Revitalizing Political Psychology The Legacy Of Harold D Lasswell:

Revitalizing Political Psychology William Ascher, Barbara Hirschfelder-Ascher, 2004-11-16 The goal of this book is to recapture the diminished roles of affect psychological needs and the psychodynamic mechanisms that are crucial for understanding political behavior by explaining and extending the contributions of Harold D Lasswell the dominant figure in political psychology in the mid twentieth century Although Lasswell was best known for applying psychodynamic theories to politics this book also demonstrates how his framework accommodated for cognitive processes and social interactions ranging from communications to policy making The authors use Lasswell s contributions and the debates over his ideas as a springboard for examining current policy political and leadership issues Revitalizing Political Psychology presents and extends four aspects of Lasswell s contributions to the field the psychodynamic mechanisms drawn from psychoanalytic theory the use of symbol associations to understand political propaganda the analysis of democratic character for both the public and the elites and the structure of belief systems In so doing the authors link personality and political communication theory to democratic practice The authors also critique leadership studies using Lasswell s concerns over the risks to democratic accountability and the current preoccupation with strengthening the roles of charismatic and transformational leaders Intended for researchers practitioners and students in the areas of political and historical psychology political strategy and political communication the book s emphasis on psychodynamics also appeals to psychoanalysts and the material on leadership appeals to professionals in management and industrial organizational psychology **The**

International Encyclopedia of Communication Theory and Philosophy, 4 Volume Set Klaus Bruhn Jensen, Robert T. Craig, Jefferson D. Pooley, Eric W. Rothenbuhler, 2016-10-31 The International Encyclopedia of Communication Theory and Philosophy is the definitive single source reference work on the subject with state of the art and in depth scholarly reflection on key issues from leading international experts It is available both online and in print A state of the art and in depth scholarly reflection on the key issues raised by communication covering the history systematics and practical potential of communication theory Articles by leading experts offer an unprecedented level of accuracy and balance Provides comprehensive clear entries which are both cross national and cross disciplinary in nature The Encyclopedia presents a truly international perspective with authors and positions representing not just Europe and North America but also Latin America and Asia Published both online and in print Part of The Wiley Blackwell ICA International Encyclopedias of Communication series published in conjunction with the International Communication Association Online version available at www.wileyicaencyclopedia.com **Political Psychology** David Patrick Houghton, 2014-08-25 What shapes political behavior more the situations in which individuals find themselves or the internal psychological makeup beliefs values and so on of those individuals This is perhaps the leading division within the psychological study of politics today Political Psychology Situations Individuals and Cases 2nd edition provides a concise readable and conceptually organized introduction to the topic of

political psychology by examining this very question Using this situationism dispositionism framework which roughly parallels the concerns of social and cognitive psychology this book focuses on such key explanatory mechanisms as behaviorism obedience personality groupthink cognition affect emotion and neuroscience to explore topics ranging from voting behavior and racism to terrorism and international relations The new edition includes a new chapter on the psychology of the media and communication Houghton has also updated the text to analyze recent political events such as the 2012 election and to include up and coming research in the areas of neuroscience behavioral economics and more Houghton s clear and engaging examples directly challenge students to place themselves in both real and hypothetical situations which involve intense moral and political dilemmas This highly readable text will provide students with the conceptual foundation they need to make sense of the rapidly changing and increasingly important field of political psychology

The Policy Sciences of Harold Lasswell Douglas Torgerson,2024-01-18 Illuminating and timely this book explores in depth Harold Lasswell s prominent and controversial 20th century proposal for the policy sciences With his extraordinary contextual focus Lasswell stands apart as unique in the policy landscape advancing a tacit critical dimension that anticipates a radical democratic prospect

The Global Culture of Bullying Carol L. Castleberry,2022-09-27 This book explicates bullying as a concept and as a social and cultural phenomenon that has become a defining reality of the times in which we live The author begins in the arena where it is first and most acutely individually experienced in school and expands to other institutions and areas of social life the family the workplace and the local national and international spheres extending the concept of bullying to the global arena to uncover the social and institutional root causes of the extreme forms of bullying such as trafficking torture terrorism and genocide The book discusses the steps taken to address these issues and analyzes their efficacy It explores the concept of epigenetics brain development childhood experiences and other psychological factors that contribute to bullying behaviors and predispositions The book investigates and compares anti bullying and anti violence initiatives taken particularly in the U S the U K and India to address the issue and create community wide resilience practices It also

describes the current trends in decisions from international regional and domestic law and offers evidence based policy recommendations to establish a culture of respect for human dignity An interdisciplinary intercultural exploration and analysis of the phenomenon of bullying this book will be of interest to students teachers and researchers of psychology sociology anthropology social justice and law human rights and cultural studies It will also be useful for academic libraries academicians policy planners school administration government officials and readers interested in reading about bullying

The Political Psychology of War Rape Inger Skjelsbæk,2012-02-13 This book provides a conceptual framework for understanding war rape and its impact through empirical examination of the case of Bosnia Providing a contextual understanding of sexual violence in war and situating Bosnian war rape in relation to subsequent conflicts the book offers a methodological outline of how sexual violence in war can be studied from a political psychological perspective It presents empirical findings from the field that show what war rape can entail in the aftermath of armed conflict for victims and their communities Through its comprehensive approach to Bosnian experiences the volume expands the conceptualization of victimhood and challenges the assumption that sexual violence is a particularly difficult theme to study because of victim silence Rather the author demonstrates there are many voices that can provide insight and understandings of war rape and its impact without having to compromise the safety and privacy of individual victims Finally the book shows the ways in which individual experiences of war rape are shaped by national and international discourses on gender sexuality and politics This book will be of interest to students of political psychology war and conflict studies European politics ethnic conflict politics and IR in general

Media and Science-Religion Conflict Thomas Aechtner,2020-01-22 This book examines why the religion science skirmishes known as the Evolution Wars have persisted into the 21st century It does so by considering the influences of mass media in relation to decision making research and the Elaboration Likelihood Model one of the most authoritative persuasion theories The book s analysis concentrates on the expression of cues or cognitive mental shortcuts in Darwin sceptic and counter creationist broadcasts A multiyear collection of media generated by the most prominent Darwin sceptic organizations is surveyed along with rival publications from supporters of evolutionary theory described as the pro evolutionists The analysed materials include works produced by Young Earth Creationist and Intelligent Design media makers New Atheist pacesetters as well as both agnostic and religious supporters of evolution These cues are shown to function as subtle but effective means of shaping public opinion including appeals to expertise claims that ideas are being censored and the tactical use of statistics and technical jargon Contending that persuasive mass media is a decisive component of science religion controversies this book will be of keen interest to scholars of Religion Science and Religion interactions as well as researchers of Media and Communication Studies more generally

Democratic Culture and Moral Character Jerome Braun,2013-06-03 This book returns critical theory to its roots in both psychology and the social sciences It shows some of the relationships between equality in a political and social sense and personal identity that either relates well

to such equality or rebels against it All this reflects processes of social and cultural influence that involve not only random change but also processes of social and cultural evolution that themselves have effects regarding potentials for self fulfillment and even public morality This book provides a framework to help one study the interaction between individual aspirations and social opportunities Jerome Braun known for his writings in interdisciplinary social science an approach he calls pragmatic critical theory here provides a book that discusses issues relevant to the moral underpinnings of democratic society including issues of social evolution and of culture and personality This book will be of particular interest to scholars and students of Psychology particularly in the areas of Psychology of Personality and Cultural Psychology Sociology especially those interested in Sociology of Alienation and Sociology of Culture as well as Sociology of Mental Health Anthropology particularly in the area of Psychological Anthropology Cultural Studies and Social Theory in general *Dead Men's Propaganda* Terhi Rantanen, 2024-05-07 In *Dead Men's Propaganda* Ideology and Utopia in Comparative Communications Studies Terhi Rantanen investigates the shaping of early comparative communications research between the 1920s and 1950s notably the work of academics and men of practice in the United States Often neglected this intellectual thread is highly relevant to understanding the 21st century's challenges of war and rival streams of propaganda Borrowing her conceptual lenses from Karl Mannheim and Robert Merton Rantanen draws on detailed archival research and case studies to analyse the extent and importance of work outside and inside the academy illuminating the work of pioneers in the field Some of these were well known academics such as Harold Lasswell and the authors of the seminal book *Four Theories of the Press* Others operated in the world of news agencies such as Associated Press's Kent Cooper or were marginalised as migr scholars notably Paul Kecskemeti and Nathan Leites Her study shows how comparative communications from its very beginning can be understood as governed by the Mannheimian concepts of ideology and utopia and the power play between them The close relationship between these two concepts resulted in a bias in knowledge production contributed to dominant narratives of generational conflicts and to the demarcation of Insiders and Outsiders By focusing on a generation at the forefront of comparative communications at this pivotal time in the 20th century this book challenges orthodoxies in the intellectual histories of communication studies Science, Democracy, and the American University Andrew Jewett, 2014-05-01 This book reinterprets the rise of the natural and social sciences as sources of political authority in modern America Andrew Jewett demonstrates the remarkable persistence of a belief that the scientific enterprise carried with it a set of ethical values capable of grounding a democratic culture a political function widely assigned to religion The book traces the shifting formulations of this belief from the creation of the research universities in the Civil War era to the early Cold War years It examines hundreds of leading scholars who viewed science not merely as a source of technical knowledge but also as a resource for fostering cultural change This vision generated surprisingly nuanced portraits of science in the years before the military industrial complex and has much to teach us today about the relationship between

science and democracy **Encyclopedia of Political Communication** Lynda Lee Kaid, Christina Holtz-Bacha, 2008

Political communication began with the earliest studies of democratic discourse by Aristotle and Plato. However, modern political communication relies on an interdisciplinary base which draws on concepts from communication, political science, journalism, sociology, psychology, history, rhetoric, and others. This two-volume resource considers political communication from a broad interdisciplinary perspective encompassing the many different roles that communication plays in political processes in the United States and around the world. The Encyclopedia of Political Communication discusses the major theoretical approaches to the field, including direct and limited effects theories, agenda setting theories, sociological theories, framing and priming theories, and other past and present conceptualizations. With nearly 600 entries, this resource pays considerable attention to important political messages such as political speeches, televised political advertising, political posters, and print advertising; televised political debates; and Internet sites. The audiences for political communications are also central, necessitating concentration on citizen reactions to political messages, how the general public and voters in democratic systems respond to political messages, and the effects of all types of media and message types.

Key Features
 Encompasses several channels of political communication, including interpersonal and public communication, radio, television, newspapers, and the World Wide Web. Provides news media coverage and journalistic analysis of politics, political issues, political figures, and political institutions. Concentrates on the field of political communication since the middle of the 20th century. Emphasizes political communication from the point of view of the United States, but there is substantial and important research and scholarship on political communication in international contexts. Considers the role of communication in governing, incorporating communication activities that influence the operation of executive, legislative, and judicial bodies, political parties, interest groups, political action committees, and other participants in political processes.

Key Themes
 Biographies, Books, Films, Journals, Television, Democracy, Democratization, Education, and Nonprofit Organizations, Elections, Government Operations and Institutions, Legal and Regulatory Media, Events, Media Outlets and Programs, Role of Media in Political Systems, News Media Coverage of Politics, Political Affairs, Theoretical Approaches, Types of Political Media, Political Attitudes, Political Campaigns, Political Events, Political Groups and Organizations, Political Issues, Political Journalism, Theoretical Concepts, Women in Politics.

The Encyclopedia of Political Communication is designed for libraries, undergraduates, and members of the public with an interest in political affairs. Media and political professionals, as well as government officials, lobbyists, and participants in independent political organizations, will find these volumes useful in developing a better understanding of how the media and communication function in political settings. http://catdir.loc.gov/catdir/enhancements/fy0828/2007026514_d.html

Policy Sciences and the Human Dignity Gap Susan G. Clark, Evan J. Andrews, Ana E. Lambert, 2024-06-19

This book presents a comprehensive and actionable framework for individuals and leaders seeking to promote human dignity within healthy environments. Rooted in the policy sciences approach, it equips

readers with the essential concepts tools and skills necessary to address indignity and unhealthy conditions collectively Despite international commitments and domestic laws advocating for human dignity a glaring human dignity gap persists in numerous regions and problem contexts This book sheds light on this disparity examining its manifestations in global environmental change development efforts water insecurity wildfires human wildlife conflict access to public health and much more While existing scholarship often focuses on legal rights the authors emphasize untapped opportunities for everyday citizens and leaders to foster human dignity within their communities and beyond By offering fresh perspectives practical concepts and exercises this book empowers readers to bridge the performance gap ultimately enabling the realization of human dignity from the grassroots level It provides innovative strategies and frameworks to address this pressing global issue making it an invaluable resource for scholars policymakers and concerned citizens alike

Educational Research: The Importance and Effects of Institutional Spaces Paul Smeyers, Marc Depaepe, Edwin Keiner, 2013-04-05 This collection of fresh analyses aims to map the links between educational theory and research and the geographical and physical spaces in which teaching is practiced and discussed The authors combine historical and philosophical perspectives in examining the differing institutional loci of education research and also assess the potential and the limitations of each The contributors trace the effects of space on educational practice in the classroom in the broader institutions and in the academic discipline of education doing so for a range of international contexts The chapters address various topics relating to the physical and geographical environment How for example does geographical space shape researchers mental frameworks How did the learning environments in which young children are taught today evolve To what extent did parochialism shape America's higher education system How can our understanding of classroom practice be enhanced by concepts of space The book acknowledges that texts themselves as well as the research arena are spaces too and notes the fascinating debate on the concept of space in the field of mathematics education Indeed as more and more students move online the book analyses the rising importance of virtual spaces such as Web 2.0 which have major educational implications for researchers and students joining the innovative virtual universities of the future This publication as well as the ones that are mentioned in the preliminary pages of this work were realized by the Research Community FWO Vlaanderen Research Foundation Flanders Belgium Philosophy and History of the Discipline of Education Faces and Spaces of Educational Research

Handbook on Policy, Process and Governing H.K. Colebatch, 2018-12-28 This Handbook covers the accounts by practitioners and observers of the ways in which policy is formed around problems how these problems are recognized and understood and how diverse participants come to be involved in addressing them H.K. Colebatch and Robert Hoppe draw together a range of original contributions from experts in the field to illuminate the ways in which policies are formed and how they shape the process of governing

Russian Studies, Political Science, and the Philosophy of Technology Guoli Liu, Joanna Drzewieniecki, 2022-04-18 This volume presents state of the art creative

scholarship in political science and area studies with an emphasis on Russia The contributors all well known in their specialties share the conviction that advancement in the social sciences can only be achieved through plural methodological approaches and interaction with various disciplines Their work in this collection provides critical analyses of key issues in Russian and post Soviet studies It explores the most fruitful ways of studying Russia with particular emphasis on the federal system politics in the era of Putin challenges of Russian foreign policy and Russian attitudes toward democracy The vagaries of democracy are also explored in articles on Georgia and Turkey Additionally this book examines the philosophy of technology with an emphasis on critical theory eco domination and engineering ethics

Ensuring Greater Yellowstone's Future Susan Gail Clark, 2008-10-01 Drawing on extensive conservation experience in the greater Yellowstone region Susan G Clark outlines the leadership and policy issues associated with managing greater Yellowstone's natural resources and assesses the successes and failures of those who have worked there toward sustainability over the past 40 years

Words of Conflict, Words of War Fathali M. Moghaddam, Rom Harré, 2010-05-05 This highly insightful and cohesive group of studies reveals the power of political narratives to create conflict and peace Words of Conflict Words of War How the Language We Use in Political Processes Sparks Fighting is a fascinating exploration of the narratives leaders use to position both themselves and others in the course of political processes that lead to peace or conflict Drawing on the relatively new field of positioning theory expert essays provide insights into the ways words position us for better or worse and influence our intended results The focus on narratives from the interpersonal to the international leads to a better understanding of political processes and conflict resolution Part one of the study deals with micropolitics and personal positioning Part two explores positioning by political parties and factions Links between micro and macro are illustrated by leadership studies of individuals such as President Barak Obama President Mahmoud Ahmadinejad President George W Bush Governor Sarah Palin and the Reverend Ian Paisley The focus throughout is on how a leader can use language to redirect collective politics in support of conflict or of peace

Morality, Ethics, and Gifted Minds Don Ambrose, Tracy Cross, 2009-04-21 Morality Ethics and Gifted Minds explores much of the current wisdom on ethics and morality while developing new perspectives on the ethical dimensions of high ability Prominent authors from diverse disciplines are brought together recognizing that no single discipline can capture the essence and entirety of nettlesome complex multidimensional moral issues More specifically the book explores new dimensions of ethics and morality magnifies the importance of applying highly intelligent minds to ethical issues while developing ways to strengthen the ethical awareness of the creative and gifted and brings diverse interdisciplinary perspectives to bear on these issues

Revitalizing Political Psychology The Legacy Of Harold D Lasswell Introduction

In the digital age, access to information has become easier than ever before. The ability to download Revitalizing Political Psychology The Legacy Of Harold D Lasswell has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Revitalizing Political Psychology The Legacy Of Harold D Lasswell has opened up a world of possibilities. Downloading Revitalizing Political Psychology The Legacy Of Harold D Lasswell provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Revitalizing Political Psychology The Legacy Of Harold D Lasswell has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Revitalizing Political Psychology The Legacy Of Harold D Lasswell. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Revitalizing Political Psychology The Legacy Of Harold D Lasswell. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Revitalizing Political Psychology The Legacy Of Harold D Lasswell, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To

protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Revitalizing Political Psychology The Legacy Of Harold D Lasswell has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Revitalizing Political Psychology The Legacy Of Harold D Lasswell Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility.
