Prevention Of Humanitarian Emergencies:

The Prevention of Humanitarian Emergencies E. Wayne Nafziger, Raimo Väyrynen, 2016-01-23 Since the end of the cold war civil wars and state violence have escalated resulting in thousands of deaths This book provides a toolbox for donors international agencies and developing countries to prevent humanitarian emergencies The emphasis is on long term rather than mediation or reconstruction after the conflict ensues *The Prevention of Humanitarian Emergencies* Raimo Väyrynen, Sida, 1998 **The Prevention and Intervention of Genocide** Samuel Totten, 2017-09-08 Over the last twenty years the world has witnessed four major genocides There was the genocide in Iraq 1988 in Rwanda 1994 in Srebrenica 1995 and in Darfur 2003 and continuing Most observers agree there is an urgent need to assess the international community's efforts to prevent genocide and to intervene once a genocide is under way in an effective and timely manner This volume the latest in a widely respected series on the subject of genocide provides an overview of a host of issues germane to this task The book begins with a cogent discussion of the issues of prevention and intervention during the Cold War years The second chapter discusses the abject failures and moderate though in some cases highly controversial successes at prevention and intervention carried out in the 1990s and early 2000s Further chapters examine latest efforts to develop an effective genocide early warning system and examine the complexity of and barriers to prevention The pros and cons of sanctions and the problems of enforcement and evaluation their effectiveness are then discussed Conflicts between state sovereignty and the protection of threatened populations are examined both in historical context and by incorporating the latest thinking Later chapters treat the issue of intervention why and how it has met with only limited success Concentrating on Rwanda and Srebrenica chapter 8 discusses various peace operations that were abject failures and those that were moderately successful The concept of an anti genocide regime is examined in terms of progress in developing such a regime as well as what the international community must do in order to implement it Chapters discuss key issues related to post genocidal periods those that need to be addressed in order to establish stability in a wounded land and populace as well as to prevent future genocides The final chapter asks whether bringing perpetrators to justice has any impact in breaking impunity ensuring deterrence and bringing about reconciliation The contributors to the volume are all noted scholars some of whom specialize in the study of genocide and others who specialize in such areas as early warning peacekeeping and sanctions *Health in Humanitarian Emergencies* David Townes, 2018-05-31 The fields of Global Health and Global Emergency Response have attracted increased interest and study There has been tremendous growth in the educational opportunities around humanitarian emergencies however educational resources have not yet followed the same growth This book corrects this trend offering a comprehensive single resource dedicated to health in humanitarian emergencies Providing an introduction to the public health principles of response to humanitarian emergencies the text also emphasizes the need to coordinate the public health and emergency clinical response within the architecture of the greater response effort With contributing

authors among some of the world's leading health experts and policy influencers in the field the content is based on best practices peer reviewed evidence and expert consensus The text acts as a resource for clinical and public health practitioners graduate level students and individuals working in response to humanitarian emergencies for government agencies international agencies and NGOs The International Legal Protection of Persons in Humanitarian Crises Dug

Cubie, 2017-04-20 The instinctual desire to support those in need irrespective of geographic cultural or religious links is both facilitated and overwhelmed by the extent of information now available about the multiple humanitarian crises which occur on a daily basis around the world Behind the images of devastating floods and earthquakes or massive forced displacements resulting from armed conflicts is the all too real suffering faced by individuals and families From the 2004 Indian Ocean Tsunami to the on going conflict in Syria recent years have seen an increasing debate regarding the international legal mechanisms to protect persons in such humanitarian crises The International Legal Protection of Persons in Humanitarian Crises argues that an *acquis humanitaire* is identifiable through the interconnected web of existing and emerging international regional and national laws policies and practices for the protection of persons caught up in humanitarian crises Indeed the humanitarian imperative to alleviate suffering wherever it may be found permeates various branches of international law and is reflected in the extensive humanitarian activities undertaken by States and other actors in times of armed conflict population displacement and disaster Dug Cubie argues that by clarifying the conceptual framework and normative content of the *acquis humanitaire* gaps and lacunae can be identified and the overall protection of persons strengthened *Prevention of Violence Against Women and Girls* Tamsin Bradley, Janet Gruber, 2021-09-16 Prevention of Violence Against Women and Girls argues that women and girls are vulnerable across all areas of society and that therefore a commitment to end violence against women and girls needs to be embedded into all development programmes regardless of sectorial focus This book presents an innovative framework for sensitisation and action across development programmes based on emerging best practices and lessons learnt and illustrated through a number of country contexts and a range of programmes Overall it argues that SDG 5 can only be achieved with a systematic model for mainstreaming an end to violence against women and girls no matter what the priorities of the particular development programme might be Demonstrating how the approach can be applied across contexts the authors explore cases from the energy sector health and humanitarian intervention and from countries as varied as South Sudan Myanmar Rwanda Nepal and Kenya Drawing on nearly three decades of experience working on gender health and violence against women programmes as both practitioners and academics the authors present key lessons which can be used by students researchers and practitioners alike
