Jesus and the Origins of the Gentile Mission Michael F. Bird, 2006-11-13 Bird argues that Jesus was attempting to achieve and enact the restoration of Israel and in continuity with other strands of Jewish belief Jesus conceived of the restoration of Israel as resulting in the salvation of the gentiles Jesus mission was Israel centric but he espoused a view of restoration that was indebted to certain strands of Israel's sacred traditions where the gentiles are implicit beneficiaries of Israel's salvation Since this restoration was already being partially realized in Jesus ministry it was becoming possible for gentiles to begin sharing in Israel's salvation in the present

Additionally Jesus understood himself and his followers to be the new temple and the vanguard of the restored Israel who would appropriate for themselves the role of Israel and the temple in being a light to the nations Thus a gentile mission has its germinal roots in the aims and intentions of Jesus and was developed in a transformed situation by adherents of the early Christian movement
