of defiance was not only the murderous riot that rocked the nation and almost closed the university but also the nation s enduring scorn for Ole Miss and Mississippi Eagles paints a remarkable portrait of Meredith himself by describing his unusual family background his personal values and his service in the U S Air Force all of which prepared him for his experience at Ole Miss **Great Times Down South** Giuliano Santangeli

Valenzani,2025-04-15 Great Times Down South examines advertising materials from 1976 to 1981 including brochures booklets advertisements and radio and TV spots used by state tourism bureaus in Alabama Georgia Mississippi and South Carolina The chosen period known as the Carter era marked southern fashion and economic prosperity in the Sunbelt Analyzing the strategies rhetoric images and themes employed by these tourism bureaus domestically and internationally offers a unique look into the prevailing conception of the South as marketed and perceived externally A noticeable shift in the tourist image of the South occurred in the late 1970s aligning with significant changes in southern culture and society While the 1970s are acknowledged for altering the perception and symbolic role of the South in American culture little research explores how these changes influenced the region s promotional image Prevailing views extend the classic Old South imagery into the 1970s but Giuliano Santangeli Valenzani contends that the roots of the current elusive image of the South can be precisely traced in advertising materials designed to attract visitors during the 1970s **Outstanding Young Women of**

America ,1970 **Race Against Time** Jack E. Davis,2004-10-01 While many studies of race relations have focused on the black experience Race against Time strives to unravel the emotional and cultural foundations of race in the white mind Jack E Davis combed primary documents in Natchez Mississippi and absorbed the town s oral history to understand white racial attitudes there over the past seven decades a period rich in social change strife and reconciliation What he found in this community that cultivates for profit a romantic view of the Old South challenges conventional assumptions about racial prejudice Davis engagingly and effortlessly weaves between nineteenth and twentieth centuries white observations and black to describe patterns of social interaction in Natchez in the workplace education politics religion and daily life It was not he discovers false notions of biological differences reinforced by class and economic conflict that lay at the heart of the town s racial divide but rather the perception of a black white cultural divergence in values in education work and family White

culture was deemed superior a presumption manifested through a hierarchy of old family elite and other white citizens Since 1930 Natchez has developed a major tourist industry downsized sharecropping expanded its manufacturing sector and participated in the struggles for civil rights school desegregation and black political empowerment Yet the collective white perception of a mythic past has continued reinforced through the sum of Natchez s public history social memory school textbooks breathtaking antebellum mansions and world famous Pilgrimage In *Race against Time* Davis sensitively lays bare the need for shared control of the town s history and the acknowledgment of intercultural dependence to effect true racial equality Building upon the 1941 classic *Deep South A Social Anthropological Study of Caste and Class* Davis brings tremendous passion and insight to the demanding issue of race as he fathoms the contours of Natchez s distinctive racial dynamics in recent decades
