Talmon, 2013-07-01 This collection gathers together Professor Shemaryahu Talmon's contributions to the literary study of the Bible and complements his acclaimed *Literary Studies in the Hebrew Bible Form and Content* (Collected Studies Jerusalem Magnes Leiden Brill 1993). The articles included herein span a broad range of topics closely and comprehensively assessing fundamental themes and stylistic conceits present in biblical literature. Each study picks up one of these motifs or patterns and traces its meaning and usage throughout the entire Bible. In Talmon's estimation these literary markers transcend all strata of the Bible and despite diachronic developments they retain their basic meanings and connotations throughout even when employed by different authors over a span of hundreds of years. He demonstrates this convincingly by marshaling dozens of examples each of which is valuable in its own right and when taken all together these building blocks form a solid edifice that validate his approach. He judiciously employs this synchronic method throughout frequently invoking an exegetical principle according to which one biblical verse can be employed to interpret the other if they are found in similar contexts and with overlapping formulation. To use an expression that he coined elsewhere his hermeneutical method can be described first and foremost as *The World of the Bible from Within*. Throughout the articles that appear in this volume one is repeatedly struck by his sensitivity to the language and style of the biblical authors. He was blessed with a rich literary intuition and shares with his readers his ability to see hear and understand the rhythms and poetics of biblical literature. In this volume many of Talmon's contributions are made accessible in fresh form to the benefit of both those who already know his work and to a newer generation of scholars for whom his work continues to prove important. *Finding Herem?* Hyung Dae Park, 2007-05-03 The concept of Herem is found throughout the Old Testament and presented a problem to the Second Temple Jewish authors. In introducing the concept to their audiences and in applying it to themselves and other nations they avoided it by reducing or expanding omitting or changing the concept of Herem. Much evidence in Luke Acts however indicates that Luke deliberately uses the concept of Herem in order to present the life and teaching of Jesus and his disciples. Jesus' death on the cross resurrection and ascension can be seen as Herem that redeems God's people. The disciples' thoughts and actions in Acts as well as all the Christ event are based on Jesus' teaching such as Luke 9:24 and 20:25. Ultimately this study suggests that readers of Luke Acts should consider the whole Old Testament so as to understand Lukan use of the Old Testament and its attitude to the Mosaic law. Moreover this study shows that the ethics of Luke Acts are not limited to sharing possessions but related to offering or giving what belongs to oneself even life without expecting any reciprocal advantage. Furthermore the concept of Herem detected in Luke Acts makes it possible to argue that there is an atonement theology in Lukan writings. **The Orion Center Bibliography of the Dead Sea Scrolls (1995-2000)** Avital Pinnick, 2018-12-24 The Orion Center Bibliography of the Dead Sea Scrolls 1995-2000 is the fourth official Scrolls bibliography following bibliographies covering the periods 1948-1957 W. S. LaSor 1958-1969 B. Jongeling and 1970-1995 F. Garc a Mart nez and D. W. Parry. The current interest in the Scrolls with at least two journals dedicated to these texts has led

to a proliferation of secondary literature theses and electronic publications The Orion Center Bibliography contains over 3000 entries including approximately 600 reviews gathered from the *cole Biblique et Arch ologique Fran aise* in Jerusalem from on line databases and from the authors themselves This work is based on the bibliography compiled by the Orion Center for the Study of the Dead Sea Scrolls Jerusalem and includes reviews journal articles and electronic publications a text index and a subject index

The Empowerment of Women in the Book of Jubilees Betsy Halpern-Amaru, 2021-10-25 This volume examines the unusual interest in women characters displayed in the Book of Jubilees an interpretive reworking of the biblical narratives of Genesis through Exodus 12 written in the second century BCE Demonstrating a pattern in the characterizations the study shows how a matrilineal standard of ethnic purity and elevation of the biblical matriarchs function as key aspects in a polemic against the acceptance of foreigners into the community The latter part of the book explores the exegetical techniques used to develop the portraits and places the polemic in the historical context of Second Temple Judaism The work is important for those interested in the history of biblical interpretation in post biblical Jewish literature and the historical development of Judaism and the portrayals of women in Hebrew Scriptures
