Chris Landsberg, Jo-Ansie Van Wyk (political science.), 2012 **Reforming FAO Into the New Millennium** Food and Agriculture Organization of the United Nations, 2000-01-01 In 1997 FAO published an interim document entitled Reforming FAO the challenge of world food security This reviewed the measures taken by the Organization to improve its efficiency and effectiveness decrease costs and ensure the relevance of its work to the needs and expectations of Member Nations The present document complements the 1997 edition and extends the analysis to cover the initiatives taken and changes made in key areas of the Organization over the 1994 1999 period The information and analysis presented here reveal that the past six years of reform have resulted in a leaner fitter and more focused organization In partnership with Member Nations and civil society at all levels a transformed FAO continues to strive towards the difficult but vital goal of universal food security

*Congressional Record* United States. Congress, 1995 *Implications for Developing Countries of Likely Reforms of the Common Agricultural Policy of the European Union* Alan Swinbank, N. F. **Agreements** Food and Agriculture Organization of the United Nations, 1997 **Congressional Record**, **Facing North**

**Volume 2** David Goldsworthy, Peter Edwards, 2015-03-02 Facing North is the first substantial history of Australia's relations with Asia since Federation Volume 1 2001 chronicles Australian Asian relations from 1901 to the 1970s Volume 2 now carries the story through the last decades of the century Both make extensive use of official government sources and of the private collections of ministers and public servants This volume discusses the changing relations between Australia and Asia in the period from the 1970s to 2000 Over this time integration became a dominant theme as Australia looked increasingly to its near neighbours to form political social and economic alliances An important driving force behind this direction was the economic opportunities presented by Asia At the same time Australia championed the rights of Asian countries to self

determination economic development and an independent role in international affairs The book combines the discussion of broad policy themes with detailed analysis of policy making in relation to particular issues such as human rights and episodes such as the crisis in East Timor At home a key concern was the question of difference between Australian and Asian values As Australia began accepting significant numbers of immigrants from the region the country's national identity and the extent to which it identified with Asia became matters of intense debate Australian society itself has changed as a result Facing North is essential reading for anyone who wants to better understand Australia's present relations with Asian countries and our future choices

**Negotiating Regions** Helmut Asche, 2008

**Congressional Record Index**, 1999 Includes history of bills and resolutions

*A.T. & T. Proposed Settlement* United States. Congress. Senate. Committee on Commerce, Science, and Transportation, 1982

*Enhancing Sustainability Through Non-Financial Reporting* Monteiro, Albertina, Borges, Ana Pinto, Vieira, Elvira, 2023-10-16 The lack of transparency and accountability in organizations has made it difficult to identify measure and disclose their sustainable practices and impacts creating a challenge for global sustainability efforts Furthermore there is a lack of consensus on the determinants and impacts of non financial information reporting In response to these challenges *Enhancing Sustainability Through Non Financial Reporting* a book edited by Albertina Monteiro Ana Pinto Borges and Elvira Vieira offers a comprehensive analysis of the relationship between sustainability practices and reporting and the accounting finance and management fields This book provides a platform for both academics and practitioners to share their empirical and theoretical research on the contributions of organizations to sustainable development the determinants and impacts of non financial information reporting the role of sustainability reporting standards and the challenges faced by accounting finance management and auditing It is an essential resource for anyone seeking to enhance sustainability through non financial reporting and is relevant to a wide range of audiences including academics practitioners and other interested individuals and groups

*Open Regionalism in Asia Pacific and Latin America* Mikio Kuwayama, United Nations. Economic Commission for Latin America and the Caribbean. International Trade Unit, 1999 Both in the Asia Pacific region and in Latin America considerable confusion surrounds the concept of open regionalism and casts doubt on its relevance for practical purposes This study surveys the literature on the subject

*Journal of the Senate of the United States of America* United States. Congress. Senate, 1999

**International Economic Policies and Their Theoretical Foundations** John M. Letiche, 2014-06-28 The literature on international economics has become excessively specialized In selecting distinguished readings for this source book including contributions by Nobel laureates such as Lawrence R Klein Arthur Lewis James Meade and Theodore W Schultz Professor Letiche breaks the mold The essays concentrate on interrelation between theory and actual policy design and this collection of classic pieces and recent economic contributions are a valued resource in universities and government offices

*The WTO Agreement on Agriculture and Food Security* Christopher Stevens, 2000 This report deals with an area of overlap between two large areas of study on

livelihoods and food security and on international trade and policy Whilst it concentrates on one small element of each of these broad areas and so ignores many questions it does so for a good reason This is to avoid the danger that the WTO agricultural negotiations fail to contribute as strongly as they might to the promotion of food security precisely because the two areas of work and study overlap only at the margins
