

Presidents Make A Difference

Jeffery A. Jenkins, Craig Volden

Presidents Make A Difference:

Public Papers of the Presidents of the United States United States. President,1999 **The Politics Presidents Make** Stephen Skowronek,1997-03-25 This wholly innovative study demonstrates that presidents are persistent agents of change continually disrupting and transforming the political landscape But each president also inherits a particular type of political context a regime shaped by his predecessors that he either rejects or affirms *Public Papers of the Presidents of the United States, William J. Clinton* United States. President (1993-2001 : Clinton),1999 **Weekly Compilation of Presidential Documents** ,1999 *Public Papers of the Presidents of the United States: Jimmy Carter* Jimmy Carter,United States. President (1977-1981 : Carter),1979 *New Directions in the American Presidency* Lori Cox Han,2017-10-06 Especially coming out of the landmark presidential elections of 2008 and 2016 the study of the American presidency both as a political institution and of those who have held the office is one of the most fascinating and dynamic fields of study within American government *New Directions in the American Presidency* takes a current look at the various issues facing the contemporary presidency and provides a state of the art overview of current trends in the field of presidency research This volume of original chapters by leading presidential scholars is designed to include all the essential topics covered in an undergraduate level presidency course or a graduate level seminar while also bringing together key disciplinary debates and treatment of important current real world developments Each chapter is written with students in mind so that it remains accessible interesting and engaging New to the Second Edition New key chapters on presidents and political parties and presidential leadership essential following the 2016 presidential election A fresh approach to the President and the Constitution and the President and domestic policymaking are provided by new authors for these foundational chapters All chapters have been revised with updates coming out the 2016 election especially in relation to presidential campaign politics media and the Supreme Court **News for Farmer Cooperatives** ,1970 **Scripted for Change** Victoria A. Farrar-Myers,2007 Farrar Myers s analysis will offer theoretical guidance for political scientists understanding of the development of presidential authority and the processes that drive the institutionalization of the presidency and will provide historians with a nuanced understanding of the institution from the period between the end of Reconstruction and the Progressive era **The Coalitions Presidents Make** Marcus Mietzner,2023-12-15 In *The Coalitions Presidents Make* Marcus Mietzner explains how Indonesia has turned its volatile post authoritarian presidential system into one of the world s most stable He argues that since 2004 Indonesian presidents have deployed nuanced strategies of coalition building to consolidate their authority and these coalitions are responsible for the regime stability in place today In building coalitions Indonesian presidents have looked beyond parties and parliament the traditional partners of presidents in most other countries In Indonesia actors such as the military the police the bureaucracy local governments oligarchs and Muslim groups are integrated into presidential coalitions by giving them the same status as parties and parliament But while this

inclusiveness has made Indonesia's presidential system extraordinarily durable it has also caused democratic decline In order to secure the stability of their coalitions presidents must observe the vested interests of each member when making policy decisions The Coalitions Presidents Make details the process through which presidents balance their own powers and interests with those of their partners encouraging patronage oriented collaboration and disincentivizing confrontation

American Difference Lori M. Poloni-Staudinger, Michael R. Wolf, 2015-02-11 Examining democracies from a comparative perspective helps us better understand why politics or who gets what when and how differs among democracies In American Difference American Politics from a Comparative Perspective authors Lori M Poloni Staudinger and Michael R Wolf take the reader through different aspects of democracy political culture institutions interest groups political parties and elections and explore how the US is both different from and similar to other democracies Used in conjunction with a textbook for courses in Introduction to American Politics Introduction to Comparative Politics or Introduction to Politics this book will provide additional context and deepen students understanding of key political concepts

Presidents and Political Thought David J. Siemers, 2010-01-01 What did the president know and when did he know it takes on a whole new meaning in Presidents and Political Thought Though political philosophy is sometimes considered to be dry and abstract many of our presidents have found usable ideas embedded within it In this first comparative study of presidents and political theory David Siemers examines how some of them have applied this specialized knowledge to their job Presidents and Political Thought explores the connection between philosophy and practical politics through a study of six American chief executives John Adams Thomas Jefferson James Madison Woodrow Wilson Franklin D Roosevelt and Bill Clinton Writing at the intersection of politics history and philosophy Siemers combines his extensive understanding of political philosophy with careful research and analysis of individual presidents to produce provocative and astute judgments about how their understanding of political theory affected their performance Each chapter examines a particular president's attitude about political theory the political theorists he read and admired and the ways in which he applied theory in his activities as president Viewing presidents through the lens of political theory enables Siemers to conclude that Madison and Adams have been significantly underrated Wilson is thought to have abandoned his theoretical viewpoint as president but actually he just possessed an unorthodox interpretation of his favorite thinker Edmund Burke Often thought to be so pragmatic or opportunistic that they lacked any convictions FDR and Clinton gained their orientations to politics from political theory These and other insights suggest that we cannot understand these presidencies without being more aware of the ideas the presidents brought to the office Siemers's study takes on special relevance as the United States experiences regime change and a possible party realignment because as he notes Barack Obama has read and learned from political theory too Avoiding much of the jargon that often accompanies political theory this book demonstrates the relevance of political theory in the real world chronicling both the challenges and potentially rich payoffs when presidents conceive of politics not just as a way to reward friends and punish enemies but as a

means to realize principles Leadership Under Fire Ross H. Paul, 2011-08-30 Paul illuminates some of the ways in which Canadian universities are unique and uses these differences to make clear the importance of organizational cultural and institutional fit for leaders confronting critical academic issues such as academic leadership and accountability student success and support university funding and fund raising strategic planning government and community relations and internationalism His analysis reaffirms some long standing practices while arguing that changes are badly needed in others While much has been written about university leadership elsewhere Leadership Under Fire focuses on Canada and some of the men and women who have made a real difference to the quality of its post secondary institutions Paul builds on their stories to offer useful perspectives and advice at a time when the quality of universities was never more critical to the country's economic social and political success **Looking for Daylight** Arthur H. Derosier, 2003-12 Can or will a university college president bring to the office an educational philosophy developed during turbulent times or must he start afresh in a demanding controversial position Arthur DeRosier faced leadership choices during three college presidencies covering a quarter of a century He brought to those presidencies a youth that spanned the Depression and World War II experiences gained through four years in the U S Air Force including the Korean Conflict college education in Mississippi and South Carolina and history professorships and administrative skills gained over 21 years 1956-77 at six institutions of higher learning in four states In Looking For Daylight DeRosier explores the belief system he brought to the president's office the problems encountered along a 25 year journey at three different colleges that required academic skills and patience to develop a graduate program at a regional university and then to play a leadership role in saving two fine private liberal arts colleges from extinction In so doing the author examines the role past experiences and an ever evolving academic philosophy played in avoiding the death of two colleges while diversifying institutional beliefs and activities in the ever changing and always challenging world of higher education What Will It Take to Make A Woman President? Marianne Schnall, 2013-11-05 I would love for my younger fans to read What Will It Take to Make a Woman President by Marianne Schnall It's a collection of interviews and essays by great women including Maya Angelou Gloria Steinem and Melissa Etheridge They will inspire you to become a better leader Beyonc Prompted by a question from her eight year old daughter during the 2008 election of Barack Obama Why haven't we ever had a woman president Marianne Schnall set out on a journey to find the answer A widely published writer author and interviewer and the Executive Director of Feminist.com Schnall began looking at the issues from various angles and perspectives gathering viewpoints from influential people from all sectors What Will It Take to Make A Woman President features interviews with politicians public officials thought leaders writers artists and activists in an attempt to discover the obstacles that have held women back and what needs to change in order to elect a woman into the White House With insights and personal anecdotes from Sheryl Sandberg Maya Angelou Gloria Steinem Nancy Pelosi Nicholas Kristof Melissa Etheridge and many more this book addresses timely provocative

issues involving women politics and power With a broader goal of encouraging women and girls to be leaders in their lives their communities and the larger world Schnall and her interviewees explore the changing paradigms occurring in politics and in our culture with the hope of moving toward meaningful and effective solutions and a world where a woman can be president

Leadership in American Politics Jeffery A. Jenkins, Craig Volden, 2018-01-15 In the polarized governing environment of American politics today the problem of leadership becomes ever more pressing and ever more vexed What defines leadership what determines its importance and effectiveness and how does it differ from one sphere of influence to another these are the questions Leadership in American Politics addresses in an effort to clarify the causes and consequences of the actions that public leaders take The authors prominent scholars from the major subfields of American politics discuss the form and content of leadership in their areas of expertise across the spectrum of American government the executive legislative and judicial branches political parties interest groups bureaucracies the states and foreign policymaking Combining historical theoretical and empirical approaches their essays evaluate the constraints opportunities and influence of leadership in each area as well as the challenges of bridging different realms At a time when understanding the nature and limits of leadership is more important than ever this volume lays the groundwork for the systematic study of leadership within and across American political institutions

Presidential Power Robert Y. Shapiro, Martha Joynt Kumar, Lawrence R. Jacobs, 2000 A collection of essays that reevaluates Richard Neustadt's place in presidential studies and shows that while Neustadt's classic work remains a beacon for the study of the presidency it no longer offers a reliable roadmap embodying the consensus among contemporary scholars

Administration officials presenting details of President's energy proposals. General economic discussion of the effect of Administration and other energy programs. National energy needs and alternative sources United States. Congress. House. Committee on Ways and Means, 1975

Public Papers of the Presidents of the United States, William J. Clinton: Jan. 20-July 31, 1993. bk. 2. Aug. 1-Dec. 31, 1993 United States. President (1993-2001 : Clinton), 1994

The Powers of the Presidency CQ Press, 2012-10-19 Providing both a historical and contemporary perspective on presidential powers The Powers of the Presidency guides readers through the presidency as a constitutional office covering how it was shaped by design at the Constitutional Convention in 1787 and by later constitutional amendments Supreme Court decisions and custom and precedent It discusses the various roles of the chief executive including chief of state chief administrator legislative leader chief diplomat commander in chief and chief economist The fourth edition of this accessible and affordable work has been significantly updated and features Coverage of the final years of George W Bush and the first three years of Barack Obama's presidency Extensive coverage of the Obama Administration's efforts to curb economic decline Updates on the wars in Iraq and Afghanistan the killing of Osama bin Laden and on the treatment of detainees at Guantanamo Bay Coverage of the Arab Spring protests and U S involvement in the military intervention in Libya Barack Obama's health care reform legislation

Congress, the President and Policymaking: A Historical Analysis Jean Reith Schroedel, 2016-09-16 The underlying theoretical premise of this text is that the separation between the executive and legislative functions has important policy consequences and has influenced legislative outcomes The study analyzes the pattern of interaction on banking bill introductions over the past 150 years

This is likewise one of the factors by obtaining the soft documents of this **Presidents Make A Difference** by online.
