Presidential Primaries And The Dynamics Of Public Choice:

Presidential Primaries and the Dynamics of Public Choice Larry M. Bartels, 1988-05-21 An illuminating look at how national political parties nominate presidential candidates This innovative study blends sophisticated statistical analyses campaign anecdotes and penetrating political insight to produce a fascinating exploration of one of America's most controversial political institutions the process by which our major parties nominate candidates for the presidency Larry Bartels focuses on the nature and impact of momentum in the contemporary nominating system He describes the complex interconnections among primary election results expectations and subsequent primary results that have made it possible for candidates like Jimmy Carter George Bush and Gary Hart to emerge from relative obscurity into political prominence in nominating campaigns In the course of his analysis he addresses questions central to any understanding or evaluation of the modern nominating process How do fundamental political predispositions influence the behavior of primary voters How quickly does the public learn about new candidates Under what circumstances will primary success itself generate subsequent primary success And what are the psychological processes underlying this dynamic tendency Bartels examines the likely consequences of some proposed alternatives to the nominating process including a regional primary system and a one day national primary Thus the work will be of interest to political activists would be reformers and interested observers of the American political scene as well as to students of public opinion voting behavior the news media campaigns and electoral institutions

Presidential Primaries and the Dynamics of Public Choice

Larry Martin Bartels,1985 This innovative study blends sophisticated statistical analyses campaign anecdotes and penetrating political insight to produce a fascinating exploration of one of America s most controversial political institutions the process by which our major parties nominate candidates for the presidency Larry Bartels focuses on the nature and impact of momentum in the contemporary nominating system He describes the complex interconnections among primary election results expectations and subsequent primary results that have made it possible for candidates like Jimmy Carter George Bush and Gary Hart to emerge from relative obscurity into political prominence in recent nominating campaigns In the course of his analysis he addresses questions central to any understanding or evaluation of the modern nominating process How do fundamental political predispositions influence the behavior of primary voters How quickly does the public learn about new candidates Under what circumstances will primary success itself generate subsequent primary success And what are the psychological processes underlying this dynamic tendency Professor Bartels examines the likely consequences of some proposed alternatives to the current nominating process including a regional primary system and a one day national primary Thus the work will be of interest to political activists would be reformers and interested observers of the American political scene as well as to students of public opinion voting behavior the news media campaigns and electoral institutions

Communication in the Presidential Primaries Kathleen E. Kendall,2000-01-30 In a comparison of communication in the U S presidential primaries of the twentieth century Kendall examines the role of the candidates and the media during the period of primary elections Drawing upon information from a broad array of sources Kendall uncovers communication patterns that transcend time regarding political image horse race coverage and negative campaigning She takes a strong communication perspective arguing that the verbal context of the presidential primaries is an important factor overlooked in traditional studies Topics covered include the effect of party rules on communication the role of speeches and debates the role of political advertising and the media s construction of the primaries in the pre television era and the age of television Kendall examines the 1996 primaries in light of patterns discovered in earlier years and she makes predictions and recommendations regarding the 2000 primaries With its century wide scope and the variety of research methods used the book will be of considerable value to researchers scholars journalists and students involved with political communication and American presidential elections

The Rules and Politics of American Primaries Andrew E. Busch,2019-11-08 Provides an invaluable resource for scholars students and political observers who want a comprehensive picture of the past and present of the U S presidential nominating system across every state In 2020 the parties will again nominate their candidates for president Those nominations will play out in a complicated system of federal law state law national party rules state party rules and informal norms that have developed over decades This resource provides a roadmap for understanding the rules of the game and the ways in which they impact elections and politics across the United States This reference work is organized in two parts Part I consists of a series of short thematic essays discussing topics such as what primaries and caucuses are

what the difference between open and closed primaries is varying methods used by the parties for delegate selection and how campaign finance works in the primaries Part II consists of a state by state description of recent primary caucus history and the methods currently used for delegate selection by Democrats and Republicans in each state **The Oxford Handbook of American Elections and Political Behavior** Jan E. Leighley, 2012-02-16 The Oxford Handbooks of American Politics are the essential guide to the study of American political life in the 21st Century With engaging contributions from the major figures in the field The Oxford Handbook of American Elections and Political Behavior provides the key point of reference for anyone working in American Politics today **The American Presidency** William G. Howell, 2023-02-21 How institutions shape the American presidency This incisive undergraduate textbook emphasizes the institutional sources of presidential power and executive governance enabling students to think more clearly and systematically about the American presidency at a time when media coverage of the White House is awash in anecdotes and personalities William Howell offers unparalleled perspective on the world's most powerful office from its original design in the Constitution to its historical growth over time its elections and transitions to governance its interactions with Congress the courts and the federal bureaucracy and its persistent efforts to shape public policy Comprehensive in scope and rooted in the latest scholarship The American Presidency is the perfect guide for studying the presidency at a time of acute partisan polarization and popular anxiety about the health and well being of the republic Focuses on the institutional structures that presidents must navigate the incentives and opportunities that drive them and the constraints they routinely confront Shows how legislators judges bureaucrats the media and the broader public shape the contours and limits of presidential power Encourages students to view the institutional presidency as not just an object of study but a way of thinking about executive politics Highlights the lasting effects of important historical moments on the institutional presidency Enables students to grapple with enduring themes of power rules norms and organization that undergird democracy Nominating the President Jack Citrin, David Karol, 2009 The 2008 presidential nominations were unprecedented in many ways Marking another step in the democratization of the selection process and a surprising loss of control by party elites the contests in both parties were unusually competitive and the outcomes belied the predictions of experts This book offers a fresh look at the role of parties the constraints of campaign finance the status of front runners and the significance of rules race and gender in the post reform era In this volume leading scholars assess the state of the process with original research about money scheduling superdelegates and the role of race and gender in voting Original analyses show how changes in campaign finance and the scheduling of primaries and caucuses helped determined the outcomes in both parties Race once thought of as a handicap proved an asset for the Obama campaign 2008 marked another milestone in the democratization of the nominations process with expanded participation by rank and file voters in donating money voting and using the Internet This timely book provides a glimpse into the future of party nominations and elections **Change and Continuity in the 2016 Elections**

Mr John Aldrich, Jamie L. Carson, Brad T. Gomez, Mr David Rohde, 2018 Is America in the midst of an electoral transformation What were the sources of Trump's victory in 2016 and how do they differ from Republican coalitions of the past Does his victory signal a long term positive trajectory for Republicans chances in presidential elections Change and Continuity in the 2016 Elections attempts to answer those questions by analyzing and explaining the voting behavior in the most recent election as well as setting the results in the context of larger trends and patterns in elections studies New co author Jamie L Carson brings years of congressional and electoral experience to the book New Directions in the American Presidency Lori Cox Han, 2023-02-21 The third edition of New Directions in the American Presidency provides important updates on all topics throughout the text including new and relevant literature across the subfield of presidency studies within political science Significant changes have occurred within the political environment since the publication of the second edition Many scholars refer to the Trump presidency as a disruption to the political order and each chapter will assess the lessons and legacies of the Trump years and analyze how the Biden presidency is faring in the return to a more traditional style of presidential leadership New to the Third Edition Updated chapter on the 2020 presidential campaign and aftermath Assessment of the Trump years Presidential powers and management of executive branch use of social media relationship with Congress relationship with political parties public opinion domestic and foreign policy Supreme Court appointments Two new chapters unitary powers and intersectionality and the presidency **The Making of the Presidential Candidates 2020** Jonathan Bernstein, Casey B. K. Dominguez, 2019-10-22 A political junkie's guide to the 2020 presidential race Based on original analysis from leading experts on presidential elections Making of the Presidential Candidates 2020 describes all of the systematic aspects of the nomination campaign today party rules fundraising media attention voter coalitions prospects for female candidates and more The contributors carefully consider the nature of modern political parties and the ways that expanded parties affect the dynamics of the campaign The analysis is current up to the 2016 election including a thorough examination of the most fascinating candidate of recent times Donald Trump The only authoritative book on the all important nominating process Making of the Presidential Candidates 2020 will be valuable for college courses at all levels as well as practitioners and political junkies who want to understand the fundamental forces that shape nomination campaigns in the modern era

Direct Democratic Choice Hanspeter Kriesi, 2008-01-01 Direct Democratic Choice sets out to understand how the citizens actually decide in direct democratic votes Author Hanspeter Kriesi has analyzed nearly twenty years of post election surveys in Switzerland 1981 1999 which he has contextualized according to the various political issues and the relevant arguments provided by the political elites This book's core argument is that the citizens who participate in direct democratic votes make competent choices Kriesi's extensive empirical research shows that the majority of these voters arrive at their decisions on the basis of arguments about the advantages and disadvantages of the available options The less competent and less interested citizens either do not vote or if they do employ heuristic shortcuts allowing them to make approximately

reasonable decisions Kriesi provides strong support for an optimistic view of direct democratic decision making but also indicates that this process wherever it occurs can be improved by proper institutional design and by appropriate strategies enacted by the political elite

Strategy, Money and Technology in the 2008 Presidential Election Costas

Panagopoulos,2014-06-11 The 2008 presidential election perhaps more so than the typical quadrennial race will undoubtedly spawn an abundance of scholarly inquiry The confluence of historic and peculiar features associated with the 2008 contest distinguishes it from modern campaign cycles in significant ways that provide researchers a rare opportunity to reflect on a plethora of topics These studies are certain to provide detailed knowledge about the 2008 election in particular and more generally to inform our understanding of contemporary electoral politics The selections in this volume probe specific facets of the 2008 contest to provide in depth analyses of key developments with respect to strategy money and technology in the election cycle The contributors are keen analysts of American elections and campaigns The insights they provide grapple with key questions about the 2008 election and help to demystify aspects of the historic race This book was published as a special issue of the Journal of Political Marketing

The Influence of Polls on Television News Coverage of Presidential Campaigns Vincent M. Fitzgerald,2018-06-12 Since the election of Richard Nixon in 1968 to Donald Trump s victory in 2016 both presidential campaigns and television news have undergone significant changes perhaps most noticeably in the use of public opinion polls in campaign reporting by the national evening newscasts of ABC CBS and NBC The Influence of Polls on Television News Coverage of Presidential Campaigns explores how during the past 50 years the three networks have quadrupled their use of polls during general election campaigns while the amount of time spent covering the actual issues facing the nation has dwindled The increasing focus on polls over the years by television news has resulted in an overall diminished quality of journalism which is relying more and more on sensationalism and theatrics The competition between the candidates has become a central focus of reporting which has led to presidential campaigns being covered like sporting events Major party candidates are portrayed increasingly less like potential leaders of the free world and more like athletes who are winning or losing a ballgame The problem is not exit polls prematurely projecting a winner several hours before voting ends but pre election polls which do the same thing weeks before Election Day Recommended for scholars interested in communication political science history and sociology

Demanding Choices Shaun Bowler,Todd Donovan,2000-12-21

DIVReferenda are becoming a more common way to resolve heated political questions This book shows how voters make choices in referenda div *Obama's Race* Michael Tesler,David O. Sears,2010-11-15 Barack Obama s presidential victory naturally led people to believe that the United States might finally be moving into a post racial era Obama s Race and its eye opening account of the role played by race in the election paints a dramatically different picture The authors argue that the 2008 election was more polarized by racial attitudes than any other presidential election on record and perhaps more significantly that there were two sides to this racialization resentful opposition to and racially liberal support for Obama As

Obama's campaign was given a boost in the primaries from racial liberals that extended well beyond that usually offered to ideologically similar white candidates. Hillary Clinton lost much of her longstanding support and instead became the preferred candidate of Democratic racial conservatives. Time and again voters' racial predispositions trumped their ideological preferences as John McCain, seldom described as conservative in matters of race, became the darling of racial conservatives from both parties. Hard hitting and sure to be controversial, Obama's Race will be both praised and criticized but certainly not ignored.

The Making of the Presidential Candidates 2004 William G. Mayer, 2004. Annotation: This is the third in a series of books about the United States presidential nomination process and shares the same goals as its predecessors and Mayer, political science, Northeastern U, presents nine papers exploring significant components of the nomination process including financing, incumbency, polling, and the role of organized labor. The only non-academic contributing to the proceedings is an editor who provides a discussion of the role of the press. Annotation: 2004. Book News, Inc., Portland, OR. booknews.com

Change and Continuity in the 2020 and 2022 Elections John H. Aldrich, Jamie L. Carson, Brad T. Gomez, Jennifer L. Merolla, 2023-06-16. Is America in the midst of an electoral transformation? What were the sources of Joseph Biden's victory in 2020 and how do they differ from Republican and Democratic coalitions of the past? Does the Democratic victory signal a long-term decline for Republicans' chances in presidential elections? *Change and Continuity in the 2020 and 2022 Elections* explores those questions by analyzing and explaining the voting behavior in the most recent presidential and midterm elections as well as setting the results in the context of larger trends and patterns in elections studies. The authors present the latest National Election Studies data to help students see how social forces, party loyalties, and prominent issues affect voting behavior, turnout, and ultimately the results of presidential and congressional elections. Readers will come away with a better understanding of what the most recent elections mean for the future of American politics.

Media Polls in American Politics Thomas E. Mann, Gary R. Orren, 2010-12-01. Public opinion polls have become staples of contemporary political reporting, and most national news organizations have sophisticated in-house polling operations. The increased number and quality of polls conducted and reported by the press give the public a chance to help see the agendas of campaigns and define the meaning of elections. Yet competition and the need for fast responses to events often lead news organizations to misuse polls in a way that diminishes rather than enhances democracy. Polls can shape public opinion as well as describe it; they can set the news agenda and influence the coverage of political events in ways hostile to a constructive dialogue between citizens and their leaders. In this volume, media specialist and well-known reporters provide a comprehensive survey of the problems and possibilities of polling by media organizations in the 1990s and beyond. Thomas Mann and Gary Orren analyze the strengths and weaknesses of media polls and their impact on American politics. Everett Carl Ladd and John Benson discuss the extraordinary growth of polling in news organizations for the past two decades. Kathleen Frankovic addresses the tension between the needs of news organizations for quick results and the need to

preserve the standards of survey research Henry Brady and Gary Orren examine the most serious methodological problems with news media polls Michael Kagay explores the sources of well publicized variability in poll findings Michael Traugott considers the complicated question of how polls influence the public and whether their effects are benign or harmful Finally E J Dionne Jr examines media organizations obsession with polls and the impact polls have on reporters The authors offer recommendations for improving the conduct and use of media polls so that citizens can make better informed and enlightened decisions about the public agenda Democracy When the People Are Thinking James S. Fishkin, 2018-06-27

Democracy requires a connection to the will of the people What does that mean in a world of fake news relentless advocacy dialogue mostly among the like minded and massive spending to manipulate public opinion What kind of opinion can the public have under such conditions What would democracy be like if the people were really thinking in depth about the policies they must live with If they really deliberated with good information about their political choices This book argues that deliberative democracy is not utopian It is a practical solution to many of democracy s ills It can supplement existing institutions with practical reforms It can apply at all levels of government and for many different kinds of policy choices This volume speaks to a recurring dilemma listen to the people and get the angry voices of populism or rely on widely distrusted elites and get policies that seem out of touch with the public s concerns Instead there are methods for getting a representative and thoughtful public voice that is really worth listening to Democracy is under siege in most countries where democratic institutions have low approval and face a resurgent threat from authoritarian regimes Deliberative democracy can provide an antidote and can reinvigorate our democratic politics Democracy When the People Are Thinking draws on the author s research with many collaborators on Deliberative Polling a process conducted in 27 countries on six continents It contributes both to political theory and to the empirical study of public opinion and participation It should interest anyone concerned about the future of democracy and how it can be revitalized

Presidential Primaries And The Dynamics Of Public Choice Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Presidential Primaries And The Dynamics Of Public Choice free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Presidential Primaries And The Dynamics Of Public Choice free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying

the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Presidential Primaries And The Dynamics Of Public Choice free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Presidential Primaries And The Dynamics Of Public Choice. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Presidential Primaries And The Dynamics Of Public Choice any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Presidential Primaries And The Dynamics Of Public Choice Books

1. Where can I buy Presidential Primaries And The Dynamics Of Public Choice books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
