New York Memories: Stories From Another Time and Place Dante Santacroce, 2018-08-07 A collection of short stories about a boy growing up on the streets of New York City in the 1930 s into the 1940 s and how World War II changed everything Dante Santacroce was born in 1929 in New York City Living on 27th street in his youth was a special yet grim experience Determined to make it out of the city he ignored his counselor s suggestion to attend trade school and instead struggled hard to get a high school degree Despite his average grades as luck would have it he applied to Georgia Tech University in Atlanta for the winter quarter and because of the many freshman drop outs he was accepted In addition to being an architect Dante was the director of the Underground Theatre in Atlanta for 44 years Despite his professional success deep inside he has continued to be that little boy from the streets of New York City always wondering why he was lucky enough to make it out

On Access in Applied Theatre and Drama Education Colette Conroy, Adelina Ong, Dirk J. Rodricks, 2020-06-09 This book explores and interrogates access and diversity in applied theatre and drama education Access is persistently framed as a strategy to share power and to extend equality but in the context of current and recent power struggles it is also seen as a discourse that reinforces marginalisation and exclusion The political bind of access is also a conceptual problem It is impossible to refuse to engage in strategies to extend access to institutions representations buildings education discourse etc We cannot oppose access or strategies for access without reinforcing marginalisation and exclusion We can t not want access for ourselves or for others However we are then in danger of remaining immersed in a distribution of power that reinforces and naturalises inequality as difference For applied theatre and drama education the act of creating teaching and learning is intrinsically connected to choice along with the agency and capacity to choose What is less clear and what still interests us is how the distribution of power and representation creates the schema for an analysis of access and diversity This book was originally published as a special issue of Research in Drama Education The Journal of Applied Theatre and Performance

Inquiry-Based Learning

Through the Creative Arts for Teachers and Teacher Educators Amanda Nicole Gulla, Molly Hamilton Sherman, 2020-10-19

This book is a theoretical and practical guide to implementing an inquiry based approach to teaching which centers creative responses to works of art in curriculum Guided by Maxine Greene's philosophy of Aesthetic Education the authors discuss the social justice implications of marginalized students having access to the arts and opportunities to find their voices through creative expression They aim to demystify the process of inquiry based learning through the arts for teachers and teacher educators by offering examples of lessons taught in high school classrooms and graduate level teaching methods courses Examples of student writing and art work show how creative interactions with the arts can help learners of all ages deepen their skills as readers writers and thinkers *American Cultural Theatre 2020 Volume 1* William Stewart, 2021-04-15

This book has four poems I write my poem for special and feeling in the moments of my life experience There are four plays that focused on the culture of twenty first century life The first is called Trolley to the Border The path that some life takes and intercept the set at San Diego America Plaza trolley station I try to honor Henrik Ibsen the artist style to focus on the social norm The second play highlight the life success and struggles of Arthur Ashe It's called World Citizen King of the Court In this play I try to honor the amazing style of Emily Mann and her ability to use documentary and make creative and entertaining theater The third play is called Crime Unpunished It focused on four friends journeys with sexual abuse suicide healing and building a healthy relationship In this play I tried to honor Lloyd Richards and his ability to take on very challenging works The fourth play is called Remember If It Happened This a journey of a modern day person on how he finds the history of his name and that he is part Native American That opens up a spiritual connection that leads to seeing the world differently In this I try to honor the fun imagination of William Shakespeare *Secrets of an Old Typewriter: Stories from a Smart and Sassy Small Town Girl* Susie Duncan Sexton, 2011-08-29

Susie Duncan Sexton has lived her entire life in a small town indeed in the same house where she grew up As an adult she taught at the same grammar school that she attended as a child and many of the relationships she cultivated while growing up including her marriage have endured over the years Always one to document the present and offer her sometimes unorthodox ideas and opinions Susie Duncan Sexton has tickled the keys of her trusty old typewriter for nearly five decades and now that venerable machine is ready to reveal its secrets

Look Both Ways Herman Arthur Voaden, J. C. Adams (M.A.), 1975 Jacques Lacan Slavoj Žižek, 2003 Jacques Lacan 1901-1980 is undoubtedly the central figure of psychoanalysis in the second half of the 20th century The texts selected here present the entire scope of the Lacan debate Domesticated Wild Things, and Other Stories Xhenet Aliu, 2020-02-17

Just down the highway from Connecticut's Gold Coast is the state's rusty underbelly the wretched used up sort of place where you might find Xhenet Aliu's *Domesticated Wild Things* the reluctant mothers delinquent dads and not quite feral children yet dreamers all These are the children of immigrants who found boarded up brass mills instead of the gilded streets of America they're the teenaged girls raised in the fluorescent glow of Greek diners the middle aged men with pump trucks

and teratomas These are people who have fled or who should have And if they are indeed familiar it is because Aliu writes what is real whether we ourselves her readers have seen it up close or not And her stories make sense in a way that matters A young mother buys into a real estate investment seminar offered on an infomercial only to be put back into her place by a bully in foreclosure A closeted wrestler befriends a latchkey seven year old neighbor who harbors secrets of her own A YMCA counselor tries to reclaim shoes stolen by a troubled young camper What they share is a biting humor an eye for the absurd and fumbling attempts at human connection all rendered irresistible and as moving as they are amusing by a writer whose work is at once edgy and endearing and prize winning for reasons any reader can appreciate

Professing Performance

Shannon Jackson, 2004-04-08 Today's academic discourse is filled with the word perform Nestled amongst a variety of prefixes and suffixes re-post-ance-ivity the term functions as a vehicle for a host of contemporary inquiries For students artists and scholars of performance and theatre this development is intriguing and complex By examining the history of theatre studies and related institutions and by comparing the very different disciplinary interpretations and developments that led to this engagement Professing Performance offers ways of placing performance theory and performance studies in context

Experience and Conflict Panu Lehtovuori, 2010 When designing planning and building urban spaces many contradictory and conflicting actors practices and agendas coexist This book propounds that at present this process is conducted in an artificial reality Concept City characterized by a simplified and outdated conception of space It provides a constructive critique of the concepts underlying the practices of planning and architecture and in order to facilitate more dynamic inclusive and subtle practices it formulates a new theory about space in general and public urban space in particular The central notions in this theory are temporality experiment and conflict which are grounded on empirical observations in Helsinki Manchester and Berlin While the book contextualizes Lefebvre's ideas on urban planning and architecture it is in no way limited to Lefebvrian discourse but allows insights to new theoretical work including that of Finnish and Swedish authors In doing so it suggests and develops exciting new approaches and tools leading to experiential urbanism

An Army of Stories Roger Mason,2015-06-23 Private First Class R was an excellent soldier so it was unlike him to be late When he came in a few minutes later I could see by the grim look on his face that something was terribly wrong He immediately began to cry and tell me that his wife had miscarried the child they had so badly wanted I had never seen anyone cry as much as he did that morning and one box of tissues simply was not enough After a while the front of his uniform was soaked from his many tears and I felt horrible seeing him suffer It was one of those times when I would have moved Heaven and Earth if I could have but I could not It humbled me because I wanted to order someone to do something to fix the problem but this time it would not be that simple I had always taken pride in looking out for the welfare of the soldiers in my charge but this time was different I knew I was not a miracle worker but I felt I had let him down because as much as I wanted to I did not have the power to bring back his baby It was the worst day of my Army career because a good soldier who looked up to me for wisdom and guidance was in peril and there was nothing I could do I felt like a weakened Superman hopelessly dragging his feet through a field of Kryptonite because there I was with all my rank and power that the Army had entrusted in me but I was useless to him **DK Eyewitness Travel Guide New York City** DK,2015-10-06 DK Eyewitness Travel Guide New York City is your in depth guide to the very best of the Big Apple From unearthing archaeological treasures at The Metropolitan Museum of Art to biking through Central Park to strolling the streets of the artsy Soho and East and West Village neighborhoods experience all that New York City has to offer Plus check out the best of the boroughs with suggested highlights for Brooklyn Queens Staten Island The Bronx and upper Manhattan Discover DK Eyewitness Travel Guide New York City Detailed itineraries and don t miss destination highlights at a glance Illustrated cutaway 3 D drawings of important sights Floor plans and guided visitor information for major museums Guided walking tours local drink and dining specialties to try things to do and places to eat drink and shop by area Area maps marked with sights and restaurants Detailed city maps include street finder index for easy navigation Insights into history and culture to help you understand the stories behind the sights Suggested day trips and itineraries to explore beyond the city Hotel and restaurant listings highlight DK Choice special recommendations With hundreds of full color photographs hand drawn illustrations and custom maps that illuminate every page DK Eyewitness Travel Guide New York City truly shows you this city as no one else can DK Eyewitness Travel Guide: New York City AnneLise Sorensen,Eleanor Berman,2012-02-01 At first glance New York City might seem overwhelming but the Eyewitness Travel to New York will make the city feel

The Roman Mourner Valerie M. Hope, 2025-06-12 To date mourning has not featured prominently in studies of ancient Roman society and this book redresses this by presenting a comprehensive analysis of who mourners were and what mourners did as well as investigating the social cultural and ritual significance of mourning It brings together varied evidence ranging from literature and art to epigraphy which helps to illustrate the rituals of mourning Valerie M Hope addresses fundamental questions about how mourning was expressed displayed performed and experienced via the body and in turn what mourning can reveal about Roman society In previous literature on the topic roles played by mourners in funeral rituals and commemorative acts may be acknowledged but there has been little engagement with the varied emotional and physical behaviours of mourners When mourning has been considered the emphasis has predominantly fallen on gender and specific literary genres There have hitherto been few attempts to unite the diverse evidence for Roman mourning to consider different literary genres simultaneously or to evaluate how mourning was presented through material culture The evaluation of social expectations legal regulations and idealised roles across a diverse evidence base and time frame make this volume the first full and systematic study of mourning in the Roman world
