Re Viewing Classics Of Joyce Criticism:

Re-viewing Classics of Joyce Criticism Janet Egleson Dunleavy, 1991 **Joyce's Critics** Joseph Brooker, 2004 Joseph Brooker's synthesis lucidly summarizes more than seventy years of Joyce criticism. This is the first broad study of how James Joyce's work was received in the Anglophone world accessibly written for both academic and lay readers. Brooker shows how the reading of Joyce's work has moved through different critical paradigms, periods and places and how Joyce's writing has given generations of readers a way to discuss the major issues of the modern world. **Ulysses Explained** David Weir, 2015-06-03 When it comes to James Joyce's landmark work *Ulysses*, the influence of three literary giants—Homer, Shakespeare, and Dante—cannot be overlooked. Examining Joyce in terms of Homeric narrative, Dantesque structure, and Shakespearean plot, Weir rediscovers Joyce's novel through the lens of his renowned predecessors. **Joyce's Audiences**, 2016-08-09 This book presents for the first time a collective examination of the issue of audience in relation to Joyce's work and the cultural moments of its reception. While many of the essays gathered in this volume are concerned with particular readers and readings of Joyce's work, they all individually and generally gesture at something broader than a specific act of reception. Joyce's *Audiences* is an important narrative of the cultural receptions of Joyce, but it is also an exploration of the author's own fascination with audiences, reflecting a wider concern with reading and interpretation in general. Twelve essays by an international cast of Joyce critics deal with the censorship and promotion of *Ulysses*, the plain reader in modernism, Richard Ellmann's influence on Joyce's reputation, the implied audiences of *Stephen Hero* and *Portrait*, Borges's relation with Joyce, the study of Joyce in Taiwan, the promotion of Joyce in the U.S., the complaint that there is insufficient time to read Joyce's work, the revisions to *Work in Progress* that respond to specific reviews, strategies of critical interpretation, Joyce and feminism, and the belated readings of post-structuralism. *Rereading Modernism* Lisa Rado, 2012-08-21 Until about 1986, feminists generally considered modernism a reactionary misogynist and hegemonic mire not worth investigating. Since then, enough studies of modernism have appeared that 17 feminist critics can now review and debate their treatment of the period. They evaluate the progress and goals of the new era of modernist scholarship. As the authors in this volume suggest, instead of condemning writers for not practicing or portraying an acceptable politics of gender, we ought instead to show how their assumptions about the nature of the sexes inform their texts, both in their creation and in their reception. This also allows examination of the complex and changing relationship between human subjectivity and aesthetics. This volume is a highly reflective dialogue, introspective and evaluative at a moment of crisis within modernist studies and feminist studies. The analysis of critical work on early twentieth-century literature not only helps reread and redefine a definition of modernism; it also intends to redirect and reintegrate feminist theory. **Joyce's Mistakes** Tim Conley, 2011-01-01 In *Joyce's Mistakes*, Tim Conley explores the question of what constitutes an error in a work of art. Using the works of James Joyce, particularly *Ulysses* and *Finnegans Wake*, as central exploratory fields, Conley argues that an aesthetic of error permeates Joyce's literary

definition of context to include networks of theme and symbol By treating Dubliners as an expanding document of lives in the process of being lived and by paying attention to how the boundaries between stories break down Benstock is able to notice how characters and situations come uncannily to resemble each other There are several innovative approaches here for example the thorough inspection of the economic conditions of Joyce s Dublin down to the halfpenny as well as new twists on established ideas Benstock attempts a global integrated reading of the stories substituting his more holistic con texts for the current fashion of context hunting His is an old ambition for full coverage in a new upbeat format English Literature in Transition, 1880-1920 ,2004 *Ulysses and the Metamorphosis of Stephen Dedalus* Margaret McBride,2001 This study therefore begins by focusing on the character of Stephen Stephen is significantly a time obsessed writer who wishes to obtain the time transcending status of an Ovid or a Homer When the wider tale is examined in terms of Stephen s ambition Ulysses emerges as potentially a self begetting work that is the finished narration can be read as a creation of the aspiring writer featured within the narrative itself BOOK JACKET **The Cumulative Book Index** ,1905 A world list of books in the English language Utopian Generations Nicholas Brown,2009-01-10 Utopian Generations develops a powerful interpretive matrix for understanding world literature one that renders modernism and postcolonial African literature comprehensible in a single framework within which neither will ever look the same African literature has commonly been seen as representationally na ve vis vis modernism and canonical modernism as reactionary vis vis postcolonial literature What brings these two bodies of work together argues Nicholas Brown is their disposition toward Utopia or the horizon of a radical reconfiguration of social relations Grounded in a profound rethinking of the Hegelian Marxist tradition this fluently written book takes as its point of departure the partial displacement during the twentieth century of capitalism s internal limit classically conceived as the conflict between labor and capital onto a geographic division of labor and wealth Dispensing with whole genres of commonplace contemporary pieties Brown examines works from both sides of this division to create a dialectical mapping of different modes of Utopian aesthetic practice The theory of world literature developed in the introduction grounds the subtle and powerful readings at the heart of the book focusing on works by James Joyce Cheikh Hamidou Kane Ford Madox Ford Chinua Achebe Wyndham Lewis Ngugi wa Thiong o and Pepetela A final chapter arguing that this literary dialectic has reached a point of exhaustion suggests that a radically reconceived notion of musical practice may be required to discern the Utopian desire immanent in the products of contemporary culture
