**Mission for Hammarskjöld** Rajeshwar Dayal, 1976 Author's personal experiences as the special representative of Dag Hammarskjöld 1905-1961 Secretary General of the United Nations in the Congo 1960-1961 Mission for Hammarskjöld Christoph von Furer-Haimendorf, 1976 **Hammarskjöld** Roger Lipsey, 2013-03-18 After his mysterious death Dag Hammarskjöld was described by John F Kennedy as the greatest statesman of our century Second secretary general of the United Nations 1953-61 he is the only person to have been awarded the Nobel Peace Prize posthumously Through extensive research in little explored archives and personal correspondence Roger Lipsey has produced the definitive biography of Dag Hammarskjöld Hammarskjöld A Life provides vivid new insights into the life and mind of a truly great individual Hammarskjöld the statesman and Hammarskjöld the author of the classic spiritual journal Markings meet in this new biography and the reader will meet them both in these pages A towering mid twentieth century figure Hammarskjöld speaks directly to our time

**The United Nations under Dag Hammarskjöld, 1953-1961** Peter B. Heller, 2001-10-23 Organized around the major events that marked Hammarskjöld's eight and a half years in office this volume takes stock of Hammarskjöld first as a person and then as an international functionary Also included are a bibliography chronology index and an appendix of significant documents Who Killed Hammarskjöld? Susan Williams, 2014-08-15 One of the outstanding mysteries of the twentieth century and one with huge political resonance is the death of Dag Hammarskjöld and his UN team in a plane crash in central Africa in 1961 Just minutes after midnight his aircraft plunged into thick forest in the British colony of Northern Rhodesia Zambia abruptly ending his mission to bring peace to the Congo Across the world many suspected sabotage accusing the multi nationals and the governments of Britain Belgium the USA and South Africa of involvement in the disaster These suspicions have never gone away British High Commissioner Lord Alport was waiting at the airport when the aircraft crashed nearby He bizarrely insisted to the airport management that Hammarskjöld had flown elsewhere even though his aircraft was reported overhead This postponed a search for so long that the wreckage of the plane was not found for fifteen hours White mercenaries were at the airport that night too including the South African pilot Jerry Puren whose bombing of Congolese villages led in his own words to flaming huts destruction and death These soldiers of fortune were backed by Sir Roy Welensky Prime Minister of the Rhodesian Federation who was ready to stop at nothing to maintain white rule and thought the United Nations was synonymous with the Nazis The Rhodesian government conducted an official inquiry which blamed pilot error But as this book will show it was a massive cover up that suppressed and dismissed a mass of crucial evidence especially that of African eye witnesses A subsequent UN inquiry was unable to rule out foul play but had no access to the evidence to show how and why Now for the first time this story can be told Who Killed Hammarskjöld follows the author on her intriguing and often frightening journey of research to Zambia South Africa the USA Sweden Norway Britain France and Belgium where she unearthed a mass of new and hitherto secret documentary and photographic evidence At the heart of this

book is Hammarskjöld himself a courageous and complex idealist who sought to shield the newly independent nations of the world from the predatory instincts of the Great Powers It reveals that the conflict in the Congo was driven not so much by internal divisions as by the Cold War and by the West's determination to keep real power from the hands of the post colonial governments of Africa It shows too that the British settlers of Rhodesia would maintain white minority rule at all costs

**Kennedy, Johnson, and the Nonaligned World** Robert B. Rakove, 2013 This book examines John F Kennedy's policy of engaging states that had chosen to remain nonaligned in the Cold War *Peacekeeping Under Fire* Robert A.

Rubinstein, 2015-11-17 The international community increasingly responds to civil wars humanitarian crises and other intrastate conflicts through the instrument of UN peacekeeping Nearly all of these interventions take place in non Western areas and involve interactions among militaries and nongovernmental organizations from all around the globe In this wide ranging book Rubinstein draws on decades of his own research on peacekeeping and on other current and historical cases to develop a broad understanding of the roles that culture plays in peacekeeping's success or failure *Peacekeeping under Fire* shows that cultural considerations are key elements at all levels of peacekeeping operations Culture influences what happens between peacekeepers and local populations how military and nongovernmental organizations interact and even how missions are planned and authorized *Peacekeeping under Fire* analyzes how political symbolism and ritual are critical to peacekeeping and demonstrates how questions of power identity and political perception emerge from the cultural context of peacekeeping

**Building States** Eva-Maria Muschik, 2022-04-13 Postwar multilateral cooperation is often viewed as an attempt to overcome the limitations of the nation state system However in 1945 when the United Nations was founded large parts of the world were still under imperial control *Building States* investigates how the UN tried to manage the dissolution of European empires in the 1950s and 1960s and helped transform the practice of international development and the meaning of state sovereignty in the process Eva Maria Muschik argues that the UN played a key role in the global proliferation and reinvention of the nation state in the postwar era as newly independent states came to rely on international assistance Drawing on previously untapped primary sources she traces how UN personnel usually in close consultation with Western officials sought to manage decolonization peacefully through international development assistance Examining initiatives in Libya Somaliland Bolivia the Congo and New York Muschik shows how the UN pioneered a new understanding and practice of state building presented as a technical challenge for international experts rather than a political process UN officials increasingly took on public policy functions despite the organization's mandate not to interfere in the domestic affairs of its member states These initiatives Muschik suggests had lasting effects on international development practice peacekeeping and post conflict territorial administration Casting new light on how international organizations became major players in the governance of developing countries *Building States* has significant implications for the histories of decolonization the Cold War and international development
