Presenting Rosa Guy , Presenting Rosa Guy Jerrie Norris, 1991-12-01 Examines the life and works of the author born in Trinidad and raised in Harlem of such young adult fiction as *Ruby* and *The Friends* A Study Guide for Rosa Guy's "The Friends" Gale, Cengage Learning, 2016 **The Lever of Riches** Joel Mokyr, 1992-04-09 In a world of supercomputers genetic engineering and fiber optics technological creativity is ever more the key to economic success But why are some nations more creative than others and why do some highly innovative societies such as ancient China or Britain in the industrial revolution pass into stagnation Beginning with a fascinating concise history of technological progress Mokyr sets the background for his analysis by tracing the major inventions and innovations that have transformed society since ancient Greece and Rome What emerges from this survey is often surprising the classical world for instance was largely barren of new technology the relatively backward society of medieval Europe bristled with inventions and the period between the Reformation and the Industrial Revolution was one of slow and unspectacular progress in technology despite the tumultuous developments associated with the Voyages of Discovery and the Scientific Revolution What were the causes of technological creativity Mokyr distinguishes between the relationship of inventors and their physical environment which determined their willingness to challenge nature and the social environment which determined the openness to new ideas He discusses a long list of such factors showing how they interact to help or hinder a nation's creativity and then illustrates them by a number of detailed comparative studies examining the differences between Europe and China between classical antiquity and medieval Europe and between Britain and the rest of Europe during the industrial revolution He examines such aspects as the role of the state the Chinese gave up a millennium wide lead in shipping to the Europeans for example when an Emperor banned large ocean going vessels the impact of science as well as religion politics and even nutrition He questions the importance of such commonly cited factors as the spill over benefits of war the abundance of natural resources life expectancy and labor costs Today an ever greater number of industrial economies are competing in the global market locked in a struggle that revolves around technological ingenuity *The Lever of Riches* with its keen analysis derived from a sweeping survey of creativity throughout history offers telling insights into the question of how Western economies can maintain and developing nations can unlock their creative potential *Writers of Multicultural Fiction for Young Adults* M. Daphne Kutzer, 1996-01-09 Multicultural fiction is an essential part of the American literary landscape This reference helps scholars teachers and librarians choose significant texts from both the past and present and provides guidance in approaching multicultural issues as they are discussed in fiction for young adults Included are entries for 51 writers some of whom have nearly been forgotten others who are just emerging Each entry provides biographical critical and bibliographical information while a general bibliography of works on multicultural literature concludes the book Authors included range from the nearly forgotten such as Laura Adams Armer to the newly discovered such as Graham Salisbury winner of the 1994 Scott O Dell

It also incorporates information on literary characters such as Bigger Thomas, Coffin Ed Johnson, Kunta Kinte, Sula, Peace, as well as on character types such as Aunt Jemima, Brer Rabbit, John Henry, Stackolee, and the trickster. Icons of black culture are addressed including vivid details about the lives of Muhammad Ali, John Coltrane, Marcus Garvey, Jackie Robinson, John Brown, and Harriet Tubman. Writing African American Women, Elizabeth A. Beaulieu, 2006-04-30

Women have had a complex experience in African American culture. The first work of its kind, this encyclopedia approaches African American literature from a Women's Studies perspective. While Yolanda Williams Page's *Encyclopedia of African American Women Writers* provides biographical entries on more than 150 literary figures, this book is much broader in scope. Included are several hundred alphabetically arranged entries on African American women writers as well as on male writers who have treated women in their works. Entries on genres, periods, themes, characters, historical events, texts, places, and other topics are included as well. Each entry is written by an expert contributor and relates its subject to the overall experience of women in African American literature. Entries cite works for further reading, and the encyclopedia closes with a selected general bibliography. African American culture is enormously diverse, and the experience of women in African American society is especially complex. Women were among the first African American writers, and works by black women writers are popular among students and general readers alike. At the same time, African American women have been oppressed, and texts by black male authors represent women in a variety of ways. The first of its kind, this encyclopedia approaches African American literature from a Women's Studies perspective and thus significantly illuminates the African American cultural experience through literary works. Included are several hundred alphabetically arranged entries written by numerous expert contributors. In addition to covering male and female African American authors, the encyclopedia also discusses themes, major works, and characters, genres, periods, historical events, places, and other topics. Included are entries on such authors as Maya Angelou, James Baldwin, Frederick Douglass, Nikki Giovanni, June Jordan, Claude McKay, Ishmael Reed, Sojourner Truth, Phillis Wheatley, and many others. In addition, the many works discussed include *Beloved*, *Blanche on the Lam*, *I know Why the Caged Bird Sings*, *The Men of Brewster Place*, *Quicksand*, *The Street*, *Waiting to Exhale*, and many more. The many topical entries

cover Black Feminism Black Nationalism Conjuring Children s and Young Adult Literature Detective Fiction Epistolary Novel Motherhood Sexuality Spirituality Stereotypes And many others Entries relate their topics to the experience of African American women and cite works for further reading Features and Benefits Includes hundreds of alphabetically arranged entries Draws on the work of numerous expert contributors Includes a selected general bibliography Offers a range of finding aids such as a list of entries a guide to related topics and an extensive index Supports the literature curriculum by helping students analyze major writers and works Supports the social studies curriculum by helping students use literature to understand the experience of African American women Covers the full chronological range of African American literature Fosters a respect for cultural diversity Develops research skills by directing students to additional sources of information Builds bridges between African American history literature and Women s Studies

Campbell's Scoop Patty Campbell,2010-02-19 At the request of her many fans Patty Campbell editor of the Scarecrow Studies in Young Adult Literature series has selected some of her best essays articles columns and speeches in Campbell s Scoop These pieces define the boundaries between children s and adult literature and review the trends censorship problems and glories of the genre Other essays reflect on some concerns and interests of young adult literature as it has matured the verse novel ambivalent endings violence the sometimes dubious value of awards and honor lists the graphic novel and the difficulties of the genre s recent overwhelming success A section titled Inside ALA looks at the author s many years of service to that organization with among other pieces a firsthand look at the Best Books committee at work and a report of her attempt to unite booksellers and librarians in common cause Many of these selections show the idiosyncratic wit and passion

that have made Campbell's column a favorite with Horn Book readers an exploration of the meaning of the glut of YA novels with death as a theme or character an indignant denunciation of the fictional abuse of animals a snarky analysis of chick lit and a technical review from the belly dancing critic of a YA novel featuring that ancient art On a more serious note Campbell pleads for what she calls Godsearch in books for teens and pays tribute to her late friend Robert Cormier Without question the essays in Campbell's Scoop provide readers with the unique insights of an advocate who is passionate about young adult literature and its future
