and how the desire of Canadians for this new form of representation should be acted on now He does this by presenting readers with a detailed model of the new politics He argues that adopting the model would establish the close collaborative relationship of citizens their MPs cabinet and civil servants needed to strengthen the performance of government Professor Lyon urges politicians to respect the desire of citizens for fundamental change Party politics is he states 19th century politics and fails to meet the needs of today Citizen politics for the 21st century is what he proposes and he argues Canada stands on the cusp of making the change to them
