Missing Persons Eric Robertson Dodds,1977 This memoir by the late distinguished classicist tells of Dodds travels from China to San Francisco his encounters with literary figures including Yeats Eliot Auden and MacNeice and his conflicting educations in Belfast Dublin and Oxford The result is a moving account of one man s instinctive search for an identity in a time of deep moral political and aesthetic confusion

Missing Persons Erec Robertson Dodds,1977

Missing Persons Mary Evans,1999 Auto biography is currently one of the most popular literary genres widely supposed to illuminate the study of the individual and his or her personal circumstances Missing Persons suggests that auto biography is in fact based on fictions both about the person and about what it is possible to know about any one individual Organised into chapters which consider particular kinds of auto biographical writing such as work on the British Royal Family and auto biographies of twentieth century men this book demonstrates the absences and evasions indeed the missing persons of auto biography Mary Evans book will provide invaluable reading for students of womens studies sociology and cultural studies courses

Missing Persons Gayle Greene,2017-10-18 Missing Persons is a memoir about dealing with death in a culture that gives no help As the last of her family Greene s losses are stark first her aunt then her mother in quick succession She is as ill equipped for the challenges of caring for a dying person at home as she is for the other losses long repressed that rise to confront her at this time the suicide of her younger brother the death of her father As the professional identity on which she s based her selfhood comes to feel brittle and trivial she is catapulted into questions of who am I and what have I done with my life The memoir is structured as an account of her mother s and aunt s final days and the year that follows a year in which she reconstructs her life This is a powerful story about family what it means to have one to lose one never to have made one and what if anything might take its place It s the story of a vexed mother daughter relationship that mellows with age It is also a search for home as the very landscape shifts around her and the vast orchards are dug up and paved over for tract housing strip malls freeways and the Santa Clara Valley once known as the Valley of Heart s Delight is transformed to Silicon

Missing Persons ,1966 *Bureau of Missing Persons* Roger J. Porter,2011-05-06 A devoted reader of autobiographies and memoirs Roger J Porter has observed in recent years a surprising number of memoirs by adult children whose fathers have led secret lives Some of the fathers had second families some had secret religious lives others have been criminals liars or con men Struck by the intensely human drama of secrecy and deception played out for all to see Porter explores the phenomenon in great depth In *Bureau of Missing Persons* he examines a large number of these works eighteen in all placing them in a wide literary and cultural context and considering the ethical quandaries writers face when they reveal secrets so long and closely held Among the books Porter treats are Paul Auster s *The Invention of Solitude* Alison Bechdel s graphic memoir *Fun Home* Essie Mae Washington Williams s *Dear Senator* on her father Strom Thurmond Bliss Broyard s *One Drop* Mary Gordon s *The Shadow Man* and Geoffrey Wolff s *The Duke of Deception* He also discusses Nathaniel Kahn s

documentary film *My Architect* These narratives inevitably look inward to the writer as well as outward to the parent The autobiographical children are compelled if not consumed by a desire to know They become detectives piecing together clues to fill memory voids assembling material and archival evidence public and private documents letters photographs and iconic physical objects to track down the parent *The Missing* Andrew O'Hagan,1995 Merging social history memoir and reportage the author examines several cases of missing persons mainly children and explains his beliefs about how the disappearances affect those who are left *Missing Persons* Clair Wills,2024-04-02 How far would you go for the missing Blending private and public history cultural analysis family memoir and autobiography Clair Wills explores profound questions about memory loss motherhood and emigration She traces a history of sexual secrecy through four generations of unplanned pregnancies in her own family stretching from the 1890s to the 1980s and from the West of Ireland to Massachusetts London and the English countryside dramatizing the power of secret keeping as a form of care but also as a form of violence and exclusion At the heart of her search is a cousin who went missing from her own family born in a mother and baby home in the 1950s and brought up in an institution Wills asks not only what happened but why Why did families consent to the institutional care and control of unmarried mothers and their children Why did the system make sense to ordinary families and how can we make sense of it now What questions should we be asking about guilt blame and responsibility In order to uncover how people thought about illicit sex illegitimacy and institutions Wills follows the tracks laid down in family stories and anecdotes She interprets the gaps as places where the past was both preserved and disavowed We are all born into families regardless of whether we are allowed to belong to them In *Missing Persons* Wills asks us to undertake a radical reshaping of our idea of the family We are all part of the historical archive the remembering and forgetting is in us whether we like it or not *Missing Persons* D. K. Smith,2008-09-01 A new novel from the author of *Nothing Disappears* *American Autobiography* Rachael McLennan,2012-11-26 The first student guide to American autobiographies introduction to the major forms of autobiographical writing in America and important current developments in autobiography studies discusses both canonised texts and those from contemporary writers Taking a broadly chronological approach the history of American autobiography is explored including the social and cultural factors that might account for the importance of autobiography in American culture Then post 1970 autobiographies are examined taking into account the development in poststructuralism from this time that affected notions of the subject who could write and conceptions of truth identity and reference **Reading Autobiography** Sidonie Smith,2001 **Character and Conversion in Autobiography** Patrick Riley,2004 Thinking of conversion as a radical turning point or fulcrum on which incompatible configurations of character are precariously balanced Riley examines both historically and tropologically the paradoxes of identity and life writing that conversion raises *Feminism & Autobiography* Tess Coslett,Celia Lury,Penny Summerfield,2002-01-04 Featuring essays by leading feminist scholars from a variety of disciplines this key text explores the latest developments in

autobiographical studies The collection is structured around the inter linked concepts of genre inter subjectivity and memory Whilst exemplifying the very different levels of autobiographical activity going on in feminist studies the contributions chart a movement from autobiography as genre to autobiography as cultural practice and from the analysis of autobiographical texts to a preoccupation with autobiography as method The True Story of Alice B. Toklas Anna Linzie,2006-04 In this original and intriguing study Anna Linzie examines three mid twentieth century texts never before treated as interrelated in a book length work of literary criticism Gertrude Stein s *The Autobiography of Alice B Toklas* 1933 and Alice B Toklas s *The Alice B Toklas Cook Book* 1954 and *What Is Remembered* 1963 Taking these three texts as intertexts or as an assemblage of the true story of Alice B Toklas Linzie challenges assumptions about primary authorship and singular identity that have continued to limit lesbian and feminist rereadings of autobiography as a genre and of Stein and Toklas as writers and historical figures *The True Story of Alice B Toklas* explores how the concept of autobiography as a primarily referential genre is challenged and transformed in relation to autobiographical texts written about the same person the same life but differently by different writers at different points in time The concept of one true story is deconstructed in the process as Linzie modifies Homi K Bhabha s almost the same but not quite not white for the purposes of this particular study as almost the same but not quite not straight The investigation moves simultaneously on the planes of textuality and sexuality in order to provisionally articulate a lesbian autobiographical subject in Linzie s reading of these three texts Linzie s study fills a gap in literary criticism where Stein s companion and her work have been more or less neglected conceptualizing the Stein Toklas sexual textual relationship as fundamentally reciprocal *The True Story of Alice B Toklas* provides a new critical perspective on Toklas as indispensable to Stein s literary production a cultural laborer in her own right and a writer of her own books Making a significant contribution to recent lesbian feminist reconceptualizations of the genre of autobiography this study will fascinate Stein and Toklas scholars as well as those interested in queer and autobiography studies **American Autobiography After 9/11** Megan Brown,2017-01-10 In the post 9 11 era a flood of memoirs has wrestled with anxieties both personal and national **On Chapel Sands** Laura Cumming,2020-04-02 THE SUNDAY TIMES BESTSELLER SHORTLISTED FOR THE COSTA BIOGRAPHY AWARD Uncovering the mystery of her mother s disappearance as a child Laura Cumming prize winning author and art critic takes a closer look at her family story A modern masterpiece *Guardian* Autumn 1929 a young girl is kidnapped from a beach Five agonising days go by before she is discovered safe and well in a nearby village The child remembers nothing of these events and at home nobody ever speaks of them again Decades later Laura Cumming delves into the mystery surrounding her mother s disappearance Examining everything from old family photos to letters tickets and recipes she uncovers a series of secrets and lies perpetuated not just by her family but by the whole community and in doing so unlocks a mystery almost a century old A moving many sided human story of great depth and tenderness and a revelation of how art enriches life Sunday Times Shortlisted for the Baillie Gifford Prize for Non Fiction

Majeed,2007-01-18 This book examines concepts of travel in the autobiographies of leading Indian nationalists in order to show how nationalism is grounded in notions of individual selfhood and how the writing of autobiography fused with the genre of the travelogue played a key role in formulating the complex tie between interiority and nationality in South Asia

Five Days Gone Laura Cumming,2019-08-27 NOMINATED FOR THE 2019 NATIONAL BOOK CRITICS CIRCLE AWARD ONE OF NPR S BEST BOOKS OF 2019 INTERNATIONAL BESTSELLER Acclaimed New York Times bestselling author of *The Vanishing Velazquez* Laura Cumming shares the riveting story of her mother s mysterious kidnapping as a toddler in a small English coastal village and how that event reverberated through her own family and her art for decades In the fall of 1929 when Laura Cumming s mother was three years old she was kidnapped from a beach on the Lincolnshire coast of England There were no screams when she was taken suggesting the culprit was someone familiar to her and when she turned up again in a nearby village several days later she was found in perfect health and happiness No one was ever accused of a crime The incident quickly faded from her memory and her parents never discussed it To the contrary they deliberately hid it from her and she did not learn of it for half a century This was not the only secret her parents kept from her For many years while raising her in draconian isolation and protectiveness they also hid the fact that she d been adopted and that shortly after the kidnapping her name was changed from Grace to Betty In *Five Days Gone* Laura Cumming brilliantly unspools the tale of her mother s life and unravels the multiple mysteries at its core Using photographs from the time historical documents and works of art Cumming investigates this case of stolen identity with the toolset of a detective and the unique intimacy of a daughter trying to understand her family s past and its legacies Compulsive vivid and profoundly touching *Five Days Gone* is a masterful blend of memoir and history an extraordinary personal narrative unlike any other *The German Example* David Phillips,2011-07-28 Fascinating analysis based on extensive archival research of the impact of the German example on the development of English educational policy 1800 to the present
