Missionary Stew:

Missionary Stew Ross Thomas, 2007-04-01 *Missionary Stew* follows political fundraiser Draper Haere on a quest to uncover the secret behind a right wing coup in an unnamed Central American country. He seeks the information in order to get dirt on his boss's opponent in the 1984 US Presidential election. Haere's pursuit of the truth repeatedly puts Haere's life in danger as the powers that be stop at nothing to keep the episode buried. Along the way Haere carries on an affair with the wife of his candidate and enlists the aid of Morgan Citron, an almost Pulitzer winning journalist who has recently been released from an African prison where the prisoners were fed human flesh, the titular missionary stew. Together Citron and Haere face up against cocaine traffickers, Latin American generals, corrupt US officials, and Citron's estranged tabloid publisher mother.

T. S. Eliot and the Cultural Divide David E. Chinitz, 2005-12 The modernist poet T. S. Eliot has been applauded and denounced for decades as a staunch champion of high art and an implacable opponent of popular culture. But Eliot's elitism was never what it seemed. T. S. Eliot and the Cultural Divide refurbishes this great writer for the twenty-first century, presenting him as the complex figure he was: an artist attentive not only to literature but to detective fiction, vaudeville, theater, jazz, and the songs of Tin Pan Alley. David Chinitz argues that Eliot was productively engaged with popular culture in some form at every stage of his career, and that his response to it, as expressed in his poetry, plays, and essays, was ambivalent rather than hostile. He shows that American jazz, for example, was a major influence on Eliot's poetry during its maturation. He discusses Eliot's surprisingly persistent interest in popular culture both in such famous works as *The Waste Land* and in such lesser-known pieces as *Sweeney Agonistes*. And he traces Eliot's long quixotic struggle to close the widening gap between high art and popular culture through a new type of public art: contemporary popular verse drama. What results is a work that will persuade adherents and detractors alike to return to Eliot and find in him a writer who liked a good show, a good thriller, and a good tune as well as a great poem.

The Cannibal Within Lewis F. Petrinovich, *The Cannibal Within* offers an evolutionary account of the propensity of human beings in extreme circumstances to eat other human beings despite the strong Western taboo against such practices. What sets this volume apart from the large body of literature on cannibalism, both popular and anthropological, is the underlying premise: cannibalism as an alternative to

starvation is tacitly condoned by the same biological morality that would condemn cannibalism of other sorts in non threatening situations Deep as the taboos may be the survival instinct runs even deeper The title of the book reflects the author s belief that cannibalism is not a pathology that erupts in psychotic individuals but is a universal adaptive strategy that is evolutionarily sound The cannibal is within all of us and cannibals are within all cultures should the circumstances demand cannibalism s appearance and usage Petrino vich s work is rich in historical detail and rises to a level of theoretical sophistication in addressing a subject too often dealt with in sensationalist terms The major instances in which survival cannibalism has occurred convinced the author that there is a consistent pattern and a uniform regularity of order in which different kinds of individuals are consumed In considering who eats whom when and under what circumstances this regularity appears and it is consistent with what would be expected on the basis of evolutionary or Darwinian theory In short he concludes that starvation cannibalism is not a manifestation of the chaotic psychotic behavior of individuals who are driven to madness but reveals underlying characteristics of evolved human beings Lewis Petrino vich is professor emeritus in the Department of Psychology of the University of California Riverside and is currently a resident of Berkeley California

 retired professor of political studies Warocracy is a post World War II mindset about power Who has it Who wants it How will
 it be used Damn the Warocracy explores this new ideology about the rise of misplaced power It does not foster Democratic
 Republican Independent or any other political party It focuses on a democratic society with the expectation of voter privilege

 trends that have shaped the Great Generation are now taking form for the New Generation to restore the positive use of
 political power Fouke using humor and skill informs and educates the reader about the mistakes of the past their continuing
 impact and future alternatives He addresses the moral and political crossroads faced by the New Generation with an
 intensity born from his early life experiences of diversity in religion culture values and political views Professor Fouke

 arena **Racechanges** Susan Gubar, 2000-04-20 When the actor Ted Danson appeared in blackface at a 1993 Friars Club
 roast he ignited a firestorm of protest that landed him on the front pages of the newspapers rebuked by everyone from talk
 show host Montel Williams to New York City's then mayor David Dinkins Danson's use of blackface was shocking but was the
 furious pitch of the response a triumphant indication of how far society has progressed since the days when blackface
 performers were the toast of vaudeville or was it also an uncomfortable reminder of how deep the chasm still is separating
 black and white America In Racechanges White Skin Black Face in American Culture Susan Gubar who fundamentally
 changed the way we think about women's literature as co author of the acclaimed The Madwoman in the Attic turns her
 attention to the incendiary issue of race Through a far reaching exploration of the long overlooked legacy of minstrelsy cross
 racial impersonations or racechanges throughout modern American film fiction poetry painting photography and journalism
 she documents the indebtedness of mainstream artists to African American culture and explores the deeply conflicted
 psychology of white guilt The fascinating racechanges Gubar discusses include whites posing as blacks and blacks passing
 for white blackface on white actors in The Jazz Singer Birth of a Nation and other movies as well as on the faces of black
 stage entertainers African American deployment of racechange imagery during the Harlem Renaissance including the poetry
 of Anne Spencer the black and white prints of Richard Bruce Nugent and the early work of Zora Neale Hurston white poets
 and novelists from Vachel Lindsay and Gertrude Stein to John Berryman and William Faulkner writing as if they were black
 white artists and writers fascinated by hypersexualized stereotypes of black men and nightmares and visions of the

racechanged baby Gubar shows that unlike African Americans who often are forced to adopt white masks to gain their rights white people have chosen racial masquerades which range from mockery and mimicry to an evolving emphasis on inter racial mutuality and mutability Drawing on a stunning array of illustrations including paintings film stills computer graphics and even magazine morphings Racechanges sheds new light on the persistent pervasiveness of racism and exciting aesthetic possibilities for lessening the distance between blacks and whites **The Design of The Waste Land** Burton Blistein,2008 The Design of The Waste Land offers a detailed comprehensive explanation of T S Eliot s enigmatic poem It relates The Waste Land to earlier and later poems by Eliot demonstrating that the major poems describe a continuous spiritual odyssey or quest undertaken by the same individual initiated by the moment of ecstasy in the Hyacinth garden Blistein s analysis of Eliot s sources reveals that the protagonist s glimpse of the heart of light is equivalent to drinking from the Grail or communing with God The incarnate deity momentarily transforms the Hyacinth garden into the likeness of the Edenic paradise With the inevitable passing of the moment of communion the protagonist in effect is expelled from the paradisiacal garden as mankind was from Eden By contrast the familiar world appears to him a wasteland The protagonist seeks to drink again from the divine Source and return again to the garden as it was when transfigured by the divine presence His is a quest for grail and homeland **BOOK JACKET Missions** Howard Benjamin Grose,1924 **Whispering Wires** Philip Metcalfe,2007 After Agatha Clay s locket is stolen which is the only link to her parents it sparks a series of events that lead to revenge kidnappings and death **St Ng #37 The Last Stand** Brad Ferguson,2012-08-21 THE LAST STAND In the middle of a routine mapping mission Captain Picard and the crew of the U S S Enterprise encounter a culture just on the edge of developing warp drive technology When they survey the planet they are startled by the sudden approach of thousands of spacecraft from an aggressive alien race bent on destroying this emerging culture Now Picard has only days to resolve a conflict that has been going on for millennia If he fails billions will die yet if he succeeds he will unleash a powerful new threat to the Federation **God and Governing** Roger N. Overton,2009-07-01 Abortion Poverty Pornography More than thirty years ago evangelical conservatives moderates and liberals alike began tackling these and other major social problems head on through concerted political effort The intervening decades witnessed the rise of groups such as the Moral Majority and the Christian Coalition which supported numerous politicians and religiously driven policies Why is it then that despite the seemingly great potential of these and other similar groups the same pervading social problems still persist How is it that evangelicals have been so ineffective at changing the political and social landscape of the United States in a positive way Based on a conference organized by Trinity Law School God and Governing brings together theologians politicians law professors and cultural critics in order to examine the root causes of evangelical political failure over the past thirty years With a foreword by Charles Colson contributors include David Wells Paul Marshall Os Guinness Patrick Nolan Vishal Mangalwadi Dallas Willard Donald McConnell and Stephen Kennedy
