Clapham, 1996-09-12 Paying for the state Merchants to Multinationals Geoffrey Jones, 2002-03-07 Merchants to Multinationals examines the evolution of multinational trading companies from the eighteenth century to the present day During the Industrial Revolution British merchants established overseas branches which became major trade intermediaries and subsequently engaged in foreign direct investment Complex multinational business groups emerged controlling large investments in natural resources processing and services in Asia Latin America and Africa While theories of the firm predict the demise over time of merchant firms this book identifies the continued resilience of British trading companies despite the changing political and business environments of the twentieth century Like Japanese trading companies they re invented themselves in successive generations The competences of the trading companies resided in their information gathering relationship building human resource and corporate governance systems This book provides a new dimension to the literature on international business through the focus on multinational service firms and its evolutionary approach based on confidential business records *Conflicting Missions* Piero Gleijeses, 2011-03-01 This is a compelling and dramatic account of Cuban policy in Africa from 1959 to 1976 and of its escalating clash with U S policy toward the continent Piero Gleijeses s fast paced narrative takes the reader from Cuba s first steps to assist Algerian rebels fighting France in 1961 to the secret war between Havana and Washington in Zaire in 1964 65 where 100 Cubans led by Che Guevara clashed with 1 000 mercenaries controlled by the CIA and finally to the dramatic dispatch of 30 000 Cubans to Angola in 1975 76 which stopped the South African advance on Luanda and doomed Henry Kissinger s major covert operation there Based on unprecedented archival research and firsthand interviews in virtually all of the countries involved Gleijeses was even able to gain extensive access to closed Cuban archives this comprehensive and balanced work sheds new light on U S foreign policy and CIA covert operations It revolutionizes our view of Cuba s international role challenges conventional U S beliefs about the influence of the Soviet Union in directing Cuba s actions in Africa and provides for the first time ever a look from the inside at Cuba s foreign policy during the Cold War Washington Post Book World Gleijeses s research bluntly contradicts the Congressional testimony of the era and the memoirs of Henry A Kissinger After reviewing Dr Gleijeses s work several former senior United States diplomats who were involved in making policy toward Angola broadly endorsed its conclusions New York Times With the publication of *Conflicting Missions* Piero Gleijeses establishes his reputation as the most impressive historian of the Cold War in the Third World Drawing on previously unavailable Cuban and African as well as American sources he tells a story

that is full of fresh and surprising information And best of all he does this with a remarkable sensitivity to the perspectives of the protagonists This book will become an instant classic John Lewis Gaddis author of *We Now Know Rethinking Cold War History* Based on unprecedented research in Cuban American and European archives this is the compelling story of Cuban policy in Africa from 1959 to 1976 and of its escalating clash with U S policy toward the continent Piero Gleijeses sheds new light on U S foreign policy and CIA covert operations revolutionizes our view of Cuba's international role and provides the first look from the inside at Cuba's foreign policy during the Cold War

Postcolonial Transition and Global Business History Stephanie Decker, 2022-11-30 British multinationals faced unprecedented challenges to their organizational legitimacy in the middle of the twentieth century as the European colonial empires were dismantled and institutional transformations changed colonial relationships in Africa and other parts of the world This book investigates the political networking and internal organizational changes in five British multinationals United Africa Company John Holt Co Ashanti Goldfields Corporation Bank of West Africa and Barclays Bank DCO These firms were forced to adapt their strategies and operations to changing institutional environments in two English speaking West African countries Ghana formerly the Gold Coast and Nigeria from the late 1940s to the late 1970s Decolonization meant that formerly imperial businesses needed to develop new political networks and change their internal organization and staffing to promote more Africans to managerial roles This postcolonial transition culminated in indigenization programmes and targeted nationalizations which forced foreign companies to sell equity and assets to domestic investors in the 1970s *Postcolonial Transition and Global Business History* is the first in depth historical study on how British firms sought to adapt over several decades to rapid political and economic transformation in West Africa Exploring both postcolonial transitions and development discourse this book addresses the topics with regard to business and economic history and will be of interest to researchers academics and students in the fields of organizational change political economy African studies and globalization
