Pretender to the Throne Vladimir Voïnovich, 1995 This hilarious novel follows the continuing adventures of the simple peasant Ivan Chonkin who has been arrested as a traitor to the motherland after spending World War II happily tending a garden Lacking evidence against him the bumbling bureaucrats base their case on a rumor in his home village that he is the illegitimate son of a prince The comic case of mistaken identity escalates as they accuse this unlikely prince of working in league with Hitler to restore the monarchy In this sequel to *The Extraordinary Life and Adventures of Private Ivan Chonkin* Voinovich ridicules everything that was sacred in the Soviet Union including the army the justice system the press and Stalin in a refreshing combination of dissident conscience and universal humor

Unvarnishing Reality Derek C. Maus, 2012-10-15 *Unvarnishing Reality* draws original insight to the literature politics history and culture of the cold war by closely examining the themes and goals of American and Russian satirical fiction As Derek C Maus illustrates the paranoia of nuclear standoff provided a subversive storytelling mode for authors from both nations including Thomas Pynchon Robert Coover John Barth Walker Percy Don DeLillo Kurt Vonnegut Jr Vasily Aksyonov Yuz Aleshkovsky Alexander Zinoviev Vladimir Voinovich Fazil Iskander and Sasha Sokolov Maus surveys the background of each nation s culture language sociology politics and philosophy to map the foundation on which cold war satire was built By highlighting common themes of utopianism technology and propaganda Maus effectively shows the ultimate motive of satirists on both sides was to question the various forces contributing to the cold war and to expose the absurdity of the continuous tension that pulsed between the United States and the Soviet Union for nearly half a century Although cold war literature has been studied extensively few critics have focused so keenly on comparisons of satirical fictions by Russian and American writers that condemn and subvert the polarizing ideologies inherent in superpower rivalry Such a comparison reveals thematic and structural similarities that transcend specific national and cultural origins In considering these works together Maus locates a thoroughgoing humanistic refutation of the cold war and its operative doctrines as well as a range of proposed alternatives Just as the cold war combatants ultimately reconciled in 1991 with the fall of the Soviet Union Maus seeks to bring these two literary canons together now Their thematic scope transcends cultural differences and as Maus

demonstrates these writers saw that there was not only the atomic bomb to fear but also the dangers of complete national militarization and the constant polarizing threat of emergency Thus their cold war critiques still resonate today and invite further comparative studies such as this one

Global Cold War Literature Andrew Hammond,2011-12-21 In countries worldwide the Cold War dominated politics society and culture during the second half of the twentieth century Global Cold War Literatures offers a unique look at the multiple ways in which writers from Asia Africa Europe and North and South America addressed the military conflicts revolutions propaganda wars and ideological debates of the era While including essays on western European and North American literature the volume views First World writing not as central to the period but as part of an international discussion of Cold War realities in which the most interesting contributions often came from marginal or subordinate cultures To this end there is an emphasis on the literatures of the Second and Third Worlds including essays on Latin American poetry Soviet travel writing Chinese autobiography African theatre North Korean literature Cuban and eastern European fiction and Middle Eastern fiction and poetry With the post Cold War era still in a condition of emergence it is essential that we look back to the 1945 89 period to understand the political and cultural forces that shaped the modern world The volume s analysis of those forces and its focus on many of the hot spots Afghanistan Iran North Korea that define the contemporary war on terror make this an essential resources for those working in Postcolonial American and English Literatures as well as in History Comparative Literature European Studies and Cultural Studies Global Cold War Literatures is a suitable companion volume to Hammond s Cold War Literature Writing the Global Conflict also available from Routledge

Monumental Propaganda Vladimir Voinovich,2007-12-18 From Vladimir Voinovich one of the great satirists of contemporary Russian literature comes a new comic novel about the absurdity of politics and the place of the individual in the sweep of human events Monumental Propaganda Voinovich s first novel in twelve years centers on Aglaya Stepanovna Revkina a true believer in Stalin who finds herself bewildered and beleaguered in the relative openness of the Khrushchev era She believes her greatest achievement

was to have browbeaten her community into building an iron statue of the supreme leader which she moves into her apartment after his death And despite the ebb and flow of political ideology in her provincial town she stubbornly and at all costs centers her life on her private icon Voinovich's humanely comic vision has never been sharper than it is in this hilarious but deeply moving tale equally all seeing about Stalinism the era of Khrushchev and glasnost in the final years of Soviet rule The New York Times Book Review called his classic work *The Life Extraordinary Adventures of Private Ivan Chonkin* a masterpiece of a new form socialist surrealism the Soviet Catch 22 written by a latter day Gogol In *Monumental Propaganda* we have the welcome return of a truly singular voice in world literature *The absurd in literature* Neil

Cornwell,2013-07-19 Neil Cornwell's study while endeavouring to present an historical survey of absurdist literature and its forbears does not aspire to being an exhaustive history of absurdism Rather it pauses on certain historical moments artistic movements literary figures and selected works before moving on to discuss four key writers Daniil Kharmis Franz Kafka Samuel Beckett and Flann O'Brien The absurd in literature will be of compelling interest to a considerable range of students of comparative European including Russian and Central European and English literatures British Isles and American as well as those more concerned with theatre studies the avant garde and the history of ideas including humour theory It should also have a wide appeal to the enthusiastic general reader **Contemporary Jewish Writing in Europe** Vivian Liska,Thomas

Nolden,2007-12-05 With contributions from a dozen American and European scholars this volume presents an overview of Jewish writing in post World War II Europe Striking a balance between close readings of individual texts and general surveys of larger movements and underlying themes the essays portray Jewish authors across Europe as writers and intellectuals of multiple affiliations and hybrid identities Aimed at a general readership and guided by the idea of constructing bridges across national cultures this book maps for English speaking readers the productivity and diversity of Jewish writers and writing that has marked a revitalization of Jewish culture in France Germany Austria Italy Great Britain the Netherlands Hungary Poland and Russia The Firebird and the Fox Jeffrey Brooks,2019-10-24 A century of Russian artistic genius
