Glaberman has gathered the writings and theoretical discussions of this noted Caribbean writer. These pamphlets, mimeographs, letters, and lectures by James were nearly inaccessible until now. Within these works, James situates himself within the classical Marxist tradition while rejecting the Vanguard Party as unsuitable for our times. The writings in this collection begin in the 1940s when Marxists were wrestling with acts that many deemed betrayals of the revolution: Stalin's pact with Hitler and the war in Europe. They end in the late sixties just before the dissolution of Facing Reality, the final form of the American Marxist organization founded on James's principles. For many years, James, born in Trinidad and Tobago, was leader of the Trotskyists in the United States. He continued his work even after his exile from America. Of great value to scholars of Marxism are the papers in which James examines Marx, Lenin, and Trotsky and applies their theories to the class conflicts he was witnessing at mid-century and to changes he foresaw in the future. James argues for the rejection of historical principles and theories and urges Marxists to adapt themselves to changes occurring in capitalism and the working class. Glaberman worked alongside James but sometimes disagreed with him in the movement James founded. They were close associates for 45 years. With *Marxism for Our Times*, Glaberman not only has preserved and made available the political theories of a noted writer but he also has created a window on a turbulent period of optimism and failure. A failure, Glaberman calls it, rich in meanings and lessons for anyone interested in a democratic revolutionary Marxism. C. L. R. James is the author of the novel *Minty Alley* and *The Black Jacobins*, the classic history of the Haitian Revolution, and many other works. Martin Glaberman is a professor emeritus at Wayne State University in Detroit. He joined the socialist movement at age thirteen and worked for twenty years in the auto industry and as an active union member.

**Shakespeare and Quotation** Julie Maxwell, Kate Rumbold, 2018-04-26 Shakespeare is the most frequently quoted English author of all time. Quotations appear everywhere, from the epigraphs of novels to the mottoes on coffee cups. But Shakespeare was also a frequent quoter himself of classical and contemporary literature, the Bible, snippets of popular songs, and proverbs. This volume brings together an international team of scholars to trace the rich history of quotation from Shakespeare's own lifetime to the present day. Exploring a wide range of media, including Romantic poetry, theatre criticism, novels by Jane Austen, Thomas Hardy, and Ian McEwan, political oratory, propaganda, advertising, drama, film, and digital technology, the chapters draw fresh connections between Shakespeare's own practices of creative reworking and the quotation of his work in new and traditional forms. Richly illustrated and featuring an Afterword by Margreta de Grazia, the collection tells a new story of the making and remaking of Shakespeare's plays and poems.
