## **Rabuka No Other Way:**

**Rabuka** Eddie Dean, Stan Ritova, 1988 On 14 May 1987 Colonel Sitiveni Rabuka led a raid on Fiji's Parliament House in the nation's capital Suva to remove a government dominated by Fijian Indians. The coup sent shock waves around the world and changed forever our view of the tranquility of our Pacific neighbours. *Rabuka No Other Way* is Sitiveni Rabuka's own story told for the first time. It describes the man behind the coup, the growth of tensions between the Fijian racial and political groups and the events that precipitated military action. *Bac cover Colour, Class and Custom* Rory Ewins, 1992 [Military Intelligence](#), 1990 *The Significance of the Commonwealth, 1965-90* W. McIntyre, 1991-10-23 This book takes a new look at the Commonwealth from the founding of the Secretariat in 1965 to the 14th Commonwealth Games in 1990. The book is divided into three parts. Part 1 looks at origins, the Heads of Government Meetings, the Secretariat and the Commonwealth in a global setting. Part 2 covers race, Africa, inequalities and the security of small states. The final part on Functioning looks at regionalism, functional organisations, professional linkages, people's sport and the role of the Queen as Head of the Commonwealth. It concludes with an Agenda for the 1990s. **The 2006 Military Takeover in Fiji** Jon Fraenkel, Stewart Firth, Brij V. Lal, 2009-04-01 This book explores the factors behind and the implications of the 2006 coup. It brings together contributions from leading scholars, local personalities, civil society activists, union leaders, journalists, lawyers, soldiers and politicians, including deposed Prime Ministers Laisenia Qarase and Mahendra Chaudhry. *The 2006 Military Takeover in Fiji: A Coup to End All Coups* is essential reading for those with an interest in the contemporary history of Fiji, politics in deeply divided societies or in military intervention in civilian politics. **Text and Context** Melanie Baffes, 2018-10-24 As biblical hermeneutics moves increasingly toward the inclusion of vernacular approaches to the text, understandings of the Bible based on culture, context and human experience, many communities of faith around the world are contributing their voices to the conversation of global Christianity. This volume explores reading methods and text interpretations of believers in South Africa, the Caribbean, Spain, the Netherlands, the United States, India, Kenya, Fiji, Japan, the United Kingdom, New Zealand and Nigeria, revealing the ways various faith communities read the Bible contextually. Essays in this volume also illustrate the impact of the biblical text in people's lives on their understandings of oppression, identity, the plight of refugees, decline and loss, the relationship between church and society, imperialism, homelessness, restorative justice, bodily experiences of the Holy Spirit and time, and the future. Together, these writings provide an in-depth sense of how global Christians read the Bible through the lens of their own tradition or culture, as well as how the Bible informs all aspects of their lives as they read the world biblically. *Being Political* Jack Corbett, 2015-01-31 Politicians everywhere tend to attract cynicism and inspire disillusionment. They are supposed to epitomize the promise of democratic government and yet invariably find themselves cast as the enemy of every virtue that system seeks to uphold. In the Pacific, politician has become a byword for corruption, graft and misconduct. This was not always the case: the independence generation is still remembered as strong leaders but

today's leaders are commonly associated with malaise and despair. Once heroes of self-determination, politicians are now the targets of donor attempts to institute good governance while Fiji's 2006 coup was partly justified on the grounds that they needed cleaning up. But who are these much maligned figures? How did they come to arrive in politics? What is it like to be a politician? Why do they enter, stay and leave? Drawing on more than 110 interviews and other published sources including autobiographies and biographies, *Being Political* provides a collective portrait of the region's political elite. This is an insider account of political life in the Pacific as seen through the eyes of those who have done the job. We learn that politics is a messy, unpredictable and at times dirty business that nonetheless inspires service and sacrifice. We come to understand how being a politician has changed since independence and consider what this means for how we think about issues of corruption and misconduct. We find that politics is deeply embedded in the lives of individuals, families and communities, an account that belies the common characterization of democracy in the Pacific as a facade or foreign flower. Ultimately, this is a sympathetic counter-narrative to the populist critique. We come to know politicians as people with hopes and fears, pains and pleasures, vices and virtues. A reminder that politicians are human, neither saints nor sinners, is timely given the wave of cynicism and disaffection. As such, this book is a must-read for all those who believe in the promise of representative government.

*Regime Change as Regime Maintenance* Stephanie Lawson, 1992      *Nation Making* Robert John Foster, 1997 Examines the process of nation making in Fiji, Papua New Guinea, the Solomon Islands and Vanuatu      *Historical Dictionary of Fiji* Brij V. Lal, 2015-12-15 This book is the first concise account of the history of the Fiji islands from the beginning of human settlement to the early years of the 21st century. Its primary focus is on the period since the advent of colonial rule in the late 19th century to the present, benefiting from the author's internationally acknowledged expertise as a scholar and writer on the Fijian past. Besides factual information, the book also offers a scholarly assessment of the people and events which have shaped Fiji's history. The *Historical Dictionary of Fiji* contains a chronology, an introduction, appendixes and an extensive bibliography. The dictionary section has over 300 cross-referenced entries on important personalities, politics, economy, foreign relations, religion and culture. This book is an excellent resource for students, researchers and anyone wanting to know more about Fiji.      **Islands of Turmoil** Brij V. Lal, 2006-08-01 By rights, the island nation of Fiji should be thriving. It is easily the most developed country in the South Pacific; it is a hub for regional transportation and communication links, the home of international diplomatic, educational and aid organisations, with a talented multiethnic population. Yet since its independence, it has suffered two military coups in 1987 and an attempted putsch in 2000, resulting in strained institutions and disrupted improvements to essential infrastructure and to educational, social and medical services.      *Christian Politics in Oceania* Matt Tomlinson, Debra L. McDougall, 2013 The phrase 'Christian politics' evokes two meanings: political relations between denominations in one direction and the contributions of Christian churches to debates about the governing of society. The contributors to this volume address 'Christian politics' in both senses and argue that Christianity is always and inevitably

political in the Pacific Islands Drawing on ethnographic and historical research in Papua New Guinea Solomon Islands Vanuatu and Fiji the authors argue that Christianity and politics have redefined each other in much of Oceania in ways that make the two categories inseparable at any level of analysis The individual chapters vividly illuminate the ways in which Christian politics operate across a wide scale from interpersonal relations to national and global interconnections How to Stage a Military Coup David Hebditch, Ken Connor, 2025-08-31 Analyzes the political military and social factors behind successful and failed coups worldwide The coup remains the single most common form of power change throughout the world How to Stage a Military Coup explores these violent and often bloody appropriations of authority alongside the political military and social conditions out of which they arise Taking into account factors such as timing media control popular support and government organisational structure and by drawing on examples of coups from all over the world both failed and successful the authors reveal exactly what it takes to carry out a successful government take over This latest updated edition includes a new foreword by David Hebditch

**Managing Modernity in the Western Pacific** Martha Macintyre, 2014-06-01 Fast money schemes in Papua New Guinea collectivities in rural Solomon Islands gambling in the Cook Islands and the Vanuatu tax haven all feature in the interface between Pacific and global economies Since the 1970s Melanesian countries and their peoples have been beguiled by the prospect of economic development that would enable them to participate in a world market economic system Access to global markets would provide the means to improve their standard of living allowing them to take their places as independent nations in a modern world Managing Modernity in the Western Pacific takes a broad sweep through contemporary topics in Melanesian anthropology and ethnography With nuanced and rigorous scholarship it views contemporary debate on modernity in Melanesia within the context of the global economy and cultural capitalism In particular contributors assess local ideas about wealth success speculation and development and their connections to participation in institutions and activities generated by them This innovative and accessible collection offers a new intersection between Western Pacific anthropology and global studies

*Fiji Before the Storm* Brij V. Lal, 2012-12-01 This volume had its genesis in a series of seminars and workshops held at The Australian National University under the auspices of the Centre for the Contemporary Pacific and the National Centre for Development Studies

**Fiji** Michael C. Howard, 2011-11-01 In 1987 first in May and again in September Fiji which had often been regarded as a model for racial co existence surprised the rest of the world by staging not one but two coups Most interpreters of the Fijian political scene saw the events as a result of tension between native Fijians and members of other ethnic groups Michael Howard argues in this book that this interpretation is simplistic Instead he points out the May coup was a strike against democratic government by elements associated with Fiji's traditional oligarchy seeking to hide behind a mask of populist communalism Howard traces the evolution of Fijian politics from the precolonial chiefdoms through the colonial era and into the postcolonial period emphasizing the developments during the latter half of the 1980s As a close and

involved observer he draws a convincing picture of the leading actors in contemporary Fijian politics and the motives guiding their actions He describes how the ruling elite the Fijian chiefly families and their allies has maintained its power by manipulating communal or racially based sentiments and how the opposition has attempted to change the situation by creating political alignments based on social class In the central part of the book Howard chronicles the rise of the Fiji Labour Party and its 1987 election victory over the ruling Alliance Party He then discusses the short lived regime of the Bavadra government and the events leading up to the May 1987 coup Finally he looks at events following the coup as the oligarchy has sought to reimpose control in the face of popular opposition and internal division discussing their implications for the social condition of Fiji its international politics and its internal ethnic relations The book concludes with the death of Timoci Bavadra in late 1989 A perceptive case study of racial politics in the modern world and a significant new approach to the understanding of the dynamics of a non western political system Fiji Race and Politics in an Island State provides a timely and comprehensive analysis of recent events in this important island state In the Eye of the Storm Brij V. Lal,2010-11-01 To read this evocative book is to be thrust into a Fiji that has for the moment been snuffed out by military might a Fiji of political parties parliamentary politics elections manifestoes campaigns democratic defence of interests party manoeuvres and constitutional protection of rights and freedoms It is a comprehensive and eloquent re telling of the story of Fiji politics from independence in 1970 to 1999 through the perspective of Fiji s greatest living statesman Jai Ram Reddy by one of the world s most distinguished scholars of its history and politics Dragon Fire Humphrey Hawksley,2011-12-12 At 0500 on Tuesday 3 May 2005 a lone Antonov 32 transport flies through the dawn light over the Himalayas and approaches the Tibetan capital Lhasa Its destination is the notorious Drapchi Prison where some of the most revered Tibetan leaders are being held The aircraft s loading bay is lowered The sky is filled with mushroom grey parachutes In a few minutes troops of the People s Republic of China are fighting invaders Far to the West Pakistani FCI multi role combat aircraft roar across the Line of Control and pound the strategic outpost of Kargil Heliborne troops follow to raise the national green crescent flag on Indian territory Suddenly the three sided war so dreaded in Asia India versus China and Pakistan is happening Nuclear arsenals are being readied in all three countries Dragon Fire is a totally gripping thriller with a horrifying and wholly believable conclusion Humphrey Hawksley s tense prose bristles with knowledge and insight into the most explosive political area in the world But what makes it all the more terrifying is that it s all based on fact takes the thriller in an important new direction Craig Thomas **Shifting Continents/colliding Cultures** Ralph J. Crane,Radhika Mohanram,2000 This book explores the aftermath of British colonialism on the Indian subcontinent and Sri Lanka including the resulting Diaspora The essays also examine zones of intersection between theories of postcolonial writing and models of Diaspora and the nation *In God's Image* Matthew Akim Tomlinson,2009-03-10 Today most indigenous Fijians are Christians and the Methodist Church is the foundation of their social and political lives Yet as this thought provoking study of life on rural Kadavu Island

finds Fijians also believe that their ancestors possessed an inherent strength that is lacking in the present day Looking in particular at the interaction between the church and the traditional chiefly system Matt Tomlinson finds that this belief about the superiority of the past provokes great anxiety and that Fijians seek ways of recovering this strength through ritual and political action Christianity itself simultaneously generates a sense of loss and the means of recuperation To unravel the cultural dynamics of Christianity in Fiji Tomlinson explores how this loss is expressed through everyday language and practices
