Drag Racing in the 1960s Doug Boyce, 2021-03-15 The 1960s were a fascinating decade on the race scene Relive the memories today through this wonderful new book Drag racing has a long and storied history Many have said that the first drag race happened shortly after the second car was made While that may or may not be true racing prior to World War II was mostly centered around dry lake activities and top speed runs After the war drag racing became organized with the formation of the NHRA and during the 1950s many tracks were built across America to accommodate the racers Technology in the 1950s centered on the manufacturers updating old flathead designs into newer overhead valve designs and the horsepower race really started to heat up In many forms of racing the 1960s brought technological evolution The decade began with big engines in even bigger stock chassis and ended with purpose built race only chassis fiberglass bodies fuel injection nitro methane and blowers Quarter mile times that were in the 13 second range in the beginning of the decade were in the 7 second range by the end New classes were formed dedicated cars were built for them and many racers themselves became recognized names in the sports landscape In Drag Racing in the 60s The Evolution in Race Car Technology veteran author Doug Boyce takes you on a ride through the entire decade from a technological point of view rather than a results based one Covered are all the classes including Super Stocks Altered Wheelbase cars which led to Funny Cars Top Fuelers Gassers and more *Snake Bit: Inside Carroll Shelby's Controversial Series 1 Sports Car* Eric Davison, What Carroll Shelby wanted was a 2 400 pound sports car sheathed in carbon fiber that was the fastest road car in the world What he got was quite a different matter The Series 1 was one of the most highly anticipated sports cars in living memory It was a magazine cover story seven times and countless more articles were written about it The car was eventually produced early in 2000 but it reached its owners well behind schedule at a higher price and in smaller numbers than first projected The story of the Shelby Series 1 is about everything that could possibly go wrong and then did It s a drama of gigantic and aspiring egos petty prerogatives awesome talent bureaucratic bungling and brilliant engineering Of the many cars Shelby created over his career none was as controversial as the Series 1 *Snake Bit* an apt description of what happened to anyone and everyone involved in the project is required and captivating reading for the thousands of Carroll Shelby fans throughout the world

Richard Petty Tim Bongard, Robert Coulter, 2000-08 What were the first cars Richard Petty drove Was his number always 43 When did he start painting the cars Petty Blue How did Petty Enterprises end up with Pontiac The list goes on and on The more the authors researched the more they realized that large portions of the King s career are obscure a mystery to the legions of stock car racing fans and modelers who have discovered the sport in recent years All this information and more is included for the die hard race fan or modeler **Roland Leong "The Hawaiian"** Lou Hart, 2023-08-15 From racing the family Oldsmobile in 1960 to winning the Winternationals in 1964 read about the meteoric rise of drag racing s greatest

owner and tuner in the first ever book about The Hawaiian Roland Leong As the son of a Harvard graduate it could have been difficult for Roland Leong to live up to his family's expectations However that wasn't the case The Hawaiian knew at a young age that drag racing was his career path His supportive mother Teddy saw potential in Roland and bought him a new 1962 Corvette for educational purposes such as wrenching and tuning From there it didn't take long for the world to discover Oahu's best kept secret in drag racing In 1964 less than two years after reaching the mainland Roland was in victory lane at the Winternationals in Top Gas Eliminator The following year with Don Prudhomme behind the wheel The Hawaiian immortalized his place in drag racing forever with wins in NHRA's Top Fuel Eliminator at Pomona Winternationals and Indy US Nationals Leong became the first ever to capture those iconic crowns in a single season For good measure Roland repeated the achievement in 1966 with Mike Snively showing the world that a Harvard education isn't required to achieve greatness The Hawaiian Roland Leong Drag Racing's Iconic Owner Tuner is a tale of family friends and forging a path that no other Chinese Hawaiian before him had carved Re-live his biggest wins and lasting friendships in this first ever publication on drag racing's first builder and tuner superstar Roland Leong
