**Some Missing Chapters of World History** Purushottam Nagesh Oak, 1973      **Acadia, Missing Links of a Lost Chapter in American History** Edouard Richard, 1895      The Gāndhārī Dharmapada John Brough, 2000-12-31 The famous birch bark manuscript in the Kharosthi script which contains a recension of the Dharmapada in a Prakrit dialect has long been familiar to students of early Buddhist literature under the name of Ms Dutreuil de Rhins The manuscript written in the first or second century A D is generally considered to be the oldest surviving manuscript of an Indian text It was discovered near Khotan in Central Asia in 1892 and reached Europe in two parts one of which went to Russia and the other to France In 1897 S Oldenburg published one leaf of the Russian portion and in 1898 E Senart edited the French material in the Journal Asiatique together with facsimiles of the larger leaves but not of the fragments Now almost seventy years after the discovery of the manuscript it is possible for the first time to place before scholars an edition of the whole of the extant material together with complete facsimiles      *Zastrozzi and St. Irvyne* Percy Bysshe Shelley, 2002-02-18 In 1810 while still at Eton Percy Bysshe Shelley published *Zastrozzi* the first of his two early Gothic prose romances He published the second *St Irvyne* or *The Rosicrucian* a year later These sensationalist novels present some of Shelley's earliest thoughts on irresponsible self indulgence and violent revenge and offer remarkable insight into an imagination that is strikingly modern This new Broadview Literary Texts edition also brings together the fragmentary remains of Shelley's other prose fiction including his chapbook *Wolfstein* and contemporary reviews both by Shelley and about his work      **Guanzi 1** Zhong Guan, W. Allyn Rickett, 2001 Cheng Tsui is pleased to offer the first revised paperback edition of this monumental work First published in 1985 W      **Historical Chinese Letter Writing** Daniel Z. Kadar, 2010-02-11 Daniel Z Kadar was awarded with the Academy Award for Young Outstanding Scholars by the Hungarian Academy of Sciences for this book Letter writing is a pivotal yet neglected medium of historical Chinese communication The epistolary format is key to sinological research As historical letters have a specific vocabulary and rhetorical structure it is difficult to read them without the supporting apparatus of specialised study This compendium fills the gap in Chinese studies by providing a bilingual Chinese English edition of a corpus of Chinese letters prepared for advanced students of Classical Chinese as well as academics with an interest in historical Chinese epistolary art The book has a broad and general introduction systematically constructed vocabulary sections as well as detailed grammatical and philological explanations It focuses on Qing Dynasty 1644 1911 letter writing a high point of pre 1911 epistolary activity in Chinese and will appeal to Chinese scholars and Sinologists at a broad range of academic levels      Reading The Tale of Genji Thomas Harper, Haruo Shirane, 2015-12-01 The Tale of Genji written one thousand years ago is a masterpiece of Japanese literature is often regarded as the best prose fiction in the language Read commented on and reimagined by poets scholars dramatists artists and novelists the tale has left a legacy as rich and reflective as the work itself This sourcebook is the most comprehensive record of the reception of The Tale of Genji

to date It presents a range of landmark texts relating to the work during its first millennium almost all of which are translated into English for the first time An introduction prefaces each set of documents situating them within the tradition of Japanese literature and cultural history These texts provide a fascinating glimpse into Japanese views of literature poetry imperial politics and the place of art and women in society Selections include an imagined conversation among court ladies gossiping about their favorite characters and scenes in Genji learned exegetical commentary a vigorous debate over the morality of Genji and an impassioned defense of Genji's ability to enhance Japan's standing among the twentieth century's community of nations Taken together these documents reflect Japan's fraught history with vernacular texts particularly those written by women

*"The" Life and Letters of Washington Irving* Pierre Munroe Irving, 1862 [The Life and Letters](#) Irving, 1864

**Works of Washington Irving** Washington Irving, 1862 **The Jewish Quarterly Review** Claude Goldsmid Montefiore, 1900 [Unmodern Philosophy and Modern Philosophy](#) John Dewey, 2012-05-16

800x600NormalOffalsefalsefalseEN USX NONEX NONEMicrosoftInternetExplorer4 In 1947 America's premier philosopher educator and public intellectual John Dewey purportedly lost his last manuscript on modern philosophy in the back of a taxicab Now sixty five years later Dewey's fresh and unpretentious take on the history and theory of knowledge is finally available Editor Phillip Deen has taken on the task of editing Dewey's unfinished work carefully compiling the fragments and

multiple drafts of each chapter that he discovered in the folders of the Dewey Papers at the Special Collections Research Center at Southern Illinois University Carbondale. He has used Dewey's last known outline for the manuscript aiming to create a finished product that faithfully represents Dewey's original intent. An introduction and editor's notes by Deen and a foreword by Larry A. Hickman, director of the Center for Dewey Studies, frame this previously lost work. In *Unmodern Philosophy and Modern Philosophy*, Dewey argues that modern philosophy is anything but instead it retains the baggage of outdated and misguided philosophical traditions and dualisms carried forward from Greek and medieval traditions. Drawing on cultural anthropology, Dewey moves past the philosophical themes of the past instead proposing a functional model of humanity as emotional inquiring purposive organisms embedded in a natural and cultural environment. Dewey begins by tracing the problematic history of philosophy demonstrating how from the time of the Greeks to the Empiricists and Rationalists the subject has been mired in the search for immutable absolutes outside human experience and has relied on dualisms between mind and body, theory and practice, and the material and the ideal, ultimately dividing humanity from nature. The result he posits is the epistemological problem of how it is possible to have knowledge at all. In the second half of the volume, Dewey roots philosophy in the conflicting beliefs and cultural tensions of the human condition, maintaining that these issues are much more pertinent to philosophy and knowledge than the sharp dichotomies of the past and abstract questions of the body and mind. Ultimately, Dewey argues that the mind is not separate from the world, criticizes the denigration of practice in the name of theory, addresses the dualism between matter and ideals, and questions why the human and the natural were ever separated in philosophy. The result is a deeper understanding of the relationship among the scientific, the moral, and the aesthetic. More than just historically significant in its rediscovery, *Unmodern Philosophy and Modern Philosophy* provides an intriguing critique of the history of modern thought and a positive account of John Dewey's naturalized theory of knowing. This volume marks a significant contribution to the history of American thought and finally resolves one of the mysteries of pragmatic philosophy.

**The Last Pagans of Iraq** Jaakko Hämeen-Anttila, 2006-06-01 This is the first analysis in any language of the religious, philosophical, and folkloristic content of Ibn Waṣṣiyya's d. 931 Nabatean Agriculture. This enigmatic book, said to have been translated by Ibn Waṣṣiyya from Syriac into Arabic, contains much material on Late Antique Paganism in Iraq and semi-learned reception of Greek philosophical thought. The first part of the present book studies the question of authenticity, authorship, and context of the Nabatean Agriculture, dated by the author to around 600 AD. The second part consists of 61 translated and annotated excerpts of the Nabatean Agriculture, until now available only in the Arabic original, as well as introductions to the world view of the text. **Past Sense — Studies in Medieval and Early Modern European History** Constantin Fasolt, 2014-04-03 The twenty studies collected in this volume focus on the transition from the Middle Ages to the modern world. The method leads from technical investigations on William Durant the Younger (ca. 1266–1330) and Hermann Conring (1606–1681) through reflection on

the nature of historical knowledge to a break with historicism an affirmation of anachronism and a broad perspective on the history of Europe The introduction explains when and why these studies were written and places them in the context of contemporary historical thinking by drawing on Wittgenstein s Philosophical Investigations This book will appeal to historians with an interest in historical theory historians of late medieval and early modern Europe and students looking for the meaning of history

**Clifford Numbers and Spinors** Marcel Riesz,2013-11-11 Marcelliesz s lectures delivered on October 1957 January 1958 at the University of Maryland College Park have been previously published only informally as a manuscript entitled CLIFFORD NUMBERS AND SPINORS Chapters I IV As the title says the lecture notes consist of four Chapters I II III and IV However in the preface of the lecture notes liesz refers to Chapters V and VI which he could not finish Chapter VI is mentioned on pages 1 3 16 38 and 156 which makes it plausible that liesz was well aware of what he was going to include in the final missing chapters The present book makes liesz s classic lecture notes generally available to a wider audience and tries somewhat to fill in one of the last missing chapters This book also tries to evaluate liesz s influence on the present research on Clifford algebras and draws special attention to liesz s contributions in this field often misunderstood

**God's created speech** J. R. T. M. Peters,2023-11-27      [The Gothic Sublime](#) Vijay Mishra,1994-01-01

This book reads the Gothic corpus with a thoroughly postmodern critical apparatus pointing out that the Gothic Sublime anticipates our own doomed desire to pass beyond the hyperreal A highly sophisticated theoretical reading of key texts of the Gothic this book allows the reader to re live the Gothic not simply as a nostalgic relic or a pre romantic aberration but as a living presence that has strong resonances with the postmodern condition
