The most European of South American cities Buenos Aires evokes exile and nostalgia A nineteenth century replica of Paris or Madrid set adrift in an alien continent its identity is neither of the Old World nor the New The city's rootlessness has famously found expression in the melancholy of tango and more recently in a vogue for psycho analysis even more widespread than New York's      Cuentos regionales argentinos María Teresa Gramuglio, 1983      **Latin American Writers on Gay and Lesbian Themes** David William Foster, 1994-11-07

Gay and lesbian themes in Latin American literature have been largely ignored This reference fills this gap by providing more than a hundred alphabetically arranged entries for Latin American

authors who have treated gay or lesbian material in their works Each entry explores the significance of gay and lesbian themes in a particular author's writings and closes with a bibliography of primary and secondary sources The figures included have a professed gay identity or have written on gay or lesbian themes in either a positive or negative way or have authored works in which a gay sensibility can be identified The volume pays particular attention to the difficulty of ascribing North American critical perspectives to Latin American authors and studies these authors within the larger context of Latin American culture The book includes entries for men and women and for authors from Latin American countries as well as Latino writers from the United States The entries are written by roughly 60 expert contributors from Latin America the U S and Europe
