Racism Misogyny And The Othello Myth Inter Racial Couples From Shakespeare To Spike Lee:

Racism, Misogyny, and the Othello Myth Celia R. Daileader, 2005-08-25 Through readings of texts spanning four centuries and bridging the Atlantic from genres as diverse as English Renaissance drama abolitionist literature gothic horror and contemporary romance Daileader questions why Anglo American culture's most widely read and canonical narratives of inter racial sex feature a black male and a white female and not a black female and a white male This study considers the cultural obsession with stories patterned on Shakespeare's Othello alongside the more historically pertinent if troubling question of white male sexual predation upon black females Daileader terms this phenomenon Othellophilia the fixation on Shakespeare's tragedy of inter racial marriage to the exclusion of other definitions and more optimistic visions of inter racial tension This original study argues that masculinist racist hegemony used myths about black male sexual rapacity and the danger of racial pollution in order to police white female sexuality and exorcise collective guilt over the sexual slavery of women of color

Martin Scorsese, Woody Allen, Spike Lee James F. Scott, 2019-04-01 Directors Martin Scorsese Woody Allen and Spike Lee emerged as filmmakers toward the end of the 1960s when the breakdown of the studio system paved the way for new production partnerships and gave more creative authority to directors actors and writers In what has come to be called the Indie movement these directors were able to explore ethno racial themes with more frankness than previously allowed From the perspectives of their own minority communities Scorsese Allen and Lee dramatized and critiqued the challenges this restless ethno racial underclass posed to the White Republic imagined by the Founding Fathers The three directors whose work is at the heart of this book explore the question of how identity formation is a process of negotiation particularly among America's ethno racial minorities They emphasize the stresses related to the double burden in the assimilative process of patterning oneself after the majoritarian culture while acknowledging in complex ways the culture of the community of origin Annie Hall tells Alvie Singer you're a real Jew Buggin Out instructs his homeboy friend Stay Black Mookie What implications do these phrases carry Will Alvie have a chance to modify his identity Should he Will Mookie honor his friend's admonition Is black also susceptible to a cultural makeover Is identity a personal choice This book highlights how various films by these three directors explore the ways in which cultural capital musical artistic intellectual athletic etc is used to erase ethno racial taint skin tones supposed biological traits offensive cultural habits The formula ordains that assimilation and interculturalization will be asymmetrical favoring those groups or individuals who bring with them the most cultural capital

Authorizing Shakespeare on Film and Television L. Monique Pittman, 2011 Authorizing Shakespeare on Film and Television examines recent film and television transformations of William Shakespeare s drama by focusing on the ways in which modern directors acknowledge and respond to the perceived authority of Shakespeare as author text cultural icon

theatrical tradition and academic institution This study explores two central questions First what efforts do directors make to justify their adaptations and assert an interpretive authority of their own Second how do those self authorizing gestures impact upon the construction of gender class and ethnic identity within the filmed adaptations of Shakespeare s plays The chosen films and television series considered take a wide range of approaches to the adaptative process some faithfully preserve the words of Shakespeare others jettison the Early Modern language in favor of contemporary idiom some recreate the geographic and historical specificity of the original plays and others transplant the plot to fresh settings The wealth of extra textual material now available with film and television distribution and the numerous website tie ins and interviews offer the critic a mine of material for accessing the ways in which directors perceive the looming Shakespearean shadow and justify their projects Authorizing Shakespeare on Film and Television places these directorial claims alongside the film and television plotting and aesthetic to investigate how such authorizing gestures shape the presentation of gender class and ethnicity *Shakespeare and the Cleopatra/Caesar Intertext* Sarah Hatchuel,2011-07-16 Is William Shakespeare s Antony and Cleopatra a sequel to the earlier Julius Caesar If this question raises issues of authorship and reception it also interrogates the construction of dramatic sequels how does a playtext ultimately become the follow up of another text This book explores how dramatic works written before and after Shakespeare s time have encouraged us to view Shakespeare s Julius Caesar and Antony and Cleopatra as strongly interconnected plays encouraging their sequelization in the theater and paving the way toward the filmic confluences of the twentieth century Blending theories of literary and filmic intertextuality with issues of race and gender and written by an author trained both in early modern and film studies this book can easily find its place in any syllabus in Shakespeare or in media studies as well as in a wide range of cultural and literary courses

West,2011-02-25 Renaissance Drama an annual and interdisciplinary publication is devoted to drama and performance as a central feature of Renaissance culture The essays in each volume explore traditional canons of drama the significance of performance broadly construed to early modern culture and the impact of new forms of interpretation on the study of Renaissance plays theater and performance South Asian Racialization and Belonging after 9/11 Aparajita De,2016-05-26 This collection of essays interrogates literary and cultural narratives in the contexts of the incidents following 9 11 The collected essays underscore the new and re emerging racial political and socio cultural discourse on identity related to terrorism and identity politics Specifically the collection examines South Asian American identities to understand culture policy making and the implicit gendered racialization sexualization and socio economic classification of minority identities within the discourse of globalization The essays included here relocate the discourse of race and cultural studies to an examination of transnational labor diasporas reopen debate on critical constructions of U S racial and cultural formations and question the reconfiguration of gendered and sexualized discourses of the South Asian diaspora within the context of national security and terrorism This book provides a

multifaceted account of South Asian racialization and belonging by drawing from disciplines across the humanities and the social sciences The scholars included here employ methods of ethnographic studies as well as literary culture film and feminist analysis to examine a wide range of South Asian cultural sites novels short stories cultural texts documentaries and sports The rich intellectual theoretical methodological and narrative tapestry of South Asians that emerges from this inquiry enables us to trace new patterns of South Asian cultural consumption post 9 11 as well as expand notions and histories of terror This volume makes an important contribution to renewing scholarship in the key areas of representations of race labor diaspora class and culture while implicating that there needs to be a simultaneous and critical dialogue on the scope and reconnections within postcolonial studies Colorblind Shakespeare Ayanna Thompson,2006-09-12 The systematic practice of non traditional or colorblind casting began with Joseph Papp s New York Shakespeare Festival in the 1950s Although colorblind casting has been practiced for half a century now it still inspires vehement controversy and debate This collection of fourteen original essays explores both the production history of colorblind casting in cultural terms and the theoretical implications of this practice for reading Shakespeare in a contemporary context *William Faulkner* John E. Bassett,2009-05-22 Considered one of the great American authors of the 20th century William Faulkner 1897 1962 produced such enduring novels as *The Sound and the Fury* *Light in August* and *As I Lay Dying* as well as many short stories His works continue to be a source of interest to scholars and students of literature and the immense amount of criticism about the Nobel prize winner continues to grow Following his book *Faulkner in the Eighties* Scarecrow 1991 and two previous volumes published in 1972 and 1983 John E Bassett provides a comprehensive annotated listing of commentary in English on William Faulkner since the late 1980s This volume dedicates its sections to book length studies of Faulkner commentaries on individual novels and short works criticism covering multiple works biographical and bibliographical sources and other materials such as book reviews doctoral dissertations and brief commentaries This bibliography provides an organized and accessible list of all significant recent commentary on Faulkner and the annotations direct readers to those materials of most interest to them The information contained in this volume is beneficial for scholars and students of this author but also general readers of fiction who have a special interest in Faulkner **Bad Blood** Emily Weissbourd,2023-04-18 *Bad Blood* explores representations of race in early modern English and Spanish literature especially drama It addresses two different forms of racial ideology one concerned with racialized religious difference that is the notion of having Jewish or Muslim blood and one concerned with Blackness and whiteness Shakespeare s *Othello* tells us that he was sold to slavery in his youth a phrase that evokes the Atlantic triangle trade for readers today For many years however scholars have asserted that racialized slavery was not yet widely understood in early modern England and that the kind of enslavement that *Othello* describes is related to Christian Muslim conflict in the Mediterranean rather than the rise of the racialized enslavement of Afro diasporic subjects *Bad Blood* offers a new account of early modern race by tracing the development of European racial

vocabularies from Spain to England Dispelling assumptions stemming from Spain's historical exclusion of Jews and Muslims that premodern racial ideology focused on religious difference and purity of blood more than color Emily Weissbourd argues that the context of the Atlantic slave trade is indispensable to understanding race in early modern Spanish and English literature alike Through readings of plays by Shakespeare Lope de Vega and their contemporaries as well as Spanish picaresque fiction and its English translations Weissbourd reveals how ideologies of racialized slavery as well as religious difference come to England via Spain and how both notions of race operate in conjunction to shore up fantasies of Blackness whiteness and pure blood The enslavement of Black Africans Weissbourd shows is inextricable from the staging of race in early modern literature
