classical Greek myths around Lacan s dichotomy between ineffable Being and the meanings imposed upon Being by culturally determined signifiers The primary signifiers in myth the gods as projections of contradictory meanings impel human consciousness in contradictory directions toward heroic self realization on the one hand and into the fear guilt and despair resulting from failure on the other The gods both reveal and occlude that which they signify the signified ultimately Being itself Austin includes one chapter on the father s ghost in Shakespeare s *Hamlet* and another on Albert Camus s *The Stranger* as examples of the power of mythical archetypes to reveal and occlude Being even when the apparatus of gods has been excluded Despite their pessimism ancient myths also affirm that the paradoxes are not insoluble Austin concludes by outlining the profile of the Universal Self intimated in myth religion and philosophy as the joint venture of the world realized in consciousness consciousness realized in consciousness and consciousness realized in the world **"Zadock the**

Soifer, 1991-01-01 The Sanskrit Puranas and epics are replete with stories of the avatars incarnations of the god Visnu in various forms to rid the universe of malevolent forces and to restore the proper cosmic balance As Narasimha half man half lion Visnu finds a loophole in the pact of invulnerability the demon Hiranaipu has received from god Brahma and rends the demon apart with his claws As the brahmin dwarf Vamana Visnu deceives the demon Bali with his diminutive appearance and thwarts Bali's attempt to gain universal sovereignty After carefully analyzing the myths of Vamana and Narasimha Deborah Soifer grounds her study in the textual history of each avatar and its myth in their religious contexts and in the intricate cosmology of the classical period of Hinduism Contrasting the bestial persona of Narasimha with Vamana's priestly appearance and his associations with early cosmologic themes she finds complementarity and significance in this pair as they are viewed in the larger context of periodic cosmic destructions and recreations While focusing primarily on these two mythological figures Soifer's work explores the relationship between dharma and the devious acts of gods the interplay between cosmic and sociocosmic levels of reality and the relationship between cosmology theology and soteriology in a religious worldview Serenade the King E.
