Presence And Thought Essay On The Religious Philosophy Of Gregory Of Nyssa:

Presence and Thought Hans Urs von Balthasar,1995-01-01 Von Balthasar presents one of the few serious studies available on the thought of one of the most important and yet most neglected Fathers of the Church Gregory of Nyssa He was the most profound Greek philosopher of the Christian era a mystic and an incomparable poet whom St Maximus designated as the Universal Doctor and the Second Council of Nicaea declared him Father of Fathers *Presence and Thought* Hans Urs von Balthasar,2014 Von Balthasar presents one of the few serious studies available on the thought of one of the most important and yet most neglected Fathers of the Church Gregory of Nyssa He was the most profound Greek philosopher of the Christian era a mystic and an incomparable poet whom St Maximus designated as the Universal Doctor and the Second Council of Nicaea declared him Father of Fathers *The Eschatology of Hans Urs von Balthasar* Nicholas J. Healy,2005-06-09 The unifying centre of Nicholas J Healy s book is an analysis in dialogue with the metaphysics of Thomas Aquinas of Balthasar s understanding of the analogy of being This discussion of analogy is framed by an interpretation of Balthasar s trinitarian eschatology Healy shows that the ultimate form of the end and thus the measure of all that is meant by eschatology is given in Christ s eucharistic and pneumatic gift of himself a gift that simultaneously lays bare the mystery of God s trinitarian life and enables Christ to return to the Father in communion with the whole of creation Patristic and Medieval Atonement Theory Junius Johnson,2015-12-24 The notion of atonement a process by which humans are made right before God is central to the logic of Christian theology In spite of this major thinkers in the Christian traditions have held vastly different understandings of both the way atonement works and what it means These differing accounts have become intellectual traditions which continue to influence both academic theology and spiritual practice today In spite of the strong dependence of much contemporary thought on early ideas linguistic and cultural barriers often preclude serious study of the original materials Patristic and Medieval Atonement Theory takes a close look at the doctrines that depend on and influence views of atonement in order to make clear what place atonement occupies within the larger system of Christian theology Junius Johnson also considers key concepts and tensions within the doctrine of atonement itself which may be emphasized or glossed over to create the shape of particular doctrines Johnson s guide briefly discusses major figures in the development of Christian doctrines of atonement to the end of the Middle Ages Johnson then turns to the major primary and secondary sources and provides an orientation to the rich literature existing on this topic The attention given to the anatomy of the concepts involved the introduction to the ideas of major thinkers and the survey of available literature makes this an essential guide for students and scholars of Christian theology of any period as well as those who research the Middle Ages but are not specialists in theology **Christ and Culture** Graham Ward,2015-11-04 Leading theologian Graham Ward presents a stimulating series of reflections on Christ and contemporary culture Takes as its starting point Niebuhr s famous volume on Christ and Culture published in the 1970s Explores representations of Christ from sources as diverse as the New

Testament and twentieth century continental philosophy Considers Christ and culture in the light of contemporary categories such as the body gender desire politics and the sublime Develops an original and imaginative Christology rooted in Scriptural exegesis and concerned with today s cultural issues The author has been described as the most visionary theologian of his generation Christ the Key Kathryn Tanner,2010 An innovative Christ centered theology exploring the centrality of Christ for Christian thought and shedding fresh light on major theological issues *The Physics and Metaphysics of Transubstantiation* Mark P. Fusco,2023-08-18 In this book Mark P Fusco offers a historical philosophical and theological review and appraisal of current research into quantum post modern atheistic mathematical and philosophical theories that engage our interpretation of Hans Urs von Balthasar and Ferdinand Ulrich s accounts of Ur Kenosis This cross disciplinary approach inspires a new speculative metaphysical theory based on the representation of being as a holo somatic ontology Holocryptic metaphysics gives us a novel interpretation of transubstantiation as it is founded on the findings of quantum mechanical theory The quantum object and black hole s properties present a new way to explain physical matter based on its holographic identity This scientific theory for representing physical matter s identity is recognized for example in the symmetry existing between a subatomic particle and its orbital shell a single particle s identity in relationship to its thermodynamic system Hawking radiation and black hole entropy Further the properties of quantum non locality and teleportation signpost a new way to understand the Eternal Logos relationship to Jesus Christ and the Eucharist **Genesis and Christian Theology** Nathan MacDonald,Mark W. Towards Baptist Catholicity Steven R. Harmon, 2006-08-01 *Towards Baptist Catholicity* Essays on Tradition and the Baptist Vision contends that the reconstruction of the Baptist vision in the wake of modernity's dissolution requires a retrieval of the ancient ecumenical tradition that forms Christian identity through liturgical rehearsal and ecclesial practice Themes explored include catholic identity as an emerging trend in Baptist theology tradition as a theological category in Baptist perspective the relationship between Baptist confessions of faith and the patristic tradition the importance of Trinitarian catholicity for Baptist faith and practice catholicity in biblical interpretation Karl Barth as a paradigm for a Baptist and evangelical retrieval of the patristic theological tradition worship as a principal bearer of tradition and the role of Baptist higher education in shaping the Christian vision This book submits that the proposed movement towards catholicity is neither a betrayal of cherished Baptist principles nor the introduction of alien elements into the Baptist tradition Rather the envisioned retrieval of catholicity in the liturgy theology and catechesis of Baptist churches is rooted in a recovery of the surprisingly catholic ecclesial outlook of the earliest Baptists an outlook that has become obscured by more recent modern reinterpretations of the Baptist vision and that provides Baptist precedent of a more intentional movement towards Baptist catholicity today

Pursuing Eudaimonia John Matthews, 2013-02-21 This book offers an original account of an ancient alternative form of negative reason which stands in antithesis to its modern instrumental form which has dominated thinking about the pursuit of human development since the Enlightenment It advances arguments for the recovery of such reason as a spiritual and therapeutic way of life and demonstrates that it is impossible to fully appreciate the Christian apophatic tradition without investigating the intricacies of its philosophical heritage The aim of this discussion is the retrieval and rediscovery of invaluable insights from ancient philosophy in the universal pursuit of happiness The book's reappropriation of the negative philosophical and theological articulation of the pursuit of eudaimonia offers to redirect those living in the twenty first century towards the significance of the Christian apophatic ascent and in so doing to assist them in uncapping the wellsprings of human passion desire and happiness

Christian Platonism Alexander J. B. Hampton, John Peter Kenney, 2020-12-17 Platonism has played a central role in Christianity and is essential to a deep understanding of the Christian theological tradition At times Platonism has constituted an essential philosophical and theological resource furnishing Christianity with an intellectual framework that has played a key role in its early development and in subsequent periods of renewal Alternatively it has been considered a compromising influence conflicting with the faith's revelatory foundations and distorting its inherent message In both cases the fundamental importance of Platonism as a force which Christianity defined itself by and against is clear Written by an international team of scholars this landmark volume examines the history of Christian Platonism from antiquity to the present day covers key concepts and engages issues

such as the environment natural science and materialism *Baptism and Christian Identity* Gordon S. Mikoski,2009-07-02 In this book Gordon Mikoski examines how the sacrament of baptism the doctrine of the Trinity and the practice of Christian education together constitute a dynamic nexus that has the potential to foster congregations marked by the formation of both deep Christian identity and creative engagement in public arenas for the common good After establishing the necessity of holding baptism Trinity and ecclesial pedagogy together through his careful study of both Gregory of Nyssa and John Calvin Mikoski outlines how this nexus can function for contemporary Christian communities as they carry out the work of educational ministry He then explores the dynamics of faith formation in the contemporary American context concluding with a suggestive treatment of implications of the baptism Trinity pedagogy nexus for the educational ministry of a given congregation **Eco-Reformation** Lisa E. Dahill,Jim B. Martin-Schramm,2016-10-31 In 2017 Christians around the world will mark the five hundredth anniversary of the Reformation In the midst of many appeals for reformation today a growing number of theologians scholars and activists around the world believe Reformation celebrations in 2017 and beyond need to focus now on the urgent need for an Eco Reformation The rise of industrial fossil fuel driven capitalism and the explosive growth in human population endanger the fundamental planetary life support systems on which life as we know it has evolved The collective impact of human production consumption and reproduction is undermining the ecological systems that support human life on Earth If human beings do not reform their relationship with God s creation unspeakable suffering will befall many especially the weakest and most vulnerable among all species The conviction at the heart of this collection of essays is that a gospel call for ecological justice belongs at the heart of the five hundredth anniversary observance of the Reformation in 2017 and as a if not the central dimension of Christian conversion faith and practice into the foreseeable future Like Luther s Ninety Five Theses this volume brings together critical biblical pastoral theological historical and ethical perspectives that constructively advance the vision of a socially and ecologically flourishing Earth **The Hidden and the Manifest** David Bentley Hart,2017-04-12 Rowan Williams says that David Bentley Hart can always be relied on to offer a perspective on the Christian faith that is both profound and unexpected The Hidden and the Manifest a new collection of this brilliant scholar s work contains twenty essays by Hart on theology and metaphysics Spanning Hart s career both topically and over time these essays cover such subjects as the Orthodox understanding of Eucharistic sacrifice the metaphysics of Paradise Lost Christianity modernity and freedom death final judgment and the meaning of life and many more

Balthasar for Thomists Aidan Nichols,2020-07-01 Students of Catholic theology are often presented with a choice between two great masters Thomas Aquinas and Hans Urs von Balthasar What starts as a cordial difference in form and method often morphs into a bitter rivalry Dominican theologian Father Aidan Nichols sees no need for competition Balthasar for Thomists gives a panoramic view of Balthasar s thought and spirituality unearthing many of his innumerable debts to Aquinas and providing context for their points of divergence The enormous cultural project of Balthasar writes Father

Nichols differs too much from St Thomas pedagogical one to count as a rival to Thomism on the latter's own ground and of course vice versa. While constituting an original form of faithful Catholic thought, Balthasar's approach may be regarded as a synthesis of the influences of Thomas and his Franciscan contemporary St Bonaventure. In its breadth, Balthasar for Thomists serves as a general introduction to Balthasar for those unacquainted with his profound and wide-ranging theology.

The Church and the Problem of Divine Hiddenness Derek King, 2022-12-30. This book offers a theological and more specifically ecclesiological response to the philosophical problem of divine hiddenness. It engages with philosopher J. L. Schellenberg's argument on hiddenness and sets out a theologically rich and fresh response drawing on the ecclesiological thought of Gregory of Nyssa. With careful attention to Gregory's work, the book shows how certain ecclesiological problems and themes are critical to the hiddenness argument. It looks to the gathered church, the church as the body of Christ, and the scattered church, the church as the image of God, for relevance to the hiddenness problem. The volume will be of interest to scholars of theology and philosophy, particularly analytic theologians and philosophers of religion.

When the Son of Man Didn't Come Christopher M. Hays, 2016-06-01. The delay of the Parousia, the second coming of Christ, has vexed Christians since the final decades of the first century. This volume offers a critical, constructive, and interdisciplinary solution to that dilemma. The argument is grounded in Christian tradition while remaining fully engaged with the critical insights and methodological approaches of twenty-first century scholars. The authors argue that the deferral of Christ's prophesied return follows logically from the conditional nature of ancient predictive prophecy: Jesus has not come again because God's people have not yet responded sufficiently to Christ's call for holy and godly action. God, in patient mercy, remains committed to cooperating with humans to bring about the consummation of history with Jesus' return. Collaboratively written by an interdisciplinary and ecumenical team of scholars, the argument draws on expertise in biblical studies, systematics, and historical theology to fuse critical biblical exegesis with a powerful theological paradigm that generates an apophatic and constructive Christian eschatology. The authors, however, have done more than tackle a daunting theological problem; as the group traverses issues from higher criticism through doctrine and into liturgy and ethics, they present an innovative approach for how to do Christian theology in the twenty-first century academy.

Dante in Conversation with Contemporary Theorists Blaise Cirelli, 2024-12-09. Dante's *Divine Comedy* appears on the reading list of almost every university's Humanities Studies department. But often it is thought of as a relic from the past. What if, instead of considering the *Divine Comedy* as a historical artifact, one engaged the text as a work pertinent to the moment? Can we learn anything about our present situation by reading the *Divine Comedy*? Blaise Cirelli brings the *Divine Comedy* to life by challenging readers to consider how contemporary theorists might question Dante about his work. Where would Dante and the theorists agree, and where might they disagree? And which side might the reader of this text choose? This book will both enrich our understanding of Dante's *Divine Comedy* and challenge us to think afresh about our own beliefs.

Bakhtin and Religion Susan M. Felch, Paul J.

Contino, 2001 This work investigates the role of religious thought in shaping and framing Bakhtin's writings. The authors explore Bakhtin's idea of faith as an abstract codification of a belief system and a feeling for faith which involves the active participation of persons both human and divine.
