

Pressure Points in Your Hands

Did you know?

Pressure points are areas of the body that reflect the acupressure points used in traditional Chinese medicine. Traditional practitioners identified specific spots that they believed improved energy flow through the body.

Holistic medicine in China learn to use Qigong, acupuncture and herbal remedies for natural healing ,2023-12-30 Introduction This book teaches a theory and practice of two natural healing methods used in China Every branch of Chinese medicine is holistic but there are countless beds of possible holistic interconnection To achieve greater synergy they must be integrated in accordance with the principles contained herein So these methods are used with greater advantages in China with some variations as you can learn them Chapter 1 and everywhere PART 2 The book is presented in two distinct parts more closely intertwined and follows the guidance of many wise professors who have the privilege of knowing over decades of study Two central ideas were repeatedly found and some teachers embodied them as formulas in a different way the essential meanings were always the same The first central idea is To learn any practice or discipline you need both a solid intellectual understanding and a solid foundation in its practical application Everyone agrees that one's own practice Qigong Taiji healing exercises acupuncture or the application of the method acupuncture herbal medicine food therapies is the ultimate goal Greater intellectual understanding may support greater practical ability but it is valuable to the extent that it serves to promote that enterprise If not it may provide some interesting conversations but it won't tangentially improve your health and life A second central idea is Mastery means mastery or basic Basic principles are the reason for theory and practice A broad solid foundation provides stability for quality construction and growth Even if you choose to build only one base that will be your base in any time of difficulty PART 1 Teorias Fundamentais da Medicina Chinesa presents the theoretical foundations of all Chinese medical science and philosophy Embora is not as detailed as a medical book it is quite extensive for two reasons It provides the intellectual core necessary to understand and realize and deeply familiarize the Western reader with a different way of seeing the world from a Chinese perspective The concepts and practices taught throughout this book arise from a cultural perspective and if we want to learn to apply those practices in our daily lives it will be necessary to make some effort to abandon our own cultural preconceptions and see things with new eyes The details in Part 1 are intended to facilitate that change in perception A majority of PART 2 Holistic Self Care with Chinese Medicine carefully teaches the practical foundations of two Chinese holistic self care methods using the principles learned in Part 1 and offers plenty of room to grow as you become more adept at each Doing practices regularly is the most important thing and in the final analysis leads to the domain giving you the simple most valuable and effective options to assume or control your health in a variety of natural and holistic ways These are methods that you can use forever and that greatly reduce the likelihood of needing to see any doctor whether Chinese or Western

Beat Stress Alice Muir,2012-11-23 Beat Stress is a wholly practical guide to coping with stress which draws on a mixture of CBT and NLP therapies offering both long term solutions and strategies to help you feel better now It gives you a wide range of techniques that will successfully relax both body and mind drawing extensively on Mindfulness practices as well as showing you where you can find support

solutions and strategies online There will be diagnostic tests to assess the level of your problem quick fixes which offer an immediate solution points to remember which will give long term inspiration for those struggling and clear guidance for what you can expect in the next chapter Next Step Designed to make the information work for you this is the most effective and practical guide available to beating stress forever *Reflective Meditation* Katherine Gates,2002-08 Imagine you have become two different people Today you are a Bar Mitzvah studying for a ceremony in November Then suddenly you dream a vivid one no less that you have been transported back in time to 1939 Poland and become part of a Holocaust And you are LIVING this dream And then you dream that you have been transported to Poland in the middle ages And you are a Jew And you are to be eradicated by gentile society that sees Jews as not chosen but sub human How can you react How can you think What do you think What is the TRUE reality How can you survive And what does it mean to be a Jew today or then And what about GOD ADONAI Is GOD listening to us Does GOD care And most important what is the purpose of a modern Bar Bat Mitzvah if it doesn't give the Jews of 2008 a link with the terrors and beliefs of the past And if it isn't meaningful or relevant Imagine you are Reuben Maimon an impressionable young man of almost thirteen about to take the vows of Judaism for his Bar Mitzvah yet with these horrible lifelike dreams he must question who he is and what the purpose of that ceremony is Imagine you are Reuben Maimon living two different lives with the same cast of people and not knowing what the true reality is Imagine Imagine what would happen if you should die before you wake Imagine if you were Reuben Maimon if he should die before he wakes Imagine 7 Steps to Health & Wellness Sonja Christiansen,KRMT,2016-02-20 I often tell my patients that everything we put into our body has a potential to create untoward effects Whether it is the fast food we eat because we do not take the time to eat a well balanced diet the lack of water we are drinking or medications that pose the risk of significant side effects or interacting with other medications that you may already be taking Because of this I tend to take the minimalists approach when it comes to prescribing medication I am judicious in the choice of medications I use in my patients and try to limit what I prescribe to only those medications that I am certain will treat the condition for which they are being seen with the least possible risk for increase in untoward effects After all the first rule of the Hippocratic Oath is to first do no harm Unfortunately with new medications I often find myself being asked to write for prescriptions that may not be properly suited for the situation or patient at hand This is what I find so intriguing and refreshing about this book written by Ms Christiansen Her easy step by step explanation of breathing techniques pressure point massage and tapping offer an almost side effect free method of improving your health regardless of what medical conditions you may have I feel like it is a common sense approach to some well known and widely accepted alternative medicine techniques that empowers the patient to help take control of their health without adding medication and thus increasing the risk for medication induced reactions or interactions I certainly believe alternative medicine can offer a viable alternative in conditions such as anxiety depression and hypertension While as Ms Christiansen points out these technique may not take the place of your medication it is

definitely an adjunct therapy which could prevent the need for additional medications in the future In my opinion it would be worthwhile to learn these simple techniques to see if they benefitted you and offered a natural alternative for treating an underlying medical condition you may have before simply adding another expensive medication which could result in unwanted negative side effects or other unforeseen medical complications Nathan Harper MS APRN CNP Board Certified Family Nurse Practitioner
