Maisela,1998 **Lost in the Jungle** Yossi Ghinsberg,2009-03-02 Four travelers meet in Bolivia and set off into the heart of the Amazon rainforest but what begins as a dream adventure quickly deteriorates into a dangerous nightmare and after weeks of wandering in the dense undergrowth the four backpackers split up into two groups But when a terrible rafting accident separates him from his partner Yossi is forced to survive for weeks alone against one of the wildest backdrops on the planet Stranded without a knife map or survival training he must improvise shelter and forage for wild fruit to survive As his feet begin to rot during raging storms as he loses all sense of direction and as he begins to lose all hope he wonders whether he will make it out of the jungle alive Lost in the Jungle is the story of friendship and the teachings of nature and a terrifying true account that you won t be able to put down **Travellers U.S.A. & Canada Survival Kit** Susan Griffith,Simon Calder,1989 **Environmental Health Risks and Public Policy** David V. Bates,1994 How democratic societies discover and deal with such health hazards is the theme of Environmental Health Risks and Public Policy Often frightening in its direct recitation of medical evidence always compelling as the work of a medical man deeply concerned with human health it examines the ways in which science and public policy interact sometimes to protect the public sometimes to thwart prompt action Sword of Fire Emmett McDowell,2011-11-04 Jupiter Jones naked and helpless in the slime of that vile world cursed the space warp that had flung him down among its groveling mutants For their rising excited whispers proclaimed him a knight in shining armor their only hope against the terrible octopods who enslaved them ExcerptThe Mizar a glittering needle with stubby backswept wings hurtled out of deep space arced into orbital flight a thousand kilometers above the surface of the planet The starship had approached from the night side Now as it decelerated rapidly it flashed into the raw orange daylight of the planet s KI type sun angled downward into the stratosphere Inside the Mizar s control blister Jupiter Jones lifted red rimmed eyes to the fuel gauge It showed only a few centigrams left Little more than enough to land He swore under his breath hunched lower over the controls a long loose framed man with a shock of red hair and vivid green eyes The olive uniform of the Galactic Colonization Board was wrinkled as if it had been slept in and he had allowed his beard to grow The bushy orange red mass of it hid his face almost to the eyes He was alone in the ship He d been alone operating the Mizar single handed since Briggs his co pilot had gone crazy and killed himself It had been a damned inconsiderate thing for Briggs to do Jones felt Not that he could altogether blame the co pilot They had blundered into a space warp beyond Alpha Centaurus The Mizar had been flung into an uncharted region of the cosmos hundreds perhaps thousands of parsecs from Sol Hopelessly lost the chance of ever finding their way back to Earth had been slimmer than trying to locate one certain atom of oxygen in Earth s envelope of air Briggs had cracked under the strain When the co pilot had failed to relieve him at the end of his watch Jupiter Jones had switched the controls over to George the robot pilot

and had gone in search of him He d found Briggs dead in his bunk An analysis of his stomach had revealed that he d taken cyanide There had been no note Nothing **The Presenter's Survival Kit, It's a Jungle Out There!** Lori Backer,1995
