Quien Mato A Rosendo:

Quién mató a Rosendo? Rodolfo J. Walsh, 1969 Political Violence and Trauma in Argentina Antonius C. G. M. Robben, 2010-11-24 For decades Argentina's population was subject to human rights violations ranging from the merely disruptive to the abominable. Violence pervaded Argentine social and cultural life in the repression of protest crowds, a ruthless counterinsurgency campaign, massive numbers of abductions, instances of torture and innumerable assassinations. Despite continued repression, thousands of parents searched for their disappeared children, staging street protests that eventually marshaled international support. Challenging the notion that violence simply breeds more violence, Antonius C. G. M. Robben's provocative study argues that in Argentina, violence led to trauma and that trauma bred more violence. In this work of superior scholarship, Robben analyzes the historical dynamic through which Argentina became entangled in a web of violence spun out of repeated traumatization of political adversaries. This violence-trauma-violence cycle culminated in a cultural war that disappeared more than ten thousand people and caused millions to live in fear. Political Violence and Trauma in Argentina demonstrates through a groundbreaking multilevel analysis the process by which different historical strands of violence coalesced during the 1970s into an all-out military assault on Argentine society and culture. Combining history and anthropology, this compelling book rests on thorough archival research, participant observation of mass demonstrations, exhumations and reburials, gripping interviews with military officers, guerrilla commanders, human rights leaders and former disappeared captives. Robben's penetrating analysis of the trauma of Argentine society is of great importance for our understanding of other societies undergoing similar crimes against humanity. **Argentina** Jill Hedges, 2011-06-30 In the early 20th century, Argentina possessed one of the world's most prosperous economies; yet since then, Argentina has suffered a series of boom and bust cycles that have seen it fall well below its regional neighbours such as Chile. At the same time, despite the lack of significant ethnic or linguistic divisions, Argentina has failed to create an overarching post-independence national identity, and its political and social history has been marked by frictions, violence and a 50-year series of military coups d'état. Such difficulty in defining and resolving a common past has increased the complexity of resolving a national project for the present and future. This lack of a national sense of identity, highlighted by continuing frictions between Buenos Aires and the interior over the centralization of power in the capital, is perhaps one factor explaining the enduring attraction of Peronism since its origins in the early 1940s. Juan Perón's maxim, 'I define I exclude', provided for a broad form of identification covering a range of different regional socioeconomic and political experiences. However, it also provided the basis of an amorphous and ideologically vacuous political platform that has eluded precise definition for 50 years, thus distorting the country's entire political spectrum. Jill Hedges here analyses the modern history of Argentina from the adoption of the 1853 constitution until the present day, highlighting the political factionalism, the weakness of and lack of trust in political institutions and economic dependence on foreign capital, which have contributed to

its political instability and economic fluctuation Exploring political economic and social aspects of Argentina's recent past this book will be invaluable to anyone interested in South American history and politics *ANCLA. A clandestine communication experience guided by Rodolfo Walsh - Una experiencia de comunicación clandestina orientada por Rodolfo Walsh* Natalia Vinelli, 2024* The ANCLA news agency is a model of cultural resistance Promoted by Rodolfo Walsh the agency depended on the Department of Information and Intelligence of the Montoneros It was a political tool against the military dictatorship The poet Vicente Zito Lema wrote in the prologue that ANCLA is a founding moment for an epic of resistance in the field of communication which for its tragic magnificence for its ethical disproportion deserves to be associated with culminating moments of humanism This book by Natalia Vinelli is being reprinted at a sombre time Its original version was published in 2000 by the legendary publishing house La Rosa Blindada For the first time it is translated into English These are motivating pages Because as Zito Lema said about Walsh about Vinelli in brave times silence kills and the word burns La agencia de noticias ANCLA es un modelo de resistencia cultural Impulsada por Rodolfo Walsh la agencia dependi del Departamento de Informaciones de Montoneros Fue una herramienta política contra la dictadura militar El poeta Vicente Zito Lema escribi en el prólogo que ANCLA es un momento fundante para una epica de resistencia en el ámbito de la comunicación que por su trágica magnificencia por su desmesura merece asociarse a momentos culminantes del humanismo Este libro de Natalia Vinelli se reedita en un tiempo sombrío Su versión original se publicó en 2000 bajo el sello de la mítica editorial La Rosa Blindada Por primera vez se traduce al inglés Son páginas movilizadoras Porque como decía Zito Lema sobre Walsh sobre Vinelli en tiempos bravos el silencio mata y la palabra quema **The Routledge Handbook of Violence in Latin American Literature** Pablo Baisotti, 2022-02-28 This Handbook brings together essays from an impressive group of well established and emerging scholars from all around the world to show the many different types of violence that have plagued Latin America since the pre Colombian era and how each has been seen and characterized in literature and other cultural mediums ever since This ambitious collection analyzes texts from some of the region's most tumultuous time periods beginning with early violence that was predominately tribal and ideological in nature to colonial and decolonial violence between colonizers and the native population through to the political violence we have seen in the postmodern period marked by dictatorship guerrilla warfare neoliberalism as well as representations of violence caused by drug trafficking and migration The volume provides readers with literary examples from across the centuries showing not only how widespread the violence has been but crucially how it has shaped the region and evolved over time **The Space of Disappearance** Karen Elizabeth Bishop, 2020-04-01 More than thirty thousand people were forcibly disappeared during the military dictatorship that governed Argentina from 1976 to 1983 leaving behind a cultural landscape fractured by absence denial impunity and gaps in knowledge This book is about how these absences assume narrative form in late twentieth century Argentine fiction and the formal strategies and structures authors have crafted to respond to the country's

use of systematic disappearance as a mechanism of state terror In incisive close readings of texts by Rodolfo Walsh Julio Cortázar and Tomás Eloy Martínez Karen Elizabeth Bishop explores how techniques of dissimulation doubling displacement suspension and embodiment come to serve both epistemological and ethical functions grounding new forms of historical knowledge and a new narrative commons whose work continues into the twenty first century Their writing Bishop argues recalibrates our understanding of the rich and increasingly urgent reciprocities between fiction history and the demands of human rights In the end *The Space of Disappearance* asks us to reexamine in fiction what we think we cannot see there at the limits of the literary disappearance appears as a vital agent of resistance storytelling and world building

Subalternities in India and Latin America Sonya Surabhi Gupta, 2021-07-15 This volume presents a comparative exploration of Dalit autobiographical writing from India and of Latin American testimonio as subaltern voices from two regions of the Global South Offering frames for linking global subalternity today the chapters address Siddalingaiah's Ooru Keri Muli's Life History Manoranjan Byapari and Manju Bala's narratives and Yashica Dutt's *Coming Out as Dalit* among others alongside foundational texts of the testimonio genre While embedded in their specific experiences the shared history of oppression and resistance on the basis of race ethnicity and caste from where these subaltern life histories arise constitutes an alternative epistemological locus The chapters point to the inadequacy of reading them within existing critical frameworks in autobiography studies A fascinating set of studies juxtaposing the two genres the book is an essential read for scholars and researchers of Dalit studies subaltern studies testimonio and autobiography cultural studies world literature comparative literature history political sociology and social anthropology arts and aesthetics Latin American studies and Global South studies

The Slum and the City Agnese Codebò, 2024-07-15 The Argentine capital is largely perceived as a middle class space Yet in reality urban poverty and precarious settlements are defining features of the city Agnese Codebò investigates how slums have produced culture as well as their representation in literature and the visual arts from the 1950s to the present Looking at government led urban projects as well as novels artworks films militant magazines poems and music she tells the story of how villas miserias have mattered culturally and socially as spaces that produce new aesthetics cultural trends and social alliances while offering a vantage point to understand the city and its problems Slums represent a heterogeneous urban space and Codebò makes the case for their relevance in Argentine culture demonstrates the need to rethink spaces of production and develops a new premise for a decolonial approach to Argentine cultural production
