Elizabeth Ann Weinberg

Prestupnost V Strukturu Obshchestva:

The Development of Sociology in the Soviet Union Elizabeth Ann Weinberg, 2024-11-26 The Development of Sociology in the Soviet Union 1974 examines the institutionalisation of sociology in the Soviet Union Of primary concern are the obstacles to and mechanisms for the acceptance of sociological inquiry The study shows how sociology was advanced as a legitimate discipline in the Soviet Union in the post Stalin years The social characteristics of Soviet sociologists the institutional framework within which they work and the theoretical assumptions underlying their research are analysed In a survey of areas of research of concern to Soviet sociologists including time budget research labour sociology and social stratification emphasis is placed on the purported relation between these areas and wider aspects of Soviet society Public opinion research an area of particular significance in Soviet sociology is examined in depth **International Labour Documentation** ,1972

Sociology in the Soviet Union and Beyond Elizabeth A. Weinberg, 2017-11-28 This fascinating and comprehensive volume traces the development scope and character of sociological research in Russia and subsequently the Soviet Union from the turn of the 20th century to the 1990s Opening with the lively social debates of pre Revolution Russia Elizabeth Weinberg discusses the intellectual factions of the post Revolutionary period and the eventual replacement of idealism with materialism leading to the emergence of Soviet sociology in 1956 The book examines the methods of research that were accepted as valid for Marxist research offering a profile of key Soviet sociologists and the research climate in which they operated It also discusses the main areas of research that predominated in Soviet sociology with separate chapters on two of the most significant public opinion research and time budget studies This fully revised newly updated edition of *The Development of Sociology in the Soviet Union* concludes with a discussion of the involvement of Soviet sociologists in the processes of perestroika and glasnost and the changing position of sociology from the late 1980s onwards **The Keys to Happiness** Laura Engelstein, 2018-08-06 The revolution of 1905 challenged not only the social and political structures of imperial Russia but the sexual order as well Throughout the decade that followed in the salons of the artistic and intellectual avant garde on the pages of popular romances in the staid assemblies of physicians psychiatrists and legal men the talk everywhere was of sex This eagerly awaited book echoing the title of a pre World War I bestseller *The Keys to Happiness* marks the first serious attempt to understand the intense public interest in sexuality as a vital dimension of late tsarist political culture Drawing on a strong foundation of historical sources from medical treatises and legal codes to anti Semitic pamphlets commercial fiction newspaper advertisements and serious literature Laura Engelstein shows how Western ideas and attitudes toward sex and gender were transformed in the Russian context as imported views on prostitution venereal disease homosexuality masturbation abortion and other themes took on distinctively Russian hues Engelstein divides her study into two parts the first focusing on the period from the Great Reforms to 1905 and on the two professional disciplines most central to the shaping of a modern sexual discourse in Russia law and medicine The second part describes the

complicated sexual preoccupations that accompanied the mobilization leading up to 1905 the revolution itself and the aftermath of continued social agitation and intensified intellectual doubt In chapters of astonishing richness the author follows the sexual theme through the twists of professional and civic debate and in the surprising links between high and low culture up to the eve of the First World War Throughout Engelstein uses her findings to rethink the conventional wisdom about the political and cultural history of modern Russia She maps out new approaches to the history of sexuality and shows brilliantly how the study of attitudes toward sex and gender can help us to grasp the most fundamental political issues in any society

Bibliographic Guide to Soviet and East European Studies, 1992 G. K. Hall and Co. Staff,1993-06 *Market as a Weapon* Anton Oleinik,2017-09-08 Power is all encompassing in Russia and mediates most interactions among people including everyday decisions Even the recent administrative reforms in the country which began at the end of the 1990s have tried to reshape the government institutions and modernize the country through the use of power Changes were initiated and implemented by people vested with power Power convention and trust can all support coordination However in the Russian institutional context power tends not only to supplement the alternative coordination mechanisms but also to substitute them Power can be used to solve problems related to social action by merging two or several centers of decision making into one The actor vested with power decides exactly how coordination and adjustment can be achieved This path breaking volume shows how power turns into a unique coordination mechanism and what are consequences of such transformation for everyday life and businesses *Market as a Weapon* focuses on issues of power and domination using the configuration of power relationships in Russia as a critical case but goes far beyond a narrowly defined scope of country specific studies Particular emphasis is put on domination by virtue of a constellation interests in the market since this is a relatively underexplored yet broadly used technique for imposing will in all countries that heavily rely on interventionist policies Instead of being a liberating force the market becomes an additional instrument facilitating the continuous reproduction of power which explains the title of the book Both qualitative and quantitative data including more than one hundred in depth interviews with experts state servants and businesspeople in Russia as well as statistics are used throughout the text of this major book

Sociology in the Soviet Union and Beyond Elizabeth Ann Weinberg,2004 This fascinating and comprehensive volume traces the development scope and character of sociological research in Russia and subsequently the Soviet Union from the turn of the 20th century to the 1990s

The Oxford Handbook of the History of Eugenics Alison Bashford,Philippa Levine,2010-09-24 Eugenic thought and practice swept the world from the late nineteenth to the mid twentieth century in a remarkable transnational phenomenon Eugenics informed social and scientific policy across the political spectrum from liberal welfare measures in emerging social democratic states to feminist ambitions for birth control from public health campaigns to totalitarian dreams of the perfectibility of man This book dispels for uninitiated readers the automatic and apparently exclusive link between eugenics and the Holocaust It is the first world history of eugenics and an indispensable

core text for both teaching and research Eugenics has accumulated generations of interest as experts attempted to connect biology human capacity and policy In the past and the present eugenics speaks to questions of race class gender and sex evolution governance nationalism disability and the social implications of science In the current climate in which the human genome project stem cell research and new reproductive technologies have proven so controversial the history of eugenics has much to teach us about the relationship between scientific research technology and human ethical decision making

Prestupnost V Struktura Obshchestva Introduction

In today's digital age, the availability of Prestupnost V Struktura Obshchestva books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Prestupnost V Struktura Obshchestva books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Prestupnost V Struktura Obshchestva books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Prestupnost V Struktura Obshchestva versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Prestupnost V Struktura Obshchestva books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Prestupnost V Struktura Obshchestva books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Prestupnost V Struktura Obshchestva books and manuals is

Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Prestupnost V Strukturu Obshchestva books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Prestupnost V Strukturu Obshchestva books and manuals for download and embark on your journey of knowledge?
