Representing Africa in Children's Literature Vivian Yenika-Agbaw,2007-12-13 Representing Africa in Children s Literature explores how African and Western authors portray youth in contemporary African societies critically examining the dominant images of Africa and Africans in books published between 1960 and 2005 The book focuses on contemporary children s and young adult literature set in Africa examining issues regarding colonialism the politics of representation and the challenges posed to both insiders and outsiders writing about Africa for children

Adolescent Sexuality, An Issue of Pediatric Clinics of North America Marianne E. Felice,2017-04-28 Dr Felice has put together clinical reviews articles that cover a broad scope of clinical issues that are common among sexually active adolescent patients Some issues addressed include HPV Vaccine Update Treating Dysmenorrhea Menorrhagia New STD Guidelines Emergency Contraception Talking to Parents about Teen Sexuality and Long acting Reversible Contraception Most pediatricians feel poorly equipped to address these problems They are also complicated issues that give the average pediatric clinician pause and often take more time than usually scheduled in a busy practice By providing practical updated information on these clinical problems pediatric practitioners can become more comfortable in dealing with these topics Although many clinicians are not involved with adolescents in the juvenile justice system Dr Felice included an article on this so that pediatricians can be more educated and sensitive to the needs of these young people An article on human trafficking of teens is included with the hope bringing awareness of this issue Articles in this issue were selected specifically because they directly affect primary pediatric care For example an article is included on how to help young people avoid being victims of partner violence rather than an article on sexual abuse and rape because adolescents would be treated in the emergency room and not the pediatrician s office

Queering Elementary Education William J. Letts IV,James T. Sears,1999-10-27

Queering Elementary Education is not about teaching kids to be gay lesbian bisexual or straight It s not part of a sinister stratagem in the gay agenda Instead these provocative and thoughtful essays advocate the creation of classrooms that challenge categorical thinking promote interpersonal intelligence and foster critical consciousness Queer elementary classrooms are those where parents and educators care enough about their children to trust the human capacity for understanding and their educative abilities to foster insight into the human condition Those who teach queerly refuse to participate in the great sexual sorting machine called schooling where diminutive GI Joes and Barbies become star quarterbacks and prom queens while the Linuses and Tinky Winkies become wallflowers or human doormats Queeering education means bracketing our simplest classroom activities in which we routinely equate sexual identities with sexual acts privilege the heterosexual condition and presume sexual destinies Queer teachers are those who develop curriculum and pedagogy that afford every child dignity rooted in self worth and esteem for others In short queering education happens when we look at schooling upside down and view childhood from the inside out This groundbreaking volume demands we explore taken for granted assumptions about diversity identities childhood and prejudice

Working Mother ,2003-04 The magazine that helps career moms balance their personal and professional lives

Handbook of Children and Youth Studies Johanna Wyn,Helen Cahill,Hernán Cuervo,2024-08-20 This second edition of the handbook gives a new scientific perspective to youth and childhood studies as multi scientific and interdisciplinary subjects which as such have not yet found their own framing in a particular discipline It provides theoretical and methodological key debates and issues that develop and add an understanding of childhood and youth research discipline from a broader perspective The Handbook on Children and Youth Studies draws on current thinking but also challenges theoretical and conceptual orthodoxies in the field drawing on interdisciplinary thinking and critical perspectives It focuses on childhood and youth to address the emerging consensus that the boundaries between childhood youth and adulthood are blurred The view that defining youth and childhood largely in terms of problem topics is out dated Instead the handbook focuses on 16 themes that are open to international perspectives and to different conceptual approaches Each theme is edited by a pair of field editors thereby capturing a plurality of views The 16 themes as a starting point are globally timely and they need scientific debates on the boundaries between childhoods youth and adulthood This handbook will meet the needs of childhood and youth researchers and the academics in the field It recognizes the changing social context of the lives of children and young people while developing theoretical frameworks and discussing about the core substantive issues of Children and Youth Studies

Children and Media Dafna Lemish,2015-03-02 Taking a global and interdisciplinary approach Children and Media explores the role of modern media including the internet television mobile media and video games in the development of children adolescents and childhood Primer to global issues and core research into children and the media integrating work from around the world Comprehensive integration of work that bridges disciplines theoretical and research traditions and methods Covers both

critical qualitative and quantitative approaches to the topic **Counseling Asian Indian Immigrant Families** Varughese Jacob, 2017-11-01 This book provides insight into the unique challenges facing Indian and South Asian immigrants in the West particularly in the United States It explores the baggage they carry their expectations versus the realities of negotiating a new cultural social religious and economic milieu nostalgia and idealization of the past and the hybridity of existence Within this context the author discusses factors which often contribute to intergenerational family conflict among this population Jacob asserts that this conflict is largely a product of differences in cultural values and identity acculturation stress and the experience of marginality After analyzing and interpreting empirical data collected from two hundred families he proposes the Praxis Reflection Action PRA Model a five stage therapeutic model and the first pastoral psychotherapeutic model developed for the Asian Indians living in the West
