Long Term Care And Medicare Policy:

Long-Term Care and Medicare Policy David Blumenthal, Marilyn Moon, Mark Warshawsky, 2004-05-13 As the population ages policymakers must evaluate the nation's readiness to assist a growing group of people with conditions requiring chronic and long term care Based on the 2002 annual meeting of the National Academy of Social Insurance this new volume offers a variety of viewpoints from policymakers researchers and experts who examine how well the needs of the elderly and disabled Americans are being met by today's financing and delivery systems in light of potential reform options Particular attention is paid to care coordination issues namely the impact of acute care policies on long term and chronic care to draw attention to how the segmentation of healthcare provision can create disruptions in patient care Authors address the advantages and disadvantages of varying levels of state federal and private involvement in long term care Clearly for people to access appropriate long term care today and tomorrow a careful balance of financing sources and integrated health care must be achieved Researchers analysts and policymakers therefore will find this volume useful to informing thoughtful analysis of important long term care issues

Medicare Policy Karen Davis, Diane Rowland, 1986

Effective Management of Long Term Care Facilities Douglas Singh, 2010-02-18 Effective Management of Long Term Care Facilities explores the complex operations of the long term care facility and offers critical skills to current and future nursing home administrators for delivering quality cost effective services The Second Edition has been thoroughly revised and reorganized to offer a more cohesive presentation of the material New chapters that have been added cover the long term care industry long term care policy and supportive case studies that incorporate management and patient care issues

Effective Management of Long-term Care Facilities Douglas A. Singh, 2005 This outstanding new text provides a clear understanding of how the ideal long term care facility should operate and how prospective as well as currently employed nursing home administrators can hone their skills to deliver quality services cost effectively

The Oxford Handbook of U.S. Social Policy Daniel Béland, Christopher Howard, Kimberly J. Morgan, 2015

The American welfare state has long been a source of political contention and academic debate This Oxford Handbook pulls together much of our current knowledge about the origins development functions and challenges of American social policy After the Introduction the first substantive part of the handbook offers an historical overview of U S social policy from the colonial era to the present This is followed by a set of chapters on different theoretical perspectives available for understanding and explaining the development of U S social policy The three following parts of the volume focus on concrete social programs for the elderly the poor and near poor the disabled and workers and families Policy areas covered include health care pensions food assistance housing unemployment benefits disability benefits workers compensation family support and programs for soldiers and veterans The final part of the book focuses on some of the consequences of the U S welfare state for poverty inequality and citizenship Many of the chapters comprising this handbook emphasize the disjointed patterns of policy making inherent to U S policymaking and the public private mix of social provision in which the government helps certain groups of citizens directly e g social insurance or indirectly e g tax expenditures regulations The contributing authors are experts from political science sociology history economics and other social sciences

Handbook of Aging and the Social Sciences Robert H. Binstock, Linda K. George, Stephen J. Cutler, Jon Hendricks, James H. Schulz, 2011-05-05

The Handbook of Aging and the Social Sciences Sixth Edition provides a comprehensive summary and evaluation of recent research on the social aspects of aging The 25 chapters are divided into four sections discussing Aging and Time Aging and Social Structure Social Factors and Social Institutions and Aging and Society Within this context aging is examined from the perspectives of many disciplines and professions including anthropology bioethics demography economics epidemiology law political science psychology and sociology The Sixth Edition of the Handbook is virtually 100% new material Seventeen chapters are on subjects not carried in the previous edition Seven topics were carried over from the previous edition but written by new authors with fresh perspectives and brought up to date Some of the exciting new topics include social relationships in late life technological change and aging religion and aging lifestyle and aging perceived quality of life economic security in retirement and aging and the law There is also a greater emphasis on international perspectives particularly in chapters on aging and politics diversity and aging and immigration The Handbook will be of use to researchers and professional practitioners working with the aged It is also suitable for use as a course text for graduate and advanced undergraduate courses on aging and the social sciences

Long-term Care for the

Elderly United States. General Accounting Office,1988 Health Care Financing Review ,1986 *Losing A Million Minds* Office of Technology Assessment,2002-09 Prepared at the request of several committees of Congress this report discusses the medical social political and financial aspects of dementia in the elderly and assesses the impact of these diseases on the Nation The U S Office of Technology Assessment published this first government report on Alzheimer s disease in 1987

New Models for Managing Longevity Risk Olivia S. Mitchell,2022-02-04 This is an open access title available under the terms of a CC BY NC ND 4.0 International licence It is free to read at Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations Notwithstanding the terrible price the world has paid in the coronavirus pandemic the fact remains that longevity at older ages is likely to continue to rise in the medium and longer term This volume explores how the private and public sectors can collaborate via public private partnerships PPPs to develop new mechanisms to reduce older people s risk of outliving their assets in later life As this volume shows PPPs typically involve shared government financing alongside private sector partner expertise management responsibility and accountability In addition to offering empirical evidence on examples where this is working well contributors provide case studies discuss survey results and examine a variety of different financial and insurance products to better meet the needs of the aging population This volume will be informative to researchers plan sponsors students and policymakers seeking to enhance retirement plan offerings *Competition in the Health Care Sector* Warren Greenberg,1988 Competition Deregulation Free market forces The debate over competition in health care that raged in the 1970s brought with it a new economic jargon a vocabulary of concepts and issues unheard of in hospitals a decade earlier Competition in health care has developed to a greater degree than most economists predicted ten years ago That is the conclusion of Warren Greenberg in his introduction to *Competition in the Health Care Sector Ten Years Later* a retrospective of a 1977 Federal Trade Commission conference which produced the landmark treatise *Competition in the Health Care Sector Past Present and Future* Seven of the ten original papers are reexamined a chapter on the nursing home industry has been added As with the original volume Greenberg predicts that the retrospective will become a critical element in the health care economic literature Hospitals
