Racing with Catastrophe Richard Gambino,1990-11-28 Any question about the reform of education must come down to the purpose of education in a democratic society With this assertion Richard Gambino launches his vigorous and incisive investigation into higher education in America today and his no less vigorous proposals for remedying its readily apparent failures and flaws The kind of culture and society we have in America depends to a high degree on the kind of education we provide Gambino offers facts and figures but the heart of his book is a highly readable analysis of the basic purpose of higher education and proposals to reclaim and restore that purpose to the benefit of the schools and our entire society Racing with Catastrophe Richard Gambino,1990-11-13 Any question about the reform of education must come down to the purpose of education in a democratic society With this assertion Richard Gambino launches his vigorous and incisive investigation into higher education in America today and his no less vigorous proposals for remedying its readily apparent failures and flaws The kind of culture and society we have in America depends to a high degree on the kind of education we provide Gambino offers facts and figures but the heart of his book is a highly readable analysis of the basic purpose of higher education and proposals to reclaim and restore that purpose to the benefit of the schools and our entire society **National Journal** ,1997-04 Boletin Internacional de Bibliografia Sobre Educacion ,1992 **Italian Americana** ,1993

Proceedings of the Annual Meeting - National Education Association of the United States National Education Association of the United States,1900 Education and Social Change John L. Rury,2015-07-24 This brief interpretive history of American schooling focuses on the evolving relationship between education and social change Like its predecessors this new edition adopts a thematic approach investigating the impact of social forces such as industrialization urbanization immigration globalization and cultural conflict on the development of schools and other educational institutions It also examines the various ways that schools have contributed to social change particularly in enhancing the status and accomplishments of certain social groups and not others Detailed accounts of the experiences of women and minority groups in American history consider how their lives have been affected by education while Focal Point sections within each chapter allow the reader to hone in on key moments in history and their relevance within the broader scope of American schooling from the colonial era to the present This new edition has been comprehensively updated and edited for greater readability and clarity It offers a revised final chapter updated to include recent change in education politics and policy in particular the decline of No Child Left Behind and the impact of the Common Core and movements against it Further additions include enhanced coverage of colonial and early post colonial American schooling added materials on persistent issues such as race in education an updated discussion of the GED program and a closer look at the role of technology in schools With its nuanced treatment of both historical and contemporary factors influencing the modern school system this book remains an excellent resource for investigating and critiquing the social economic and cultural development of American education
