## **Presidentializing The Premiership:**

**Presidentializing the Premiership** S. Pryce, 1997-08-29 Has the presidentialization of British electoral politics now penetrated other institutional and governmental relationships This book argues it has in respect of the prime ministerial advisory system The prime minister has become a president in the eyes of the electorate but remains a prime minister according to the constitution To bridge this gap between their political and constitutional positions prime ministers have been forced to stretch the constitutional rules about advice and presidentialize their advisory systems *The Oxford Handbook of Political Executives* Rudy B. Andeweg, Robert Elgie, Ludger Helms, Juliet Kaarbo, Ferdinand

Müller-Rommel, 2020-07-30 Political executives have been at the centre of public and scholarly attention long before the inception of modern political science In the contemporary world political executives have come to dominate the political stage in many democratic and autocratic regimes The Oxford Handbook of Political Executives marks the definitive reference work in this field Edited and written by a team of world class scholars it combines substantive stocktaking with setting new agendas for the next generation of political executive research Compound Democracies Sergio Fabbrini, 2010-08-19 This is a major new comparison of the American and European political systems By deploying a powerful new model to analyse the two systems it draws some challenging conclusions about their increasing similarity Professor Fabbrini argues that the process of regional integration in Europe over the last 60 years has significantly reduced the historical differences between the democracies on either side of the Atlantic The EU and the US are now similar because they represent two different species of the same political genus the compound democracy The defining feature of compound democracy is the union of states and their citizens Through such union the states agree to pool their sovereignty within a larger integrated supra state or supranational framework They do so because these unions are primarily pacts for avoiding war Because the states which made those unions were and continue to be asymmetrically correlated any attempt to create a unified polity that is a political system where the decision making power is monopolized by only one institution is likely to fail He goes on to argue that the US and the EU are based on a multiple diffusion of powers which guarantees that any interest can have a voice in the decision making process and no majority will be able to control all the institutional levels of the polity This type of system allows an inter states organization to operate as a supra state polity but it does so at the expense of decision making capacity and accountability

**Monocratic Government** Fortunato Musella, 2022-02-21 Personalisation is the most relevant political phenomenon of our time After the decline of structural and ideological foundations of Western democracies a radical shift from collective to individual actors and institutions has occurred in several political systems On the one hand political leaders have gained centrality on the democratic scene as a consequence of both a more direct sometimes plebiscitary relationship with citizens and a more direct control of the executive administration On the other hand a process of fragmentation occurs at the mass level where electoral volatility has strongly increased and the spread of social media enables each citizen to

express their convictions in the self referential autonomy of the digital networks Monocratic Government The Impact of Personalisation on Democratic Regimes analyses the consequences of personalisation of political leaders on democratic government by asking whether it is possible to keep together *demos* and *kratos* in a post particratic context It explores topics such as governmental decrees Trump governance and includes an analysis of the coronavirus outbreak Offering comparative insights and exploring how political leaders govern in the United States France Germany Italy and Hungary this volume brings into focus the study of political personalisation in relation to some of the key trends and crises in modern politics

**Comparing Westminster** R. A. W. Rhodes, John Wanna, Patrick Weller, 2009-08-27 This book explores how the governmental elites in Australia Britain Canada New Zealand and South Africa understand their Westminster system It examines in detail four interrelated features of Westminster systems Firstly the increasing centralisation in collective responsible cabinet government Second the constitutional convention of ministerial and collective responsibility Third the role of a professional non partisan public service And finally parliament's relationship to the executive The authors explain the changes that have occurred in the Westminster model by analysing four traditions royal prerogative responsible government constitutional bureaucracy and representative government They suggest that each tradition has a recurring dilemma between centralisation and decentralisation party government and ministerial responsibility professionalisation and politicisation and finally elitism and participation They go on to argue that these dilemmas recur in four present day debates the growth of prime ministerial power the decline in individual and collective ministerial accountability politicisation of the public service and executive dominance of the legislature They conclude by identifying five meanings of or narratives about Westminster Firstly Westminster as heritage elite actors shared governmental narrative understood as both precedents and nostalgia Second Westminster as political tool the expedient cloak worn by governments and politicians to defend themselves and criticise opponents Third Westminster as legitimising tradition providing legitimacy and a context for elite actions serving as a point of reference to navigate this uncertain world Fourth Westminster as institutional category it remains a useful descriptor of a loose family of governments with shared origins and characteristics Finally Westminster as an effective political system it is a more effective and efficient political system than consensual parliamentary governments Westminster is a flexible family of ideas that is useful for many purposes and survives even thrives because of its meaning in use to elite actors

*Presidents, Prime Ministers and Chancellors* L. Helms, 2004-12-07 How have the American presidency the British premiership and the German chancellorship changed over the last half century Has there been convergence or divergence in the development of political leadership in the United States and in the two largest democracies of Western Europe And what difference can individual leaders make in an ever more complex political environment Presidents Prime Ministers and Chancellors addresses these questions by looking at the leadership performance of more than two dozen American presidents British prime ministers and German chancellors of the post 1945 period In so doing it offers a unique perspective on the

nature of executive leadership in Western democracies that takes into account both the international and the historical dimension of comparison      **New Labour and the European Union** Oliver Daddow, 2013-01-18 This book explores Tony Blair and Gordon Brown's attempt to sell the European ideal to the British people New Labour came to power in 1997 promising to modernize the country and make it fit for the twenty first century In foreign policy Blair and Brown set about rethinking core components of the British national identity especially the country's relationship to its past and its role in the world Rebranding Britain they argued meant helping the British people feel comfortably at home in the European Union What did New Labour achieve and did its European policy succeed How did Blair and Brown try and persuade the British to accept a European future What were the obstacles they faced and the strategies they used to overcome them This timely study of New Labour's effort to build a pro European consensus in Britain argues that the government failed to live up to its early promises Based on evidence from well over one hundred of Blair and Brown's foreign policy speeches supplemented by interviews with policy makers advisers and speech writers from the time the book is sympathetic to the challenge New Labour set itself but also critical of the rhetorical techniques it used to advance the Europeanist cause Trapped between a broadly hostile media and an apathetic public Blair and Brown failed to provide the necessary leadership to see Britain to a European future Theoretically informed empirically robust and methodologically innovative this novel book will appeal to anyone interested in contemporary British foreign policy the New Labour project and Euroscepticism in Britain

Presidentialism and Democracy in East and Southeast Asia Marco Bünte, Mark R. Thompson, 2022-11-03 Presidentialism and Democracy in East and Southeast Asia examines the impact of presidential systems on democracies by examining three distinct literatures the perilousness of competing legitimacies of the executive and legislative branches issues of institutional design particularly regarding semi presidentialism and the rise of executive aggrandizement Despite often intense political conflict and temporary instability in the East and Southeast Asia presidential systems of various types from relatively pure forms to semi presidentialism and other hybrids have largely been resilient Although there are signs of growing autocratization in several cases presidentialism associated with both accommodation and conflict has usually not driven it This book's contributions to presidentialism debates will be of interests to students and scholars of comparative politics while it also offers detailed analysis of the presidency in these East and Southeast Asian cases      **Premiership** Andrew Blick, G. W. Jones, 2010 The office of Prime Minister stands at the apex of the British political system This work combines the methods of history and political science to produce theories of the development nature and power of the premiership and to explain the implications for present politicians      Presidents, Parties, and Prime Ministers David J. Samuels, Matthew S. Shugart, 2010-05-17 This book provides a framework for analyzing the impact of the separation of powers on party politics Conventional political science wisdom assumes that democracy is impossible without political parties because parties fulfil all the key functions of democratic governance They nominate candidates coordinate campaigns aggregate interests formulate

and implement policy and manage government power When scholars first asserted the essential connection between parties and democracy most of the world's democracies were parliamentary Yet by the dawn of the twenty first century most democracies had directly elected presidents David J Samuels and Matthew S Shugart provide a theoretical framework for analyzing variation in the relationships among presidents parties and prime ministers across the world's democracies revealing the important ways that the separation of powers alters party organization and behavior thereby changing the nature of democratic representation and accountability

**Looking for Leadership** Ryo Sahashi, James Gannon, Yuka Uchida Ando, Yuichi Hosoya, Satoru Mori, Takao Ochi, Harukata Takenaka, 2015-12-29 Democratic leaders around the world are finding it increasingly difficult to exercise strong leadership and maintain public support However there is nowhere that this has proven to be as challenging of a task as Japan which has seen its top leaders change more often over the past 25 years than any other major country in the world The current prime minister has strived to put an end to this pattern but can he buck this historical trend More fundamentally why do Japan's prime ministers find it so difficult to project strong leadership or even stay in office And what are the ramifications for Japan's partners and for the world This volume authored by contributors who straddle the scholarly and policymaking worlds in Japan explores the obstacles facing Japan as it looks for greater leadership and explains why this matters for the rest of the world

**The Oxford Handbook of Political Institutions** R. A. W. Rhodes, Sarah A. Binder, Bert A. Rockman, 2008-06-13 The study of political institutions is among the founding pillars of political science With the rise of the new institutionalism the study of institutions has returned to its place in the sun This volume provides a comprehensive survey of where we are in the study of political institutions covering both the traditional concerns of political science with constitutions federalism and bureaucracy and more recent interest in theory and the constructed nature of institutions The Oxford Handbook of Political Institutions draws together a galaxy of distinguished contributors drawn from leading universities across the world Authoritative reviews of the literature and assessments of future research directions will help to set the research agenda for the next decade

**The Oxford Handbook of Political Leadership** R. A. W. Rhodes, Paul 't Hart, 2014-05-29 Political leadership has made a comeback It was studied intensively not only by political scientists but also by political sociologists and psychologists Sovietologists political anthropologists and by scholars in comparative and development studies from the 1940s to the 1970s Thereafter the field lost its way with the rise of structuralism neo institutionalism and rational choice approaches to the study of politics government and governance Recently however students of politics have returned to studying the role of individual leaders and the exercise of leadership to explain political outcomes The list of topics is high endless elections conflict management public policy government popularity development governance networks and regional integration In the media age leaders are presented and stage managed spun DDL as the solution to almost every social problem Through the mass media and the Internet citizens and professional observers follow the rise impact and fall of senior political officeholders at closer quarters

than ever before This Handbook encapsulates the resurgence by asking where are we today It orders the multidisciplinary field by identifying the distinct and distinctive contributions of the disciplines It meets the urgent need to take stock It brings together scholars from around the world encouraging a comparative perspective to provide a comprehensive coverage of all the major disciplines methods and regions It showcases both the normative and empirical traditions in political leadership studies and juxtaposes behavioural institutional and interpretive approaches It covers formal office based as well as informal emergent political leadership and in both democratic and undemocratic polities

#### **Developments in German Politics 4**

Stephen Padgett, William E. Paterson, Reimut Zohlnhöfer, 2014-07-24 This provides authoritative coverage as well as wide ranging and integrated analysis of politics and policy in Germany today and of its role in Europe and the wider world Bringing together extensively revised and updated chapters by leading authorities it will be essential for students and anyone interested in European politics

*Anglo-American Relations* Alan Dobson, Steve Marsh, 2013-01-17 This book provides an examination of contemporary Anglo American relations Sometimes controversially referred to as the Special Relationship Anglo American relations constitute arguably the most important bilateral relationship of modern times However in recent years there have been frequent pronouncements that this relationship has lost its specialness This volume brings together experts from Britain Europe and North America in a long overdue examination of contemporary Anglo American relations that paints a somewhat different picture The discussion ranges widely from an analysis of the special relationship of culture and friendship to an examination of both traditional e g nuclear relations and more recent e g environment policies

Contemporary developments are discussed in the context of longer term trends and contributing authors draw upon a range of different disciplines including political science diplomacy studies business studies and economics Coupled with a substantive introduction and conclusion the result is an insightful and engaging portrayal of the complex Anglo American relationship The book will be of great interest to students of US and UK foreign policy diplomacy and international relations in general

*Popular Democracy in Japan* Sherry L. Martin, 2011-03-15 *Popular Democracy in Japan* examines a puzzle in Japanese politics Why do Japanese women turn out to vote at rates higher than men On the basis of in depth fieldwork in various parts of the country Sherry L Martin argues that the exclusion of women from a full range of opportunities in public life provokes many of them to seek alternative outlets for self expression They have options that include a wide variety of study hobby and lifelong learning groups a feature of Japanese civic life that the Ministry of Education encourages Women who participate in these alternative spaces for learning tend Martin finds to examine the political conditions that have pushed them there Her research suggests that study group participation increases women s confidence in using various types of political participation including voting to pressure political elites for a more inclusive form of democracy

Considerable overlap between the narratives that emerge from women s groups and a survey of national public opinion identifies these groups as crucial sites for crafting and circulating public discourses about politics Martin shows how the

interplay between public opinion and institutional change has given rise to bottom up changes in electoral politics that culminated in the 2009 Democratic Party of Japan victory in the House of Representatives election

**Presidents in Semi-Presidential Regimes** Rui Graça Feijó, 2020-09-24 This book offers a comparative perspective on the semi presidential regimes of Portugal and Timor Leste suggesting that they both reserve a moderating power for presidents in line with what was theorized by Benjamin Constant Historical legacies political culture and short term political considerations combined create an institutional design that has endured and produced incentives to power sharing and inclusiveness A critical element of this model finds roots in the electoral system facilitating the emergence of independent presidents with political platforms that tend to supersede those of political parties Elected presidents dispose of an array of competences that do not overlap with those of prime ministers but represent a category of its own The vast array of presidential competences contributes to reinforcing a system of checks and balances and to foster horizontal accountability The book argues that this specific form of government with moderating powers and presidents who are largely independent from the party system contributed to the successful democratic transitions of Portugal and Timor Leste

*The Prime Minister-Media Nexus* Karl Magnus Johansson, 2022-10-15 This book offers a systematic inquiry into how why and with what consequences media affects governments and the standing of prime ministers It aims at an understanding of how media has caused institutional effects in government as well as at advancing a unified theory of government communication The author develops a logic of centralization and applies it to one case Sweden Government communication has been institutionalized tightened and centralized with the prime minister and has changed irreversibly Analysis of how the government communication system has evolved mainly in its institutional structures suggests that the shift to centralization arose more out of necessity than choice For prime ministers most of this is about finding ways to ensure that the entire government respond to media uniformly As governments face a set of functional demands from media different kinds of media uniformity has been a paramount objective Nevertheless this development involves shifting dynamics of intra executive relations and a shift of power away from ministries to the prime minister's office the apex of political power The prime minister has been empowered at the expense of ministers through the concentration of power and resources to the executive centre That is partly because of media which reinforces political hierarchies That and the centralized control of government news in turn raises further questions about democratic governance and the nature of modern day governing

*British Government and the Constitution* Colin Turpin, Adam Tomkins, 2011-09-01 Like the immensely successful previous edition of this highly respected work this new edition has been jointly prepared and thorough updated by Colin Turpin and Adam Tomkins It takes fully into account constitutional developments under the coalition government and examines the most recent case law of the Supreme Court the European Court of Justice and the European Court of Human Rights While it includes extensive material and commentary on contemporary constitutional practice the book covers the historical traditions and the continuity of the British constitution

as well as the current tide of change Designed principally for law students the book includes substantial extracts from parliamentary and other political sources as well as from legislation and case law making it ideal for politics and government students With its fresh design it provides a full yet accessible account of the British constitution at a fascinating moment in its ongoing development     Intelligence and national security policymaking on Iraq James Pfiffner, Mark Phythian, 2018-07-30 The decision to go to war in Iraq has had historic repercussions throughout the world The editors of this volume bring together scholarly analysis of the decision making in the U S and U K that led to the war inside accounts of CIA decision making and key speeches and documents related to going to war The book presents a fascinating case study of decision making at the highest levels in the United States and Britain as their leaders planned to go to war in Iraq Just as the Cuban Missile Crisis has been used for decades as a case study in good decision making the decision to go to war in Iraq will be analysed for years to come for lessons about what can go wrong in decisions about war The book presents a fascinating and truly comparative perspective on how President Bush and Prime Minister Blair took their countries to war in Iraq Each had to convince his legislature and public that war was necessary and both used intelligence in questionable ways to do so This book brings together some of the best scholarship and most relevant documents on these important decisions that will reverberate for decades to come

Eventually, you will totally discover a extra experience and achievement by spending more cash. nevertheless when? attain you undertake that you require to acquire those every needs next having significantly cash? Why dont you try to acquire something basic in the beginning? Thats something that will guide you to comprehend even more almost the globe, experience, some places, considering history, amusement, and a lot more?

### **Presidentializing The Premiership Introduction**

Presidentializing The Premiership Offers over 60,000 free eBooks, including many classics that are in the public domain.

Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works.

Presidentializing The Premiership Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Presidentializing The Premiership : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Presidentializing The Premiership : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Presidentializing The Premiership Offers a diverse range of free eBooks across various genres. Presidentializing The Premiership Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Presidentializing The Premiership Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Presidentializing The Premiership, especially related to Presidentializing The Premiership, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Presidentializing The Premiership, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Presidentializing The Premiership books or magazines might include. Look for these in online stores or libraries. Remember that while Presidentializing The Premiership, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Presidentializing The Premiership eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Presidentializing The Premiership full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Presidentializing The Premiership eBooks, including some popular titles.

## FAQs About Presidentializing The Premiership Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Presidentializing The Premiership is one of the best book in our library for free trial. We provide copy of Presidentializing The Premiership in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Presidentializing The Premiership. Where to download Presidentializing The Premiership online for free? Are you looking for Presidentializing The Premiership PDF? This is definitely going to save you time and cash in something you should think about.
