Racecourses Of Great Britain:

Horse Racing in Britain and Ireland Anne Holland,2014-09-10 Often called the sport of kings horse racing dates back at least to the chariot races of the ancient Olympic Games Arriving in Britain with the Romans in the first century BC its popularity among the elite led to the breeding of thoroughbred racehorses and prompted the establishment of a formal racing calendar with flat races and steeple chases at a plethora of dedicated racecourses throughout the country Now no longer restricted to the aristocracy a day at the races has become a perennial highlight of the social calendar Shedding new light on this increasingly popular equestrian sport Anne Holland here explores the broad history of horse racing from the horses jockeys and racecourses to the practice of bookmaking and those in the audience **A Dictionary of British and Irish History** Robert Peberdy,Philip Waller,2020-11-23 An authoritative and extensive resource for British and Irish history Quickly access basic information on the history of the British Isles from this reliable resource A Dictionary of British and Irish History provides concise information covering all periods of prehistory and history for every part of the British Isles Within this one book you ll find summary accounts of events biographies definitions of terms and far more Using alphabetically organized headwords readers will easily locate the content and details they seek A Dictionary of British and Irish History not only serves as a reference tool but also stimulates broader learning Entries are interrelated and cross referenced to help you expand your knowledge of different areas of history Discover comparable entries on England Ireland Scotland and Wales See overviews of major topics and historical events Get facts instantly or browse entries Use the Dictionary as an information source or a launch point for expanding knowledge This reference book will become an essential resource for students of British and Irish history as well as for professionals journalists teachers and those who use historical information in their work Further anyone wanting to establish the basics of the history of the British Isles will find this a valuable addition to their library **The FREE Beginner's Guide to Horseracing in Britain** , [Encyclopedia of British Horse Racing](#) Dr Joyce Kay,Professor Wray Vamplew,2012-10-02 The Encyclopedia of British Horse Racing offers an innovative approach to one of Britain s oldest sports While it considers the traditional themes of gambling and breeding and contains biographies of human personalities and equine stars it also devotes significant space to neglected areas Entries include social economic and political forces that have influenced racing controversial historical and current issues legal and illegal gambling and racing finance the British impact on world horseracing history and heritage of horseracing links between horse racing and the arts media and technology human and equine biographies venues associated with racing horseracing websites The Encyclopedia of British Horse Racing provides a unique source of information and will be of great interest to sports historians as well as all those whose work or leisure brings them into the world of racing [Common Land in Britain](#) Angus J. L. Winchester,2022 The first authoritative survey of the history of common land in Great Britain from the medieval period to present day More than a million hectares of Britain has the status of common land most of it consisting of semi natural environments of

mountain moorland wetland or heath Formerly much more extensive common land was and in many places remains an integral part of the pastoral economy Even where it is no longer used by farmers it plays an increasingly important role in modern life as recreational space and for its value for nature conservation This book provides for the first time an authoritative survey of the history of common land across all three nations of Great Britain from medieval times to the present day It charts how commons have been viewed and valued across the centuries how they have been used and how their vegetation has changed highlighting parallels and differences between the histories of common land in England Scotland and Wales It traces the distinctive legal status of common land and the management regimes which regulated the exercise of common rights considers the role of commons as spaces for communal gatherings and as a resource for the poor charts the loss of common land but also its persistence during the era of enclosure in the century 1760 1860 and explores the changing conceptions of the value and right use of commons since the nineteenth century and the impact this has had on their ecological character Eight case studies of individual commons illustrate the richness of common landscapes and their history at local level They include crofters common grazings in Sutherland mountain commons in the Lake District and Snowdonia lowland commons in Co Durham Herefordshire and the New Forest turbarry allotments in Lincolnshire and the urban commons of Wimbledon and Putney Heath

racecourses to obtain a certificate of approval in order to operate This also removed the five times rule which capped the charge to a bookmaker for admission to an enclosure at five times the amount of the highest charge to members of the public for admission to that enclosure a development the Committee approves With the removal of certificates of approval by the Act this also removed the mechanism which ensured that racecourses observed bookmakers lists where bookmakers that attend the racecourse are entitled to pick their pitch position in accordance with their respective list position The Gambling Act has enabled racecourses and bookmakers to enter into commercial arrangements for the pricing and allocation of pitch positions The Committee though does welcome the efforts of bookmakers and racecourses to agree new arrangements for the administration and regulation of on course betting and the establishment of the new working party to consider the issue of pitch positions The Committee believes that if racecourses wish to move to a fully commercial relationship for the allocation and pricing of pitch positions compensation should be made available for those who purchased a list position under the system of certificate of approval If the racecourses and bookmakers cannot reach a commercial arrangement over pitches the Committee believes the system of bookmakers lists under the certificate of approval should be reimposed **Sport in**
