**The Press and the Modern Presidency** Louis Liebovich, 1998 A comprehensive examination of press presidential relations in the era since 1960      *The Press and the Modern Presidency* Louis W. Liebovich, 2001-06-30 Scandal and sex sell even in the serious business of presidential news coverage The media deference shown to Kennedy and the scrutiny applied to Clinton illustrate the changed relation between the two and bookend this pertinent updated 1998 Choice Outstanding Academic Book award winner Liebovich tackles misconceptions about the media's role in politics how chief executives cooperate with and manipulate the press as it suits their needs and how ratings pressures have bent coverage of elections and the Executive Branch for the worse Well written thorough and the only book to explore the changing relation between the press and the presidency in the later twentieth century students and researchers alike will profit from reading this work written by one of America's leading scholars in the field For students interested in communications history or contemporary American politics it is an unparalleled administration by administration introduction to the complex and intertwined workings of two of the most powerful and influential forces at work in American politics today It furthermore provides researchers with a solid historical explanation of how both presidential politics and political news coverage have come to be popularly reviled and discounted      Guilty Ann Coulter, 2009-01-06 Liberals seem to have hit upon a reverse Christ story as their belief system He suffered and died for our sins liberals make the rest of us suffer for sins we didn't commit Who are the victims here To hear liberals tell it you'd think they do nothing but suffer at the hands of ruthless entities like the Republican Attack Machine and Fox News Really It's just another instance of the Big Lie of course told so often that some people have actually started to believe it In Guilty Ann Coulter explodes this myth to reveal that when it comes to bullying no one outdoes the Left Citing case after case ranging from the hilariously absurd to the shockingly vicious Coulter dissects these so-called victims who are invariably the oppressors For instance Single mothers Getting pregnant isn't like catching the flu There are volitional acts involved someone else explain it to Dennis Kucinich By this purposeful act single mothers cause irreparable harm to other human beings their own children as countless studies on the subject make clear The myth of the Republican Attack Machine The most amazing thing liberals have done is create the myth of a compliant right wing media with Republicans badgering baffled reporters into attacking Democrats It's so mad it's brilliant It's one kind of lie to say the Holocaust occurred when the Swedes killed the Jews But it's another kind of lie entirely to say the Holocaust occurred when the Jews killed the Nazis Brave liberals In addition to being beautiful compassionate tribunes of the downtrodden liberals are brave I know that because they're always telling me how brave they are Why five nights a week MSNBC's Keith Olbermann courageously books guests who completely agree with him It doesn't get much braver than that Obambi's luck While B Hussein Obama piously condemned attacks on candidates families his media and campaign surrogates ripped open the court sealed divorce records of his two principal opponents in his Senate race in Illinois The offenders are offended Republican senator George Allen's

career was destroyed when he made a joking remark to a privileged Indian American harassing him at campaign stops When did rich kids become a new protected category that must be shielded from words that are insulting in other languages How did Sidarth become a specially anointed victim What did we ever do to India And why didn't we ever hear about the far more offensive anti Semitic flyers of Allen's opponent Jim Webb One essential and recurring truth about self righteous liberals says Coulter is that they viciously attack all while wailing that they are the true victims With Guilty a mordantly witty and shockingly specific catalog of offenses that liberals would rather we ignore and forget Ann Coulter presents exhibits A through Z

**Towel Snapping the Press** James E. Mueller, 2006-05-25 Towel Snapping the Press follows the president's lifelong association with the media showing how he has developed and over the years modified his tactics During Bush's early years in the public eye the press did not scrutinize him but as president he became a subject of

**Containment and Credibility** Pat Proctor, 2016-11-22 Is it possible that a president and his administration would purposefully mislead the American public so that they could commit the United States to a war that is not theirs to fight Anyone with even a remote memory of the phrase weapons of mass destruction probably finds such a question naive On the eve of the fiftieth anniversary of the Vietnam War those with longer memories would consider the unquestioning acceptance of Saddam Hussein's gathering threat even more naive Providing historical context that highlights how the decision to use force is made as well as how it is sold Containment and Credibility explores how the half truths and outright lies of both the Johnson and Nixon administrations brought us into a conflict that cost more than fifty thousand American lives over eight years As we consider how best to confront the growing threat of ISIS it is increasingly important for the public to understand how we were convinced to go to war in the past In the 1960s the domino theory warning of the spread of communism provided the rationale for war followed by the deception of the Gulf of Tonkin Incident and the resulting resolution that essentially gave LBJ a blank check This book will show how this deception ultimately led to the unraveling of the Johnson presidency and will explore the credibility gap that led to the public political debate of that time Containment and Credibility applies the lessons of the sixties to today's similar debates regarding military involvement Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in history books about World War II the Third Reich Hitler and his henchmen the JFK assassination conspiracies the American Civil War the American Revolution gladiators Vikings ancient Rome medieval times the old West and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home

**Encyclopedia of**

**journalism. 6. Appendices** Christopher H. Sterling, 2009-09-25 The six volume Encyclopedia of Journalism covers all significant dimensions of journalism including print broadcast and Internet journalism US and international perspectives history technology legal issues and court cases ownership and economics Richard Nixon, Watergate, and the Press Louis W. Liebovich, 2003-05-30 It s time to revisit Watergate In this compelling reexamination Liebovich draws extensively from newly available sources including recently released Nixon Oval Office tapes FBI reports and personal reminiscences of cover up leader John Dean Liebovich sheds new light on the Nixon administration s extensive foul play zeal to battle and manipulate the press scandalous miring and eventual political disgrace After detailing the nation s news media coverage of the Watergate debacle and the ensuing breakup of American politics Liebovich recounts the scandal s long lasting corrosive effect on presidential and popular politics Scholars and students of the media and latter 20th century American political malaise will be provoked and persuaded by Liebovich s argument that much of the public s cynicism toward the press the president and politics stems from the bitter battles fought in the White House on the front pages and on television screens between the press and Nixon s administration The book focuses on the fight against a press perceived as hostile to the President and charts how the nation s major newspapers and magazines covered the unfolding scandal Newly released sources show how Nixon and his advisors immersed themselves so deeply in a maze of deception and mistrust that none involved could extricate themselves creating a political tragedy that haunts us to this day **The Routledge Companion to Transnational American Studies** Nina Morgan, Alfred Hornung, Takayuki Tatsumi, 2019-04-05 The Routledge Companion to Transnational American Studies provides scholars and students of American Studies with theoretical and applied essays that help to define Transnational American Studies as a discipline and practice In more than 30 essays the volume offers a history of the concept of the transnational and takes readers from the Barbary frontier to Guam from Mexico s border crossings to the intifada s contested zones Together the essays develop new ways for Americanists to read events images sound literature identity film politics or performance transnationally through the work of diverse figures such as Confucius Edward Said Pauline Hopkins Poe Faulkner Michael Jackson Onoto Watanna and others This timely volume also addresses presidential politics and interpictureorial US history from Lincoln in Africa to Obama and Mandela to Trump The essays written by prominent global Americanists as well as the emerging scholars shaping the field seek to provide foundational resources as well as experimental and forward leaning approaches to Transnational American Studies **In the Public Domain** Lori Cox Han, Diane J. Heith, 2012-02-01 The public presidency how presidents rely on the mass media public opinion and various communication strategies has become an increasingly important aspect of presidential governance and leadership during the past two decades In the Public Domain gathers together noted presidency and communication scholars to explore the relationship between the president and the American public the current state of the public presidency and the challenges that recent presidents have faced in developing an effective means of communicating and maintaining a strong presidential

image Specific topics include how presidents use public leadership to pursue their policy goals and objectives the importance of public opinion rhetorical strategies and public activities external factors such as party politics and news media coverage the cultivation of presidential legacy and access to documents in presidential libraries *A Companion to Gerald R. Ford and Jimmy Carter* Scott Kaufman, 2015-12-21 With 30 historiographical essays by established and rising scholars this Companion is a comprehensive picture of the presidencies and legacies of Gerald Ford and Jimmy Carter Examines important national and international events during the 1970s as well as presidential initiatives crises and legislation Discusses the biography of each man before entering the White House his legacy and work after leaving office and the lives of Betty Ford Rosalynn Carter and their families Covers key themes and issues including Watergate and the pardon of Richard Nixon the Vietnam War neoconservatism and the rise of the New Right and the Iran hostage crisis Incorporates presidential diplomatic military economic social and cultural history Uses the most recent research and newly released documents from the two Presidential Libraries and the State Department

**Tag Teaming the Press** James E. Mueller, 2008-06-27 Tag Teaming the Press James Mueller's lively account of the evolution of the press relations of Bill and Hillary Clinton begins with the couple's earliest student political activism in the sixties and continues through Hillary's run for the White House in 2008 Based largely on interviews with the journalists who covered them the book explains how the most powerful political couple in America learned to handle the media an indispensable skill for the twenty first century politician Mueller shows that the Clintons honed that skill through years of interacting with journalists as campaign workers as candidates and as candidates spouses He also makes clear that it is the latter category that makes the Clintons unique among American political couples At various times in their more than 30 years in politics Bill and Hillary have fulfilled a number of roles for each other in dealing with reporters including lightning rod bad cop good cop and schmoozer Mueller examines each of these roles and discusses how the Clintons played them sometimes winning sometimes losing but always well worth watching Written in an engaging style but based on thorough research Tag Teaming the Press is a valuable resource for students of media and politics and an informative read for anyone who cares about American democracy and the role the press plays in it [Blogwars](#) David D. Perlmutter, 2008-03-07 Perlmutter examines the rapidly burgeoning phenomenon of blogging exploring the degree to which it influences or fails to influence American politics

**The American Political Scandal** David R. Dewberry, 2015-08-13 In this holistic examination of political scandal in the United States David Dewberry argues convincingly that such scandals follow a consistent narrative centered largely on media coverage and politician performance rather than the actual corruption or ethics violation committed In making this argument he also provides an analytical framework for understanding the patterns underlying scandals regardless of their unique political contexts Dewberry dissects four major examples Teapot Dome Watergate Iran Contra and Clinton Lewinsky and explores the roles of various constituencies involved in creating reacting to and mediating the scandal What is the true role of journalism within the context of scandal What persuasive techniques do

politicians employ to develop and perpetuate scandals What motives and values bring scandals to a close In addition to the core cases Dewberry incorporates briefer examples from contemporary and ongoing controversies including Anthony Weiner's sexting scandal money and sex in Congress how cover ups have gone digital and Chris Christie's Bridgegate The result is a fascinating and thoughtful look at the relationships among political discourse free speech and democracy *Marketing the Populist Politician* R. Busby, 2009-08-26 Images of political leaders as everyday figures involved in commonplace activities now form an increasingly important aspect of electoral presentation This text examines how and why selected political figures have embraced a populist agenda in a social context and addresses the scope and limitations of such an approach in the US and the UK **Attack the Messenger** Craig Crawford, 2007-09-13 Attack the Messenger is an objective look at the loss of public trust in the news media and the resulting threat to American democracy Biased sloppy and sometimes deceitful reporting is partly to blame but this book primarily examines how politicians declared war on the media's role as an honest broker of information and won Craig Crawford takes readers who crave truth in news through the power struggle between the government and mainstream media as well as directs them on how to avoid political propaganda and find the most reliable news sources *Late-Night in Washington* Stephen J. Farnsworth, S. Robert Lichter, Farah Latif, 2023-09-01 This book traces the trajectory of late night political humor which has long been a staple of entertainment television and is now a prominent part of social media political discourse especially when it comes to the presidency From Richard Nixon on Laugh In to Donald Trump's avatar on Saturday Night Live this book takes the next step and considers how late night comedy treats Joe Biden the new American president who strives to restore a civil public tone but offers far less comedy fodder than his predecessor Employing content analysis public opinion surveys and a variety of other quantitative and qualitative research the authors look beyond the day to day memes and mimes of late night comics and show how political humor may evolve For students and scholars of politics and the media this book will appeal to the general public and political pundits as well

**Routledge Handbook of Character Assassination and Reputation Management** Sergei A. Samoilenko, Martijn Icks, Jennifer Keohane, Eric Shiraev, 2019-12-05 In modern politics as well as in historical times character attacks abound Words and images like symbolic and psychological weapons have sullied or destroyed numerous reputations People mobilize significant material and psychological resources to defend themselves against such attacks How does character assassination work and when does it not Why do many targets fall so easily when they are under character attack How can one prevent attacks and defend against them The Routledge Handbook of Character Assassination and Reputation Management offers the first comprehensive examination of character assassination Moving beyond studying corporate reputation management and how public figures enact and maintain their reputation this lively volume offers a framework and cases to help understand critically analyze and effectively defend against such attacks Written by an international and interdisciplinary team of experts the book begins with a theoretical introduction and extensive description of the five pillars of character assassination 1 the

attacker 2 the target 3 the media 4 the public and 5 the context The remaining chapters present engaging case studies suitable for class discussion These include Roman emperors Reformation propaganda the Founding Fathers defamation in US politics women politicians autocratic regimes European leaders celebrities nations Internet campaigns This handbook will prove invaluable to undergraduate and postgraduate students in communication political science history sociology and psychology departments It will also help researchers become independent critical and informed thinkers capable of avoiding the pressure and manipulations of the media

Culture at the Crossroads Asma Hichri, Samira Mechri, 2021-06-02 This collection explores the interfaces of culture gender and power from politico religious linguistic legal and historiographic perspectives More importantly the contributions gathered here examine culture's manifestations in different socio economic political theoretical and discursive contexts Being aware of the crisis in humanities researchers scholars and experts seek to relocate culture and cultural studies within academia and analyze the epistemological relationship between culture and education while also trying to eschew and refashion the stale conventional methodologies of approaching culture as an academic subject Is it possible to go beyond the crisis in humanities by valorizing culture in social and human sciences on the one hand and natural and exact sciences on the other especially when we take into consideration the escalation of fundamentalist extremist and xenophobic tendencies all over the globe How can we approach the issues of ethics and teaching humanities and sciences This book moves beyond conventional conceptions of culture that associate it with knowledge and enlightenment to suggest a holistic view of culture that enacts the dialectics of power nationality class gender and ethnicity in an ever shifting transnational context Engaging readers in a lively intellectual and cultural debate this volume is essential reading for undergraduate and graduate students teachers critics and scholars from various academic fields and disciplines including historiography cultural studies anthropology political science literature and critical theory
