The Library of Wayne King Livingston Wayne King Livingston, 2011-06-10 The stories you are about to read are from traveling and a culmination from eight years of my wife and I living among the people in lands of rich stories not excluding Ireland It has given me great joy to write of our adventures in a format that takes the best of times stirred with some pathos of fallen friends and then mixed into the tales within These reminiscences will be treasured by my wife Pat and I forever No one character is represented in his or her entirety and no narrative can be said to be an actual event These storied chapters herein capture our lives as it might have happened I have pasted the wonderful characters together from all the many vignettes we encompassed while dwelling amongst one of the most reflective societies today Not reflective in some lofty

sense but as in a mirror of life that needs the rich loamy land and vibrant countryside to place one's heart into Ireland with not much doubt is the last and most beautiful virginal country left today Thanks to flying there are many corners and stories on this earth that I have seen and wrote about of great exotic beauty and depth but the endowments of pastoral Ireland leave one breathless Its soft and natural charm is the result of native Irishmen resisting the huge industrial revolution that has changed lives within the short span of our diminutive existences The Emerald Isle is a refuge from the unbridled growth of material things Time will undoubtedly take this last resort but there are those of us who have advantaged ourselves with an affair of the heart a sojourn with Ireland The Author Stories of Fairies Anna Lester,2015-07-01 Three new and original stories about Crystal Poppy and Lily three fairies in a flap over stolen wands flying lessons and fairy balls Part of Young Reading Series 1 for readers just starting to read alone Irresistible for children learning to read Child Education Plus

new circulation realities of the press This volume tells the story of the twenty six daily newspapers of New Jersey from the 1960s to the 1980s and in so doing tells the story of the rise of suburbia and the golden age of suburban journalism In an intense effort to keep pace with the changing location of their readers and most particularly with the upscale consumers the shift to the suburbs was marked by changes in news coverage advertising and promotion Though people have predicted the decline of newspaper business for more than fifty years they were proven wrong by the rise of the suburban press and by the survival of most newspapers urban and suburban alike through the 1980s and 1990s But in the twenty first century the news and information industry has changed and the national and international economy has faltered In his new preface David Sachsman takes the reader on a tour of what happened to each of the New Jersey daily newspapers since the publication of the original The twenty six newspapers studied have dwindled to sixteen and huge losses in circulation have caused drastic cutbacks and mergers The decline in New Jersey newspaper readership is part of a national trend This is an essential book for all American historians journalists and communication specialists
