Postcolonial Theory and the Making of Hindu Nationalism Meera Nanda, 2025-06-06 This book tells the story of two

strange bedfellows the Postcolonial Left and the Hindu Right It argues that the Postcolonial Left's relentless attacks on the epistemic violence of Western norms of rationality and modernity are providing the conceptual vocabulary for the Hindu Right's project of decolonizing the Hindu mind The postcolonial project of provincializing Europe is widely shared by the Hindu Right and harks back to the Hindu revivalist movements of the nineteenth century This book argues that postcolonial thought in India bears a strong family resemblance in context and content with the conservative revolution that brought down the Weimar Republic in Germany before the Nazi takeover Both an intellectual history of India through the last half century and a critical engagement with postcolonial theory this book will be of interest to scholars of South Asia and the humanities and social sciences at large

Summary of Louise Edington's The Complete Guide to Astrology Everest Media,2022-07-24T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 Astrology is an ancient science that uses observation of the planetary cycles and movements over time to record patterns and events triggered by the movement of the cosmos It is often said to be based on calendrical systems but I would suggest that calendrical systems are based on the movement of the cosmic bodies 2 The history of astrology can be traced back to the Sumerians in Mesopotamia 6 000 years ago who noted the movements of the cosmos From around 2 400 to 331 BCE the Babylonians also known as the Chaldeans created the zodiac wheel with planets 3 Modern western astrology is focused on the psychological and humanistic side though there is a resurgence in some more ancient and predictive techniques especially among younger astrologers The gender assignments of planets and signs are problematic in the modern world 4 Astrology has been popular among leaders rulers and famous people for centuries It has been used to predict the timing of coronations and important decisions

Life Events Prediction Astrology Ram Babu Sao,2025-06-10 Money is Prosperity Vedic Astrology Jyotish is a powerful tool for gaining profound knowledge about every aspect of life Each person is born with a unique set of psychological tendencies and life potentials The book *Life Events Prediction Astrology* is a unique book which is very informative and also easy to understand The horoscope shows us what we are presently working with based on our past actions and thoughts Besides providing deep insight into the past and present the horoscope can also show future trends and events This knowledge can help the individual make use of latent potentials and approach life's challenges with greater care and purpose By understanding the karmic patterns reflected in the horoscope it is possible to work with these tendencies and potentials to promote greater peace prosperity and happiness in life The light that is shed on a dire personal situation by Vedic Astrology is priceless The ancient Vedic system provides a predictive system that can accurately predict life events and different chapters of life called Dasha In Vedic Astrology the palm is used as a support and cross reference to the astrological chart From the palm the relative strength of the planets in the birth chart can be determined It also helps in rectifying the horoscope if there is some doubt about the birth time And it provides the astrologer with additional information about personality life potentials future trends and events The timing of life events is calculated with a detailed system of

planetary time cycles called Dasha There is no equivalent system in Western astrology Vedic astrology provides a greater scope depth and accuracy for predicting the future Given an accurate birth time the Dasha system can precisely show when a period of fortune or misfortune will begin and end and provide actual dates Of two people with wonderful careers great relationship potential and wealth indicated in their charts one may find his niche early in life while the other must experience difficult times to finally achieve prosperity later in life The Vedic system can indicate the timing of such events as well as their extent It uses the Moon s position as the starting point against the background of a Nakshatra in calculations of the planetary periods within the 120 year potential lifespan The principles governing Vedic astrology have remained unaltered for thousands of years Vedic astrology acknowledges only nine planets such as Sun Moon Mercury Venus Mars Jupiter Saturn and the two nodes of the Moon called Rahu and Ketu
