Presidential Sins:

Weekly Compilation of Presidential Documents, 1978 **Jimmy Carter and the Restoration of Presidential Dignity** Jason Friedman, 2020-01-17 The office of the President of the United States was plagued by scandals in the early 1970s When Jimmy Carter ran for office in 1976 the nation was still struggling to process the Vietnam War and Watergate Questionable presidential decisions prolonged a quagmire in Asia Richard Nixon's illegal surveillance broke the people's trust and Gerald Ford's subsequent pardon of Nixon irrevocably sullied his relationship with the American people Jimmy Carter sought to be the transparent trustworthy leader that the nation demanded Based on archival research and government documents this book explores the steps Carter took during his presidency and how Congress reacted to them Though Carter was not elected for a second term this detailed history makes the case that his legacy has been misrepresented and that he should not be remembered as a failed president but as a man who restored dignity to an office burdened by controversy

Original Sin Jake Tapper, Alex Thompson, 2025-05-20 THE INSTANT 1 NEW YORK TIMES BESTSELLER Superbly reported Reads like a Shakespearean drama on steroids Los Angeles Times Explosive The New York Times The most significant book to date about Biden's cognitive decline The Atlantic Destined to stand alongside classics like Theodore White's *The Making of the President 1960* and even Carl Bernstein and Bob Woodward's *All the President's Men* as one of the great books about American electoral politics Richard Aldous Persuasion From two of America's most respected journalists comes an unflinching and explosive reckoning with one of the most fateful decisions in American political history Joe Biden's run for reelection despite evidence of his serious decline amid desperate efforts to hide the extent of that deterioration In Greek tragedy the protagonist's effort to avoid his fate is what seals his fate In 2024 American politics became a Greek tragedy Joe Biden launched his successful 2020 bid for the White House with the stated goal of saving the nation from a second Trump presidential term He his family and his senior aides were so convinced that only he could beat Trump again they lied to themselves allies and the public about his condition and limitations At his debate with Trump on June 27 2024 the consequences of that deception were exposed to the world It was shocking and upsetting Now the full unsettling truth is being told for the first time Jake Tapper and Alex Thompson take us behind closed doors and into private conversations between the heaviest of hitters revealing how big the problem was and how many people knew about it From White House staffers at the highest to lowest levels to leaders of Congress and the Cabinet from governors to donors and Hollywood players the truth is finally being told What you will learn makes President Biden's decision to run for reelection seem shockingly narcissistic self delusional and reckless a desperate bet that went bust and part of a larger act of extended public deception that has few precedents The story the authors tell raises fundamental issues of accountability and responsibility that will continue for decades The irony is biting In the name of defeating what they called an existential threat to democracy Biden and his inner circle ensured it tossing aside his implicit promise to serve for only one term denying the

existence of health issues the nation had been watching for years dooming the Democrats to defeat The decision to run again the Original Sin of this president led to a campaign of denial and gaslighting leading directly to Donald Trump's return to power and all that has happened as a consequence Rarely does hubris meet nemesis more explosively Wherever you stand on the political spectrum Original Sin is essential reading **The B.S. of A.** Brian Sack, 2011-08-02 WE'RE KNEE DEEP ARE YOU SHOVEL READY Politicians who say anything and do nothing People lamenting Constitutional rights they don't have Protesters equating everyone to Hitler Teeth gritting partisans Tax evading congressmen Fact evading Americans If you're incredibly disenchanted if you feel that this great country of ours is suffering from chronic bullshit at the federal state and local levels good news Not only are you in good company but here's a book to make you feel a little bit better THE B S OF A Whether you voted for hope in 2008 or change in 2010 odds are you're feeling a tad despondent Here at last is a straight talking partisan busting look at politics from humorist Brian Sack who mercilessly pokes fun at The B S of A with a double helping of objectivity and wit pulling no punches and giving partisans politicians and their politics a well deserved shellacking The B S of A takes full advantage of our poorly understood First Amendment to fearlessly cut through the bull on both sides of the aisle and ask serious questions Why does this enormous country have only two real parties How does a bad idea become a terrible law with a misleading name How can you identify the Seven Habits of Highly Partisan People What's the deal with this Constitution thing people keep citing Can we stop comparing people we don't like to Hitler You'll find a handy glossary to thoroughly expand your political vocabulary And perhaps most important you're guaranteed to finish this book with a complete understanding of how to solve America's biggest issues including gun control and abortion The B S of A You're in it so get to know it Actually these issues can't be solved Their complexity was underestimated 572

Presidential Letters Against Abortion , Pope, Or President?, 1859 **The Politics of Moral Sin** Merike Blofield, 2013-09-13 This book analyzes the problems that arise when women's rights conflict with the views of conservative organized religion Specifically it addresses the legalization or lack thereof of divorce and abortion in three recently democratized Catholic countries Spain Chile and Argentina Offering a vital and timely contribution to political debates on democratic consolidation social policy gender politics and religion it challenges many of the accepted assumptions and conclusions in these fields arguing that to understand the political dynamics and policy trajectories on these issues we must first analyze the distribution of both economic and political power Merike Blofield moves the debate away from a unitary focus on values and public opinion to an analysis of how economic social and political structures give certain actors more power than others The topics covered should appeal to a broad readership interested in the difficulties of democratic consolidation in Latin America and the obstacles to social policy reform in a region with such high levels of inequality The analysis presented in *The Politics of Moral Sin* also deepens our understanding of why and how European countries have been so successful in limiting the indulgence of organized religion and in promoting women's rights *The Only Sin Is*
