The Higgs Years Gabriel Arsenault, 2025-06-13 Drawing on original data from the Polimeter a non partisan tool that measures whether politicians keep the promises they make contributors assess Blaine Higgs and his Progressive Conservative Party's record in New Brunswick Black Heart: Darker Side of Life Arthur Calinao, 2018-01-04 Oh merciful creator give me strength to live another day let me not lose faith preserve me keep my heart clean This is a story about a person who is seeking fun because of a marriage gone astray Samuel a straight individual grew up with a wealthy family on the island of Hawaii He is well educated with a degree in medicine Upon getting a divorce from his wife of thirteen years he decided to move to the sunshine state and settled at Palm Beach Count **U.S. International Travel and Transportation Trends**, 2006 Minority Rule Ari Berman, 2024-04-23 Voting rights journalist Ari Berman has been detailing threats to our democracy for years and his new book *Minority Rule* is a timely and essential read He expertly shows how Republicans are trying to rig our political system and shares how we can fight back Hillary Clinton on X A riveting account of the decades long effort by reactionary white conservatives to undermine democracy and entrench their power and the movement to stop them The mob that stormed the Capitol on January 6 2021 represented an extreme form of the central danger facing American democracy today a blatant disregard for the will of the majority But this crisis didn't begin or end with Donald Trump's attempt to overturn the 2020 election Through voter suppression election subversion gerrymandering dark money the takeover of the courts and the whitewashing of history reactionary white conservatives have strategically entrenched power in the face of a massive demographic and political shift Ari Berman charts these efforts with sweeping historical research and incisive on the ground reporting chronicling how a wide range of antidemocratic tactics interact with profound structural inequalities in institutions like the Electoral College the Senate and the Supreme Court to threaten the survival of representative government in America The will of the people wrote Thomas Jefferson in 1801 is the only legitimate foundation of any government But that foundation is crumbling Some counter majoritarian measures were deliberately built into the Constitution which was designed in part to benefit a small propertied upper class but they have metastasized to a degree that the Founding Fathers could never have anticipated undermining the very notion of a government of the people by the people and for the people Chilling and revelatory *Minority Rule* exposes the long history of the conflict between white supremacy and multiracial democracy that has reached a fever pitch today while also telling the inspiring story of resistance to these regressive efforts Franco's Justice Julius Ruiz, 2005-07-28 Madrid became one of the key symbols of Republican resistance to General Franco during the Spanish Civil War following the Nationalists failure to take the city in the winter of 1936-7 Yet despite the defiant cries of No pasarán they did eventually pass on 28 March 1939 This book examines the consequences in Madrid of Franco's unconditional victory in the Spanish Civil War Using recently available archival material this study shows how the punishment of the vanquished was based on a cruel irony Republicans not the military rebels of July

1936 were held responsible for the fratricidal conflict Military tribunals handed out sentences for the crime of military rebellion mere passivity towards the Nationalists before 1939 was not only made a civil offence under the Law of Political Responsibilities but could cause dismissal from work and freemasons and Communists specifically blamed for the Civil War were criminalized by decree in March 1940 However contrary to much that has been written on the subject the post war Francoist repression was not exterminatory Genocide did not take place in post war Madrid While a minimum of 3113 judicial executions took place between 1939 and 1944 death sentences were largely based on accusations of participation in blood crimes that occurred in Madrid in 1936 Moreover and unlike most other accounts of the Francoist political violence this book is concerned with the question of when and why mass repression came to an end It shows that the sheer numbers of cases opened against Republican rebels and the use of complex pre war bureaucratic procedures to process them produced a crisis that was only resolved by decisions taken by the Franco regime in 1940 1 to abandon much of the repressive system By 1944 mass repression had come to an end
