How to prepare wolf soup

Instructions

Has the Big Bad Wolf been trying to blow down your house? Would you like to capture him and turn him into a meal? Follow these simple steps and you will soon have a tasty bowl of wolf soup!

What you will need

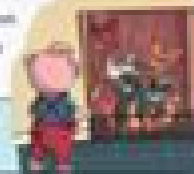

- a handful of onions
- three large carrots
- two potatoes
- some herbs and spices
- cold water from the tap
- a sharp knife
- a wooden spoon
- a large cooking pot

What you need to do

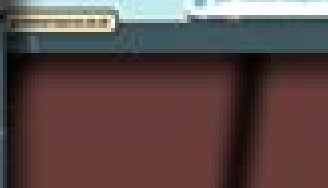

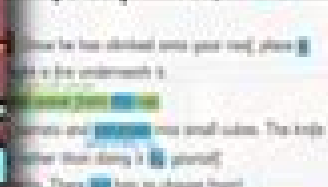

1. First, take out (or the Big Bad Wolf). Once he has climbed onto your roof, place a large cooking pot on the grass and light a few undergrowth.
2. Quickly, fill (fill) the pot with some cold water from the tap.
3. Use the knife to chop up the onions, carrots and potatoes into small cubes. The knife is sharp, so ask an adult to help you rather than doing it by yourself.
4. To add (to add), add some spices or herbs. There are lots to choose from.
5. Then, stir the soup well so all the powder is mixed in.
6. Wait for the wolf to fall down the chimney and land in the pot.
7. Once he is in there, put the lid on the pot and leave the soup to cook for a few hours.

Well done! You have made a delicious soup just in time for lunch. Enjoy!

Namjil,Wang Ruli,2023-08-28 Lending support to the search for the roots of the Altaic language family and pushing forward the field of Altaic mythologies and related topics this comprehensive study of the

early beliefs of China's Altaic peoples is the first thorough systematic academic treatment in this as yet underdeveloped research field. While discussing nine types of Altaic mythologies, *A Comparative Study of Altaic Mythologies in China* uses primary sources in several languages to explore Altaic myths' origins, development over centuries, lineage relationships, and external influences. For this purpose, it compares the mythologies of various ethnic groups within the Altaic language family, Altaic mythologies with those of other cross-language and cross-cultural ethnic groups having direct, indirect, or even no cultural exchanges with them in history, as well as Altaic mythologies with folklore, religion, and other interdisciplinary domains of Altaic Studies by applying the theories and methods of comparative literature studies, comparative folklore studies, and comparative mythology to a vast collection of mythological materials. As wide-ranging as it is deeply researched, this serious exploration of Altaic Studies breaks the boundaries of the previously closed research model, expands theoretical horizons, broadens the research scope, introduces a new mechanism for understanding myths and co-cultures of the Altaic language family, and offers insight toward the reconstruction of Proto-Altaic Mythology.
