

Presidential Power And American Democracy

Jon R. Bond, Kevin B. Smith

Presidential Power And American Democracy:

Presidential Power and American Democracy Philippa Strum, Kenneth E. Miller, 1979 **Presidential Power and American Democracy** P. Strum, 1979-11-01 **The Supreme Court and American Democracy** Earl Pollock, 2008-12-30

There is almost no political question in the United States wrote Alexis de Tocqueville that is not resolved sooner or later into a judicial question The U S Supreme Court is the ultimate arbiter of judicial questions weighing the laws enacted by the people s representatives against the inviolable fundamental law embodied in the U S Constitution Virtually every vital political and social issue comes before the Court abortion affirmative action capital punishment elections and voting gay rights gun control separation of church and state and more This book presents living law the case by case shaping of the law on each of these controversial issues in the justices own words and with informative commentary There is almost no political question in the United States wrote Alexis de Tocqueville that is not resolved sooner or later into a judicial question The U S Supreme Court is the ultimate arbiter of judicial questions weighing the laws enacted by the people s representatives against the inviolable fundamental law embodied in the U S Constitution Virtually every vital political and social issue comes before the Court abortion affirmative action capital punishment elections and voting gay rights gun control separation of church and state and more This book presents living law the case by case shaping of the law on each of these controversial issues in the justices own words Guide to the Court s functions and the ways in which it goes about its work Topically organized sequences of cases through which the law on particular issues evolved including the facts of each case the specific issues before the Court the Court s decision embodied in the text of the majority opinion an account of all opinions handed down and excerpts from the most influential concurrences and dissents Commentary summarizing current federal law on each of the controversial topics covered with notes on the historical background and in some cases the turbulent aftermath of the Court s decisions Presidential Power Matthew A. Crenson, Benjamin Ginsberg, 2007 This book explores how American presidents especially those of the past three decades have increased the power of the presidency at the expense of democracy **The Presidency and Political Science: Paradigms of Presidential Power from the Founding to the Present: 2014** Raymond Tatalovich, Steven E Schier, 2014-12-18 This history of presidential studies surveys the views of leading thinkers and scholars about the constitutional powers of the highest office in the land from the founding to the present *American Democracy in Peril* William E. Hudson, 2020-02-07 American Democracy in Peril encapsulates the tumultuous state of American politics By introducing the history of democratic theory in terms of four models of democracy Hudson provides readers with a set of criteria against which to evaluate the challenges discussed later This provocative book offers a structured yet critical examination of the American political system designed to stimulate students to consider how the facts they learn about American politics relate to democratic ideals This new edition incorporates the Trump Presidency and the polarization that has accompanied his leadership *Presidential Power* Robert Y. Shapiro, Martha Joynt Kumar, Lawrence R.

Jacobs,2000 Building on Richard Neustadt's work *Presidential Power the Politics of Leadership* this work offers reflections and implications from what has been learned about presidential power Each essay takes a different look at the state of the American presidency *Presidential Power and Accountability* Bruce Buchanan,2013 Annotation Many analysts now believe that the growth of presidential war power relative to Congress is irreversible This book contests that view Buchanan focuses on diagnosing the origins of the problem and devising practical ways to work toward restoration of the constitutional balance of power between Congress and the president PROBLEMS IN AMERICAN DEMOCRACY THAMES ROSS WILLIAMSON,1922 **Institutions of American Democracy: The Judicial Branch** Kermit L. Hall,Kevin T. McGuire,2005-10-27 Presents a collection of essays that provide an examination of the judicial branch of the American government including its history its impact and its future **Institutions of American Democracy** Joel D. Aberbach,Mark A. Peterson,2005-10-27 Presents a collection of essays that provide an examination of the Executive branch in American government explaining how the Constitution created the executive branch and discusses how the executive interacts with the other two branches of government at the federal and state level American Government Scott F. Abernathy,2018-11-14 In the Second Edition of *American Government* author Scott F. Abernathy tunes in to the voices of all Americans showing how our diverse ideas shape the way we participate and behave the laws we live by and the challenges we face From the Constitutional Convention to Ferguson Missouri each chapter features rich personal narratives that illustrate how the American political system is the product of strategies calculations and miscalculations of countless individuals It focuses on real people the actions they take the struggles they face and how their choices influence outcomes The key concepts are memorable because they are tied to real politics where students see political action and political choices shaping how institutions advance or impede the fulfillment of fundamental ideas Participation is at the heart of this groundbreaking new text with ample background on how and why to participate Not only will all students see themselves reflected in the pages but they will come to understand that they too are strategic players in American politics with voices that matter Also available as a digital option courseware Contact your rep to learn more about *American Government* Second Edition Vantage Digital Option *Presidential Power in Latin America* Dan Berbece,2021-12-23 What explains variance in presidential power between countries In *Presidential Power in Latin America* Dan Berbece provides a general systematic theory for explaining presidential power in practice as opposed to presidential power in theory Using expert survey data from Varieties of Democracy V-Dem alongside interviews with high level figures in politics the judiciary the public administration NGOs and academia in Argentina and Chile Berbece argues that constitutional presidential power formal power is a very poor predictor of presidential power in practice informal power Given the poor predictive value of formal rules he provides an explanation why hyperpresidentialism emerges in some countries but not in others Berbece attributes the root causes of hyperpresidentialism to three independent variables the strength of state institutions the size of the president's party in

congress and whether or not the country has a history of economic crises which together determine how likely it is that a president will be able to concentrate power Presidential Power in Latin America will be of key interest to scholars and students of executive politics Latin American politics and more broadly comparative politics

Constitutional Ambiguity and the Interpretation of Presidential Power Richard W. Waterman, 2025-02-01 Examines the role of constitutional ambiguity across the entire spectrum of American history and how it impacts our interpretation of presidential power While the rise of autocratic presidential powers has been widely noted by scholars in recent years with calls by some for a stronger or more accountable presidency Constitutional Ambiguity and the Interpretation of Presidential Power is among the first entirely dedicated to a study of the impact of this ambiguity on how scholars judges and presidents have understood executive power Embarking on a detailed examination of legal historical and political science literature across the broad scope of American history Richard W Waterman examines the concerns of the Constitution s Framers regarding the fear of monarchy and a tyrannical president He then discusses the writing and ratification of the Constitution and by drawing on insights from the time of the Framers to the present day he provides a unique historical timeline related to the discussion and analysis of constitutional ambiguity Over the course of several chapters he finds that no sole theory defines presidential power and ambiguity rules the day allowing presidents to find power in the Constitution s silences as well as its various nooks and crannies which has led to the very real danger of an autocratic presidency

The Law of the Executive Branch Dr. Louis Fisher, 2014-01-03 The scope of presidential authority has been a constant focus of constitutional dispute since the Framing The bases for presidential appointment and removal the responsibility of the Executive to choose between the will of Congress and the President the extent of unitary powers over the military even the ability of the President to keep secret the identity of those consulted in policy making decisions have all been the subject of intense controversy The scope of that power and the manner of its exercise affect not only the actions of the President and the White House staff but also all staff employed by the executive agencies There is a clear need to examine the law of the entire executive branch The Law of the Executive Branch Presidential Power places the law of the executive branch firmly in the context of constitutional language framers intent and more than two centuries of practice In this book Louis Fisher strives to separate legitimate from illegitimate sources of power through analysis that is informed by litigation as well as shaped by presidential initiatives statutory policy judicial interpretations and public and international pressures Each provision of the US Constitution is analyzed to reveal its contemporary meaning in concert with the application of presidential power Controversial issues covered in the book include unilateral presidential wars the state secrets privilege extraordinary rendition claims of inherent presidential powers that may not be checked by other branches and executive privilege

The Transformation of the American Democratic Republic Stephen M. Krason, 2017-09-08 In this stimulating volume Stephen M Krason considers whether the Founding Fathers vision of the American democratic republic has been transformed and if so in what ways He

looks to the basic principles of the Founding Fathers then discusses the changes that resulted from evolving contemporary expectations about government Referencing philosophical principles and the work of great Western thinkers Krason then explores a variety of proposals that could forge a foundation for restoration Acknowledging that any attempt to revive the Founders views on a democratic republic must start in the public sphere Krason focuses on concerned citizens who are aware of the extent to which our current political structures deviate from the Founders vision and want to take action Ultimately a democratic republic can exist be sustained and flourish only when there is a deep commitment to it in the minds and norms of its people Written by a foremost authority in the field of US Constitutional law this book will appeal to those interested in American history society and politics *Trumpism, Bigotry, and the Threat to American Democracy* Larry N. Gerston,2023-12-11 In *Trumpism Bigotry and the Threat to American Democracy* Larry N Gerston examines the near lethal combination of American bigotry and the ability of Donald Trump to take advantage of this scourge to satisfy his own political objective The result is an individual who won election to the American presidency by adroitly pitting members of American society against one another while presenting himself as the only person in the position to save America from itself Having succeeded to the nation s most important political office Trump proceeded to use the position for his own benefit irrespective of laws norms and most importantly the Constitution So powerful was Trump that he and his minions came close to overturning the 2020 presidential election with the January 6 2021 insurrection against the nation s Capitol While Trump failed in his attempt to remain in office the threat to the well being of the United States remains real **Analyzing American Democracy** Jon R. Bond, Kevin B. Smith,2013-05-29 *Analyzing American Democracy* teaches students to think analytically by presenting current political science theories and research in answering the engaging big questions facing American politics today It serves as both an introduction to American politics and to the discipline of political science by reflecting the theoretical developments and empirical inquiry conducted by researchers Every chapter highlights the most current research and discusses related public policy It demonstrates for students how to think critically and analytically bringing theoretical insight to contemporary American politics More than just a comprehensive overview and description of how American politics works Jon Bond and Kevin Smith demonstrate how politics can be studied systematically Throughout the text they introduce students to the insights gleaned from rational choice behavioral and biological approaches to politics Understanding these three social scientific models and their applications helps students get the most out of their American government course and out of this text they learn a way of thinking that they can use to make sense of future challenges facing the American polity A number of features help aid comprehension and critical thinking Key Questions at the start of every chapter frame the learning objectives and concepts Politics in Practice boxes in every chapter encourage students to think critically about how practice compares with theory Tables Figures Charts and Maps throughout present the empirical details of American politics helping students gain quantitative literacy Top Ten Takeaway Points at the end of every chapter

recap the most important points covered but also help students discern the general principles that make sense of the numerous factual details Key Terms are bolded in the text defined in the margins recapped at the end of the chapter and compiled in a glossary all to help insure that students can effortlessly master the vocabulary of American politics and political science in order to move on to the more important concepts **American Government, Second Edition** Timothy O. Lenz, Mirya Holman, 2018-03-21 This exciting new book explores the role of government politics and policy in American lives Full of real life applications and scenarios this text encourages and enables political thinking The second edition has been updated to include recent developments in U S politics and government This includes the description and analysis of the 2016 elections as well as the early Trump administration Chapters have expanded coverage of immigration policy environmental policy economic policy and global affairs including counterterrorism policy The text also includes analysis of racial issues in contemporary American politics and law It also addresses questions about the state of the economy jobs and wages Hyperlinks and URLs provide deeper dives into various topics and examples of comparative politics Presidential Power Robert Y. Shapiro, Martha Joynt Kumar, Lawrence R. Jacobs, 2000-08-31 Richard Neustadt s seminal work Presidential Power The Politics of Leadership has endured for nearly four decades as the core of academic study of the American presidency Now building on and challenging many of the arguments in Neustadt s work Presidential Power Forging the Presidency for the Twenty first Century offers reflections and implications from what we have learned about presidential power as the new century dawns These essays including a new contribution by Neustadt himself forge a solid reexamination of Neustadt s Presidential Power that address questions raised but not resolved by his work A notable aspect of this volume s analysis is the transformed institution of the presidency in the wake of the impeachment hearings of the country s last twentieth century president Bill Clinton From the portrayal of presidents as persuaders to the politics of presidential transitions each of the constituent essays in this volume provides an engaging look at the state of the American presidency

Whispering the Secrets of Language: An Mental Journey through **Presidential Power And American Democracy**

In a digitally-driven world where displays reign great and instant conversation drowns out the subtleties of language, the profound techniques and mental subtleties hidden within words usually move unheard. Yet, located within the pages of **Presidential Power And American Democracy** a charming literary value sporting with natural feelings, lies a fantastic journey waiting to be undertaken. Written by a talented wordsmith, this charming opus attracts visitors on an introspective trip, delicately unraveling the veiled truths and profound affect resonating within ab muscles cloth of each word. Within the emotional depths of this touching evaluation, we will embark upon a sincere exploration of the book is primary subjects, dissect its interesting publishing style, and succumb to the effective resonance it evokes serious within the recesses of readers hearts.
