Klein devote their careers both to counseling individual students and to cutting through the daily pressures to show a better way a framework and set of questions to find kids true north what really turns them on in life and how to harness the core qualities that reveal allowing them to choose a course of study a college and a career Even the gentlest parents and teachers tend to play into pervasive societal pressure for students to PERFORM And when we take the foot off the gas we beg the kids to just figure out what their PASSION is Neither is a recipe for mental or physical health or ironically for performance or passion How to Navigate Life shows that successful human beings instead tap into their PURPOSE the why behind the what and how Best of all purpose is a completely translatable quality to every aspect of life from first jobs to last jobs and everything in between
