**Encyclopedia of British and Irish Political Organizations** Peter Barberis, John McHugh, Mike Tyldesley, 2000-01-01 This major authoritative reference work embraces the spectrum of organized political activity in the British Isles It includes over 2 500 organizations in 1 700 separate entries Arrangement is in 20 main subject sections covering the three main p The British Atlantic Empire Before the American Revolution Glyndwr Williams, 2005-07-08 First Published in 1980 The dynamism within the American colonies in the fifty years or so before the outbreak of the crisis of the 1760s that was to lead to the Revolution has never been in doubt The articles written included in this text suggest a number of ways in which the imperial factor was of real importance in colonial life and show that there was dynamism on the British side as well as in the colonies Reform and Its Complexities in Modern Britain Bruce L. Kinzer, Molly Baer Kramer, Richard Trainor, 2022 The essays in this volume taken together span the era of British history from 1780 to the present that has engrossed the attention of Brian Harrison in a career of more than fifty years In keeping with his diverse interests they vary widely in subject matter Yet each contributes in some fashion to an appreciation of the complexities of reform in modern Britain Throughout his career Harrison has demonstrated an unwavering interest in social movements and pressure groups He has analysed the organisation of reform movements and their bases of support explored the aspirations and beliefs motivating individuals to start or join such movements and examined the ideas and ideals shaping their conception of human improvement No one has done more to show that the significance of a reform movement s triumphs and disappointments can be grasped only in relation to the forces amassed to resist its claims The essays gathered here on the Harrisonian theme of reform and its complexities form an acknowledgment of the massive mark their honouree has made on the study of modern British history They are preceded by a Foreword composed by Keith Thomas and an editorial Introduction tracing the course of Harrison s scholarship and connecting that scholarship to the substance of the essays The volume encompasses both wide ranging analytical investigations and telling case studies All have new things to say on the subject of reform and its complexities in modern Britain Pressure Politics in Contemporary Britain Graham Wootton, 1978

Richardson,1993 British Jewry, Zionism, and the Jewish State, 1936-1956 Stephan E. C.
